Gretchen Johnson

To.
Gretchen
I haven't known
you very long
But it's been fun.
Hope you have a nice summer!
don't get too stoned and think
about me when you are getting
stoned and take a toke for me.
Keep in touch (272-6728) your friend
Ferris Evans

Gretchen,
Well "Puck", it's been
one heck of a year. You've
been truely a great friend.
Thanks for the rides everywhere,
and all. I hope everything
goes great with you and
your boyfriend. Don't get into too
much trouble over the Summer.
Remember the "Big G!!" Call me
Sometime we'll go out and
party to. We like we
used to. We should call
everybody from the
old gang.
Well later,
Lissy
P.S. Gretchen

I'm at a loss of words.
but wait... I'm glad you were
able to help w/ drill team and
all and I'm glad that I was
able to hang around the sweetest-
georgiousest, most fuckable, sexiest,
knak-out bombshell - queen of heart
breakers 1st Sergeants. I'll see what
I can do to raise your rank. RHTS!!!
Love,
Sophia
[Templin]

Gretchen,

I can't believe we are seniors - feels great eh? We've been through 1st - 11th together & I really wish I won't moving so we could graduate together! Stay sweet!

lots of love

Kris

Gretchen,

It's over and your a senior. Well you made through the toughest test of them all, by that I mean you stood my strangeness. Call me some time (288-0751) Boyd Barker

P.S. Party my house next Sat.

Gretchen, it was a good year in speech and Debate, we had a wild class. I enjoyed the year especially against you and Robyn. I hope you have a nice summer and will probably see you over the summer partying somewhere. ## see you next year when we are seniors!

Gerry Abousekneckt

Gretchen,

Even though we didn't become friends until the later part of the school year. I really enjoyed being in the same class with you. I hope that we will be in the same class with you next year & we can become better friends. See you next ~~one~~ year when we will be sr. & we will rule the Big "G"

Gee Polk

Gretchen J.

It has been fun knowing you this year. I hope you get my friend fix over the summer. So when you come back I will not know you.

Angelo

Crump

Gretchen

Well the year is over. Next year is almost hear. It was fun knowing you this year & next year will probaly be ~~even~~ "funer". So for now have a great summer & see you next year.

Mark Robinson

Gretchen,

Ya! Cheer, it has been nice knowing you. Stay out of trouble. Don't get into your pen 3 long years. Have a good summer. Love you,

Maddie (Maxton)

P.S. Good luck in "Math"

P.S.S. Please write me. Let me know what you are doing. Also what you are doing after school.

Willie Maxwell

Gretchen,

Thanks for being a friend. I'm glad we became friends. Have a great summer. Maybe we will see each other in Oct. at a football game.

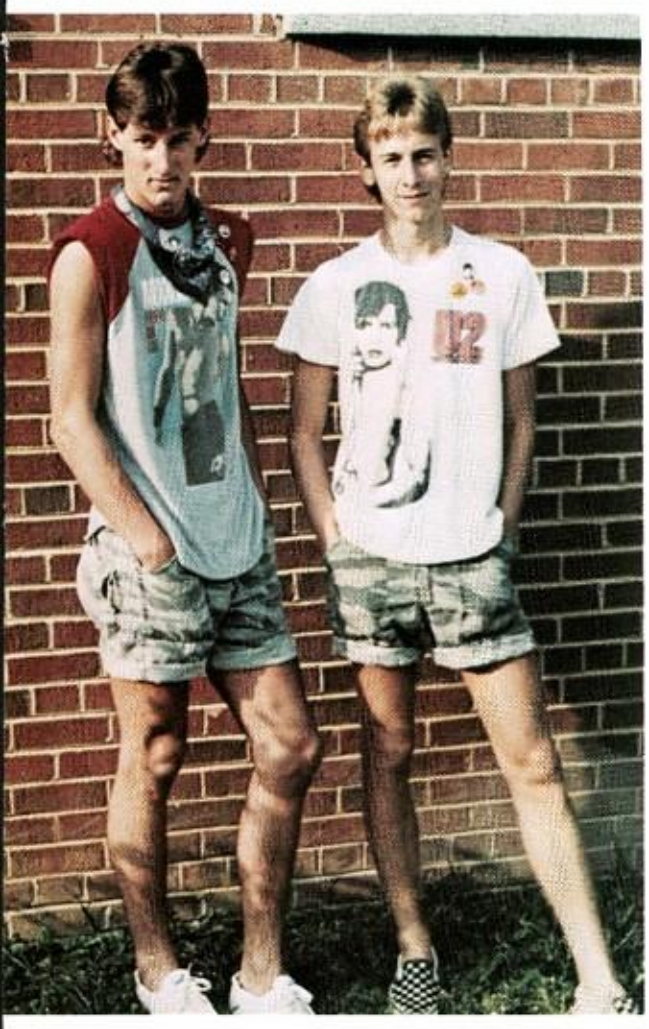
Hi. There! GHS mascot, the Whirliebird, leads the spirited students at the first pep rally.

A BIRD'S-EYE VIEW OF GRIMSLEY



New Wave Strikes — Charlie Roberson and Ken Jones model a popular attire of the Grimsley students.

Years hence, the graduates of 1984, 1985 and 1986 will look back at issues of **Time** and **Life** and will remember the mid-1980's, as these magazines depicted them. However, those articles will mean little if anything to the private life of the Whirlie. History at Grimsley Senior High was captured in one issue of **The Whirligig** — this your 1983-84 annual. In it each Whirlie finds a little of himself — he is able to see the happenings at the G in a bird's-eye view. And we will look back, and memories upon memories will crowd our minds — and those remembrances will carry us back to the days of . . .

Those days were marked by seniors who "rocked the house." After two years as underclassmen, the class of '84 strode to the forefront of Grimsley, chanting "Seniors rock the house," and indeed they did. This phrase was symbolic of their unity as a class, their spirit as a part of Grimsley, and their leadership as seniors. Never in the past had any class created such a feeling of pride as the class of 1984. They served as a common goal for each underclassman and a common spirit to each senior.

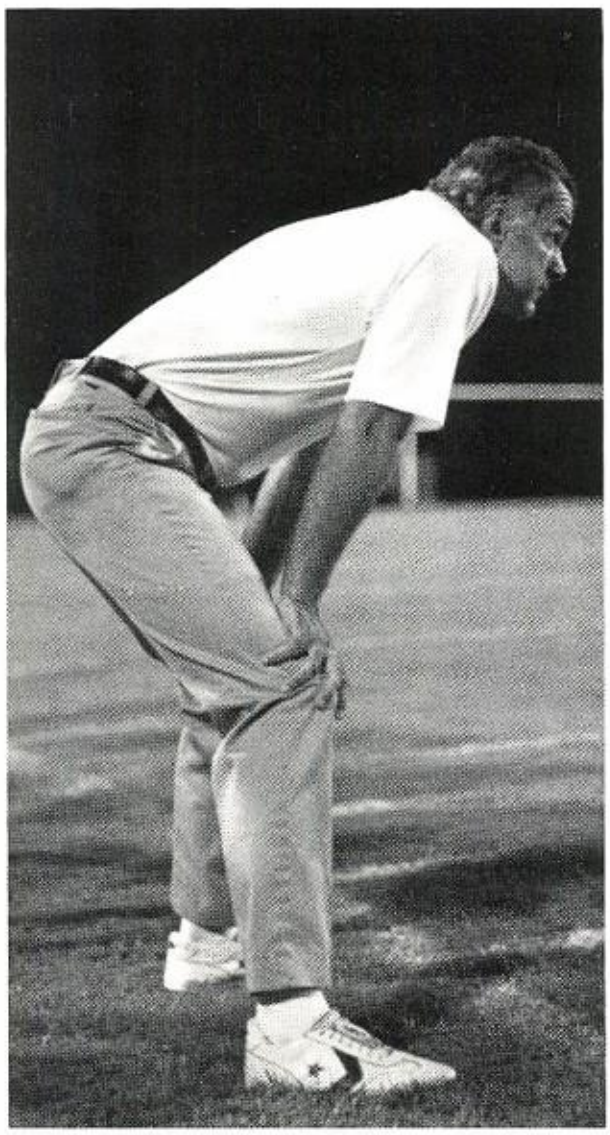
It was the year of another Page-Grimsley defeat, yet it was a victory in unity and spirit. Led by senior pep leader, Jay Floyd, we, as a family, were lining the football field cheering our team, even as they were losing 27-0. They were "our boys," as the proverbial cliche goes, and we were proud of them.

Those were the days when at some time or another the main stairwells were closed for painting. A superficial nuisance and inconvenience, it did give us an acceptable excuse for being late to 6th period. And then there were the dismal days of Korean Flight 007 and the death of more than 200 marines in Beirut — world-wide tragedies, they affected the Whirlies, and our flags were flown at half-mast as a tribute to the dead.

Huh? Senior Leah Holt, surprised by the camera, helps out in preparing for an assembly.

WHIRLIEBIRD'S VIEW

Wanna toot our tooters? Marsha Myatt and Missy Clegg clown around as they march during band practice.



Please Guys!? Coach Knox, caught in deep concentration, watches on as the offense prepares a special play.

Can I help you? Working at the Terrace Theater is only one of many extracurricular activities Charley Cassell has.

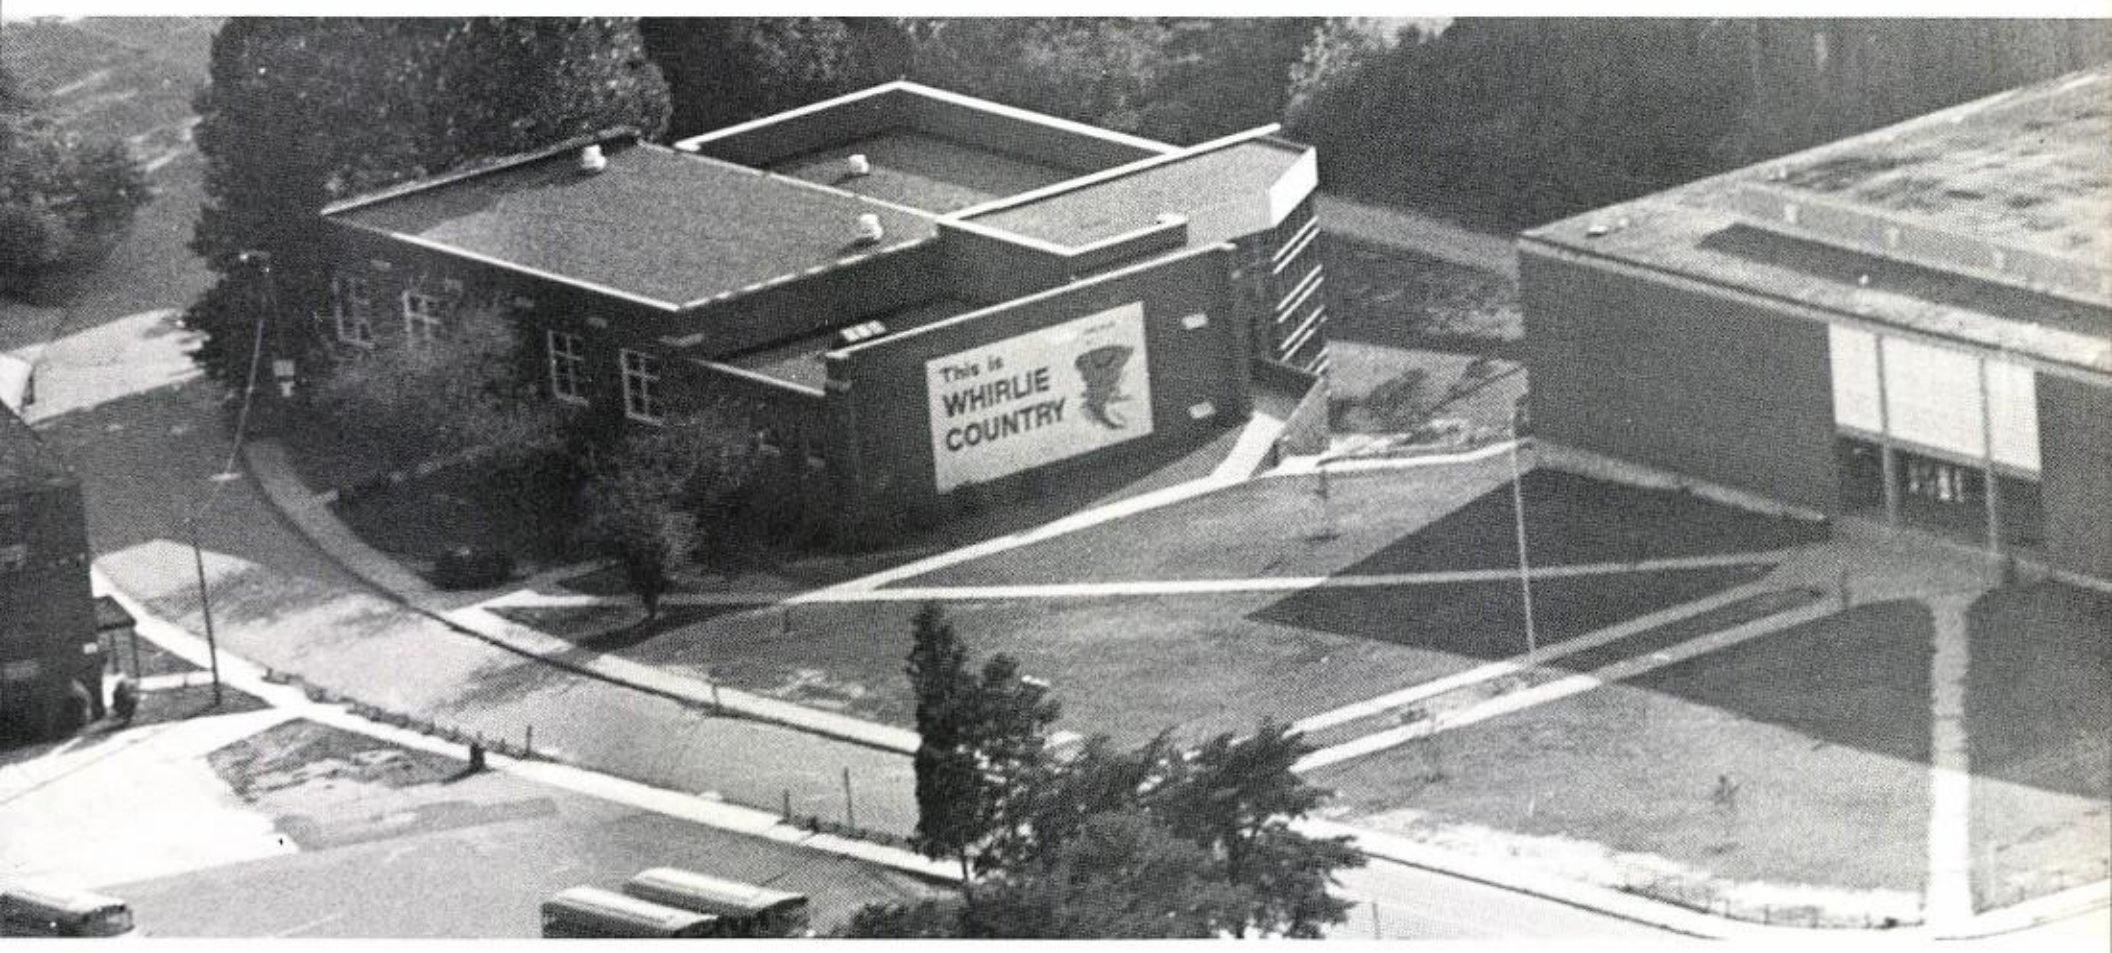
theme cont.

It was yet another year of the Grove and Jamieson Stadium and 1st floor Main Building. These were always an integral part of Grimsley. Perhaps those were the places that represented the student best: The grove as a meeting place for friends, the stadium as a social circle, and the Senior hall as a common goal for underclassmen.

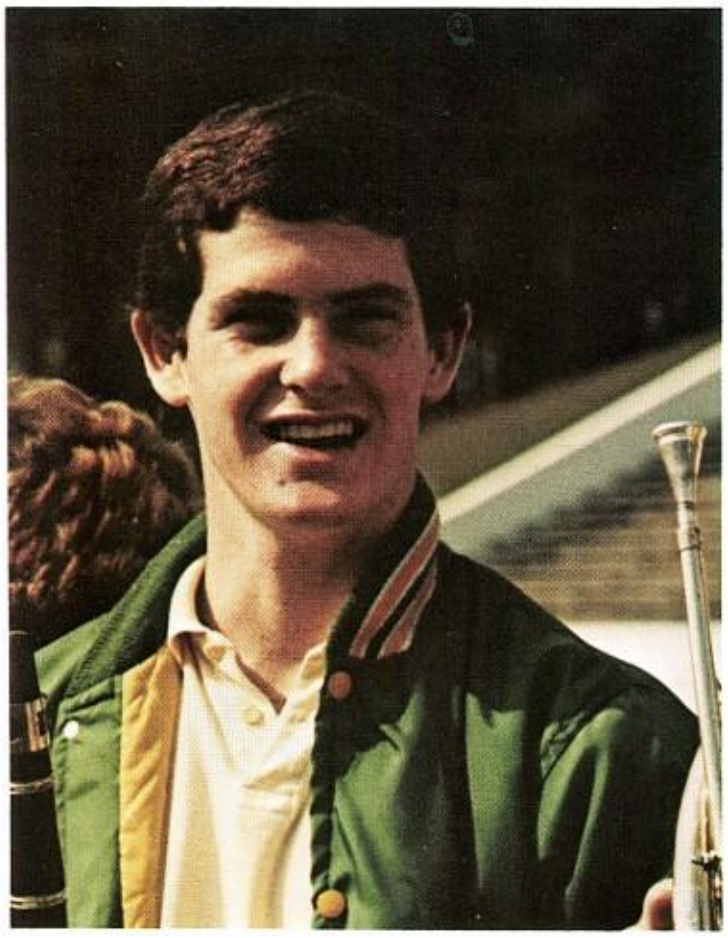
There were the spirit days which served to unite us as a student body — for our school and our athletes; and for the most part, we were successful. Running streams of blue and white paint from the parking lot signified the melting of Page-Grimsley cars; and yet, we tripped across campus, our trash bags shedding rivulets of water, and we celebrated being Whirlies on Punk Rock Day.

And so we present our theme of A Bird's Eye View — at times it is as prevalent as the holes in our sidewalks, or perhaps as elusive as a wisp of cigarette smoke. May this serve as the history of the 1983-84 Whirlie year.

Go Whirlies! Helen Watkins, one of many enthusiastic students at the football game, shows off her Whirlie Spirit.



Flying High — From the Whirliebird's view, one can see that this is really "Whirlie Country."



What a wonderful day! Brad Willett enjoys the sunshine as he marches to the beat of a different drum.

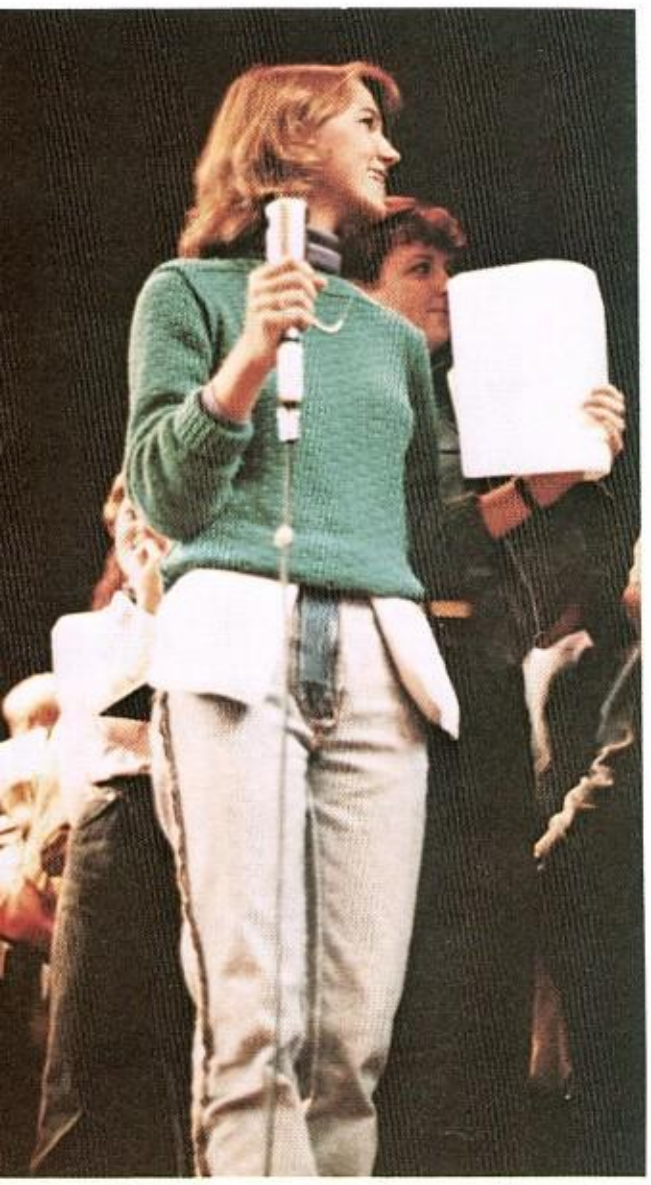
Gimme' a break! Cross country runner John Leone, takes a breather at a tough meet.

GROWL! During a break at football practice, Jay Knox tries to give a mean look to the camera, but fails in the attempt.

Rock the House! The unrelentless contribution of the Whirlie band greatly supports the football team at every home game.

Whirlies on the road — Not only a spirit high at home but also at the away game at Burlington Williams.

Pretty Please? Dr. Baur tries to "sweet talk" Mr. Whites into taking her to Homecoming.



Who's next? Nancy Cashion leads activities at the Homecoming pep rally.

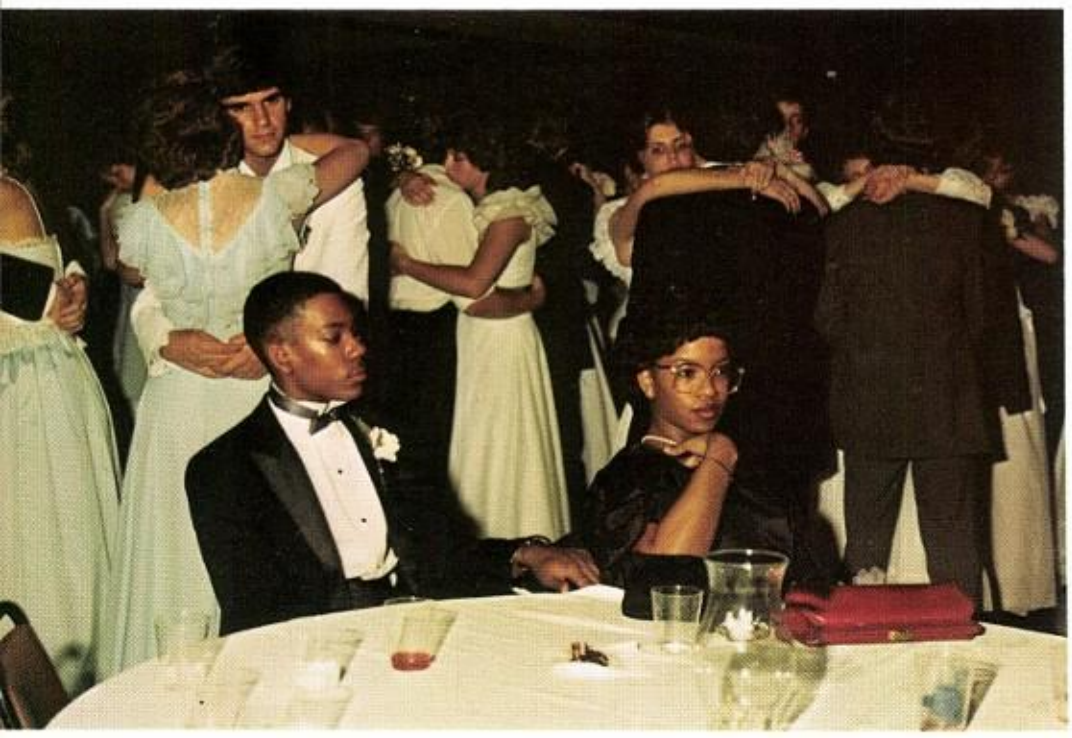
A BIRD'S EYE VIEW OF STUDENT LIFE

A students life initially starts as he enters first grade; however, it does not expand to envelop Grimsley until entering as a sophomore and eventually exiting as a senior. Spaning those three years are some of the most cherished times of a students life. Of course, it includes study; in fact, contrary to what some seniors may tell you, study is a major part of senior high years. But what would high school be without football games and Homecoming weekends and late lunch at McDonalds, and skipping 1st period for KK doughnuts (note: everyone does this at some point — senior high would be devoid of meaning without doughnuts in the a.m.) Pep Rallies and "Right On! Right On", varsity boys anything, the Grove, Blue and White forever, the alma-mater (how many times have we pledged our "faith and love and loyalty" to the Great old Greensboro Grimsley High), more importantly how many times do you have left graduating seniors? There were times outside of school when we went to concerts, attended parties, slaved at work, fitted in dating, dinner with friends, after the winning football game, at Pizza Inn, and generally just hung around. This and more is the intent of Student Life to define beyond thought or implication the happenings at the G.

Studious Sophomores. Instead of eating in the cafeteria, two Whirlie gals enjoy the sunshine while they prepare for class.

Wide-eyed and smiling — Chaperones Mrs. Wright, Mr. and Mrs. Kasiah, and Mrs. McDowell enjoy a night of play at the prom.

Rock it! Covacus rocks it at the '83 prom.



Dancing the night away. Dancing couples provide a romantic background for a resting pair at the 1983 prom.

With a grin from ear to ear — Mike Moses thinks — Who wouldn't be smiling with girls like Kathy Moran and Jenny Macon around?

They had the night — It was a night of romance for all couples at the 1983 prom — as evident in the face of Stephanie Williams.

WE'VE GOT TONIGHT

Aside from graduation and being a senior the most elaborately planned, most eagerly awaited event of one's senior high years is the junior-senior prom.

It is the one time when people could really take it to the limit in dress, curfews, and partying. In preparation at least, the prom was a more elaborately planned affair for the girls than the guys. After receiving the invitation, thoughts turned to the single most important detail of what dress to wear. Every girl at Grimsley was surely searching for a glorious Cinderella dress that would make her dreams come true. The young men chose their tuxedos, selected corsages, and saved money for their dinners.

All dressed up and somewhere to go, couples joined each other at Bryan Park for a night of romance and of fun. Each couple shared a special dance to the tunes of Cabacus, the band, at the 1983 prom.

They had the night and after dancing 'til dawn, couples kept it alive by going to early morning breakfasts.

Afterwards all that was left were memories of candlelit dinners and of one's head against a muscular shoulder or perhaps the feel of one's hands on a small waist, faded flowers pressed in an age-old memory book, and the evening of ones' senior prom.

Taking it easy — Beth McCracken, Scott Smith, Beth Lucas, and Alan Atwell take a load off their feet after a night of fun.

BIDDING GOODBYE TO THEIR HALLS OF REIGN

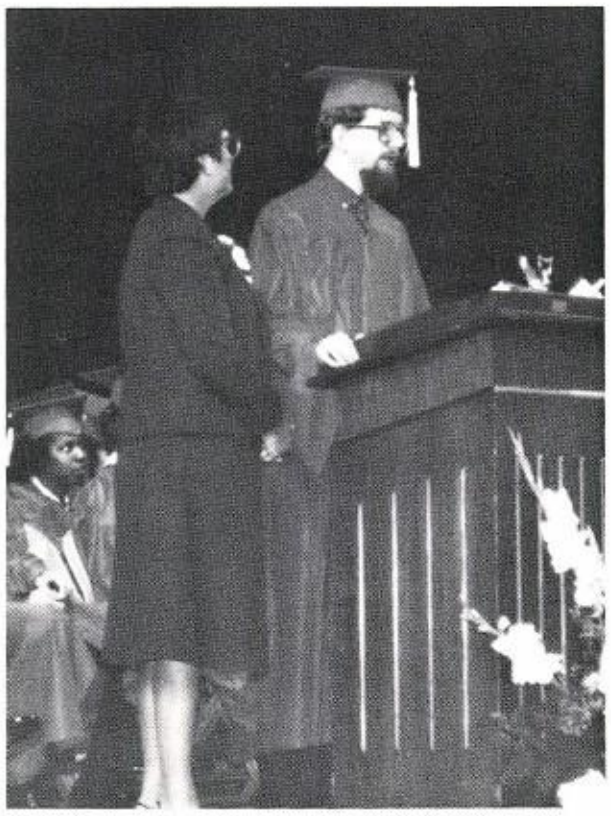
The quest began twelve years before, the intimate planning began months ago, the night had arrived; the quest was realized as the diploma was presented to each graduate of the year 1983.

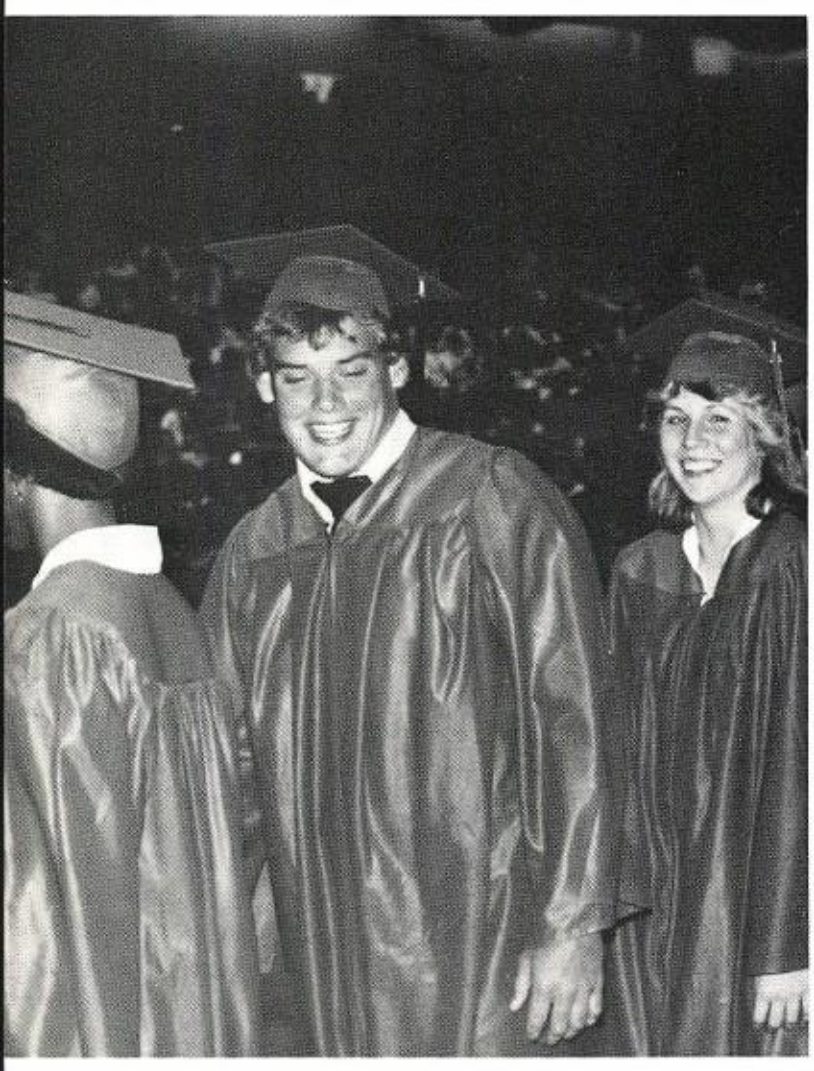
The evening of June 3 was truly a magical night. The coliseum was filled with graduating seniors, underclass supporters, teachers, parents, and the administration.

The night, balmy and promising, marked the end of twelve years of education as children and also denoted the beginning of adulthood, of responsibilities, and of college, or perhaps the entrance into the working world.

And the seniors sat in their caps and gowns with their tassels hanging to the right. They sat for the last time as the class of 1983 — the last time as a family. As each received his diploma, he felt a sense of accomplishment and of undeniable pride. They stood together, with fingers outstretched, and sang finally the alma-mater of Greensboro Senior High. Their tassels hung to the left, and each smiled sadly with tears in their eyes. They were the graduated class of 1983.

Vay to go Vhirlies! Carl Henry Geschwind's favorite expression exclaimed a final time as he addresses the graduating class.

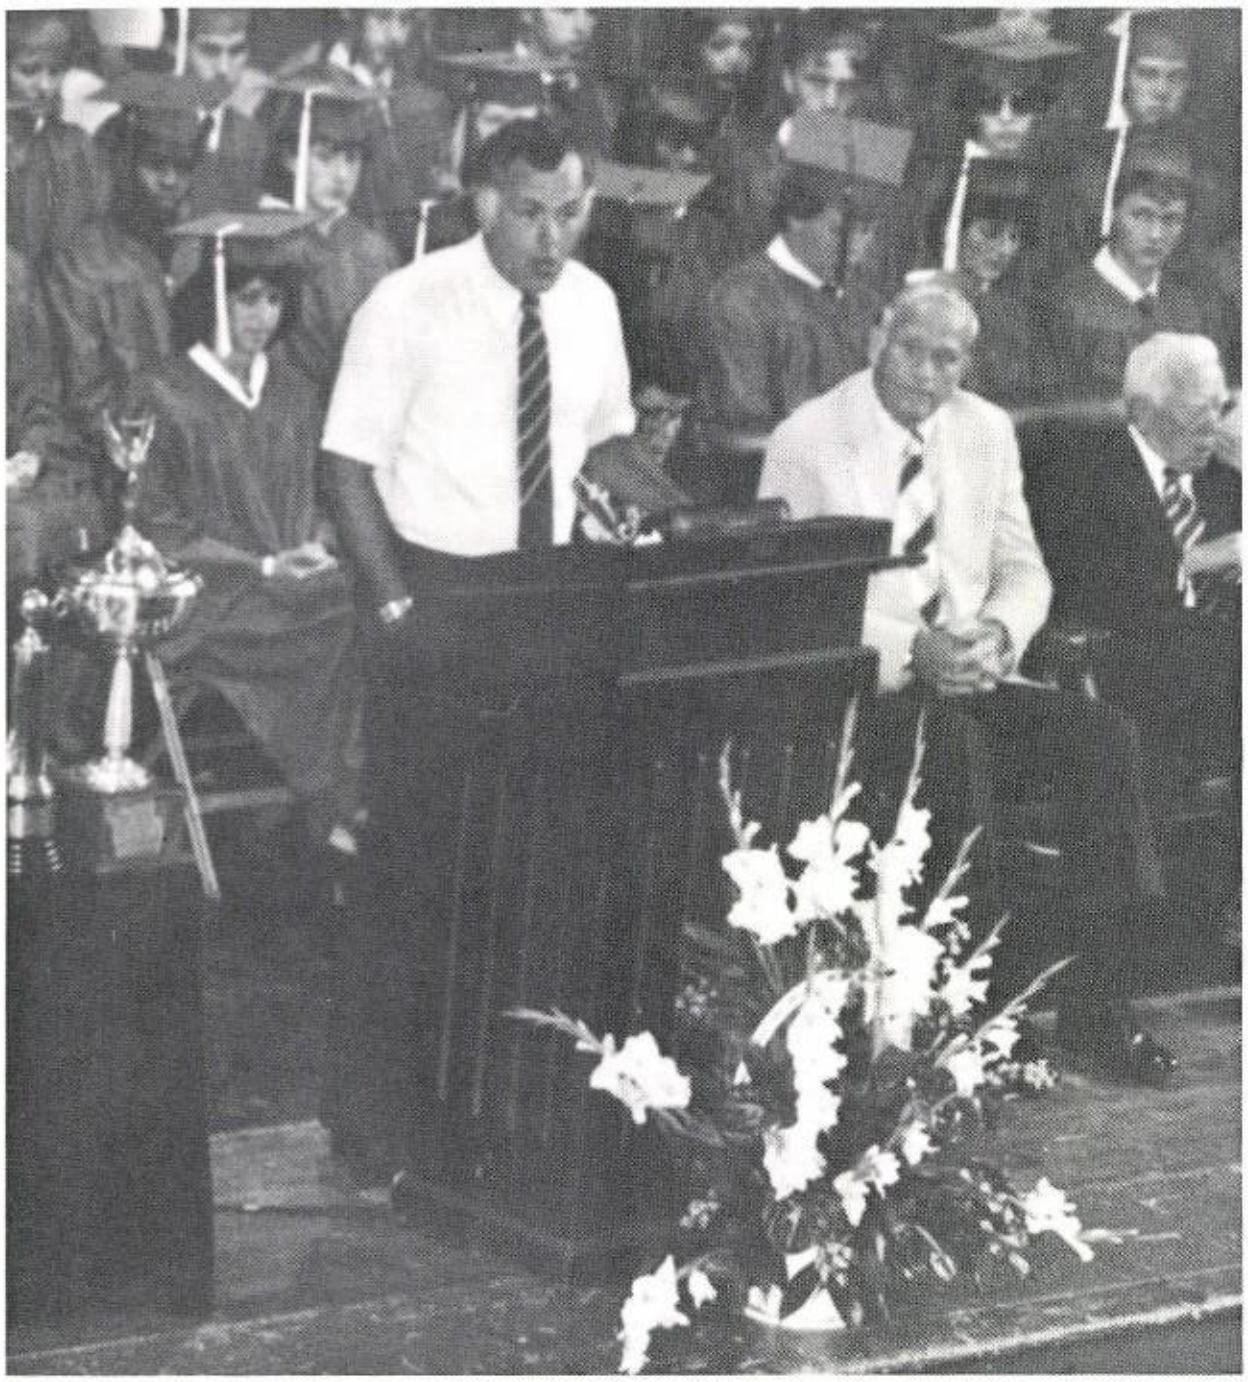




We Made It! — These senior faces reflect that graduation is a truly joyous occasion.

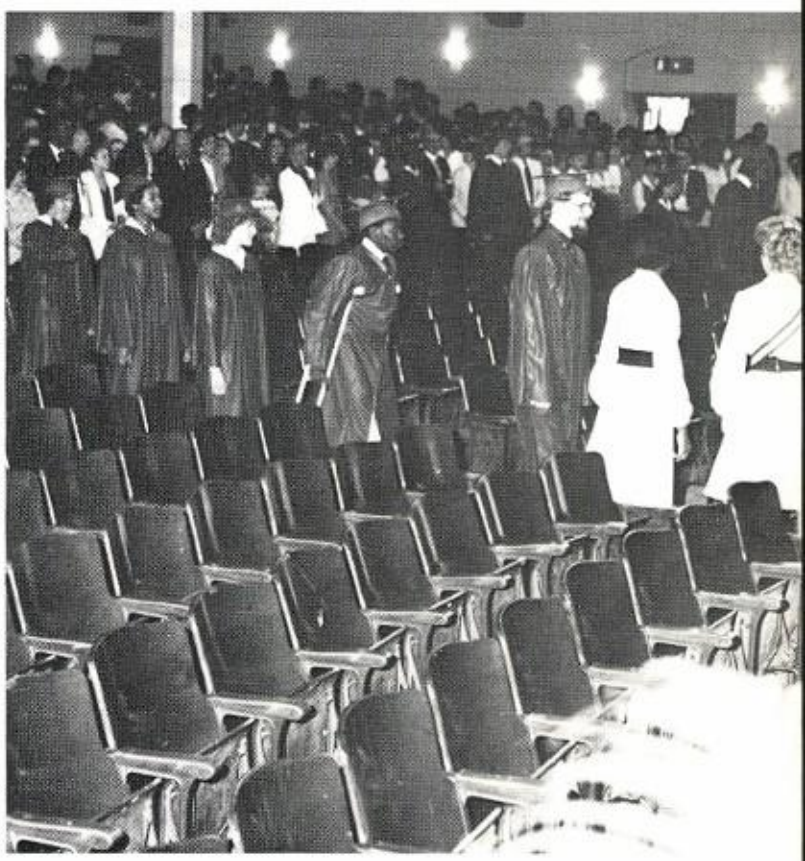
"We'll pledge our faith . . ." The Alma-Mater will never be forgotten as seniors sing it for the last time.

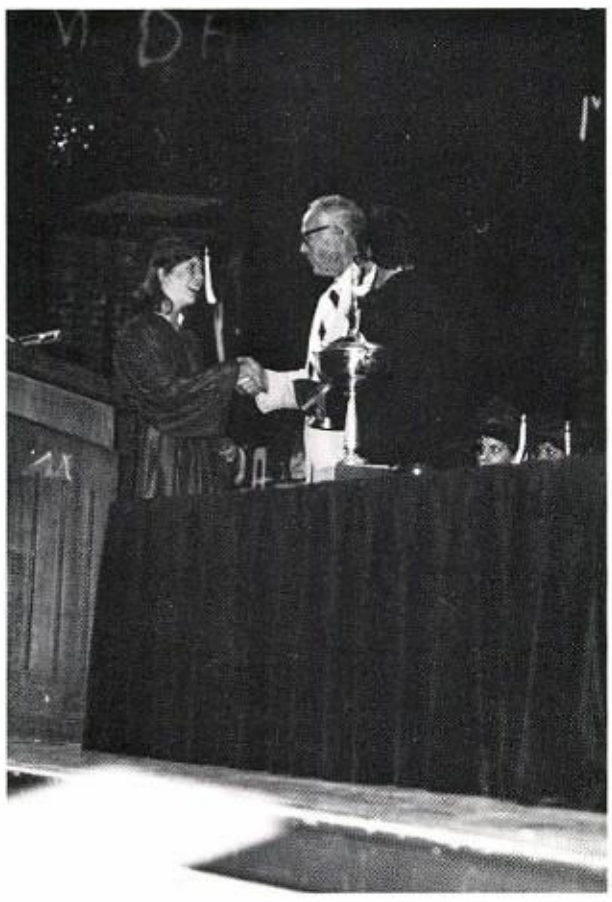
Brain Power Succeeds — The Hi IQ team is presented with the trophy by Coach Whisenant on Senior Day.



The Coach Speaks — not only to the football players but also to the other seniors who have meant so much to the Coach and his team.

Even on Crutches — Excited, yet sad, seniors take their seats in the Grimsley auditorium for the last time.





Top Dog! — Anna Cox is all smiles as she is presented the 1983 Valedictorian award for outstanding scholastic achievement.

Processional Begins — Dr. Baur and administration look proudly out at the graduating seniors on class day.

Having a ball, On a hot summer day Stacy Tirella enjoys a game of basketball.

Environmental Pictures! Reminders of school crowding his mind, senior pictures marked the first senior experience for Jay Dunn.

Summer fun comes to a triumphant close

Big Mac Attack, Keeping the blue and white spirit Kerry Walsh works at McDonalds during the summer.

Summer fun and lots of sun were seen last summer as everyone relaxed knowing school was months, weeks, even days away. No one wanted to go back to school when they could go to parties, to the beach, and to the movies without the hassle of homework and early curfews.

Extended curfews meant another hour or two that was well spent playing video games, seeing the 8:45 showing of Risky Business, Flashdance, Trading Places, or spending time with that special person.

Many people had summer jobs which cut into the time spent at leisure although it did provide the money for the fun. When funds were collected, the beach was the place to be — the warmth of the beach combined with the gorgeous sunning bodies made for a combination that was irresistible.

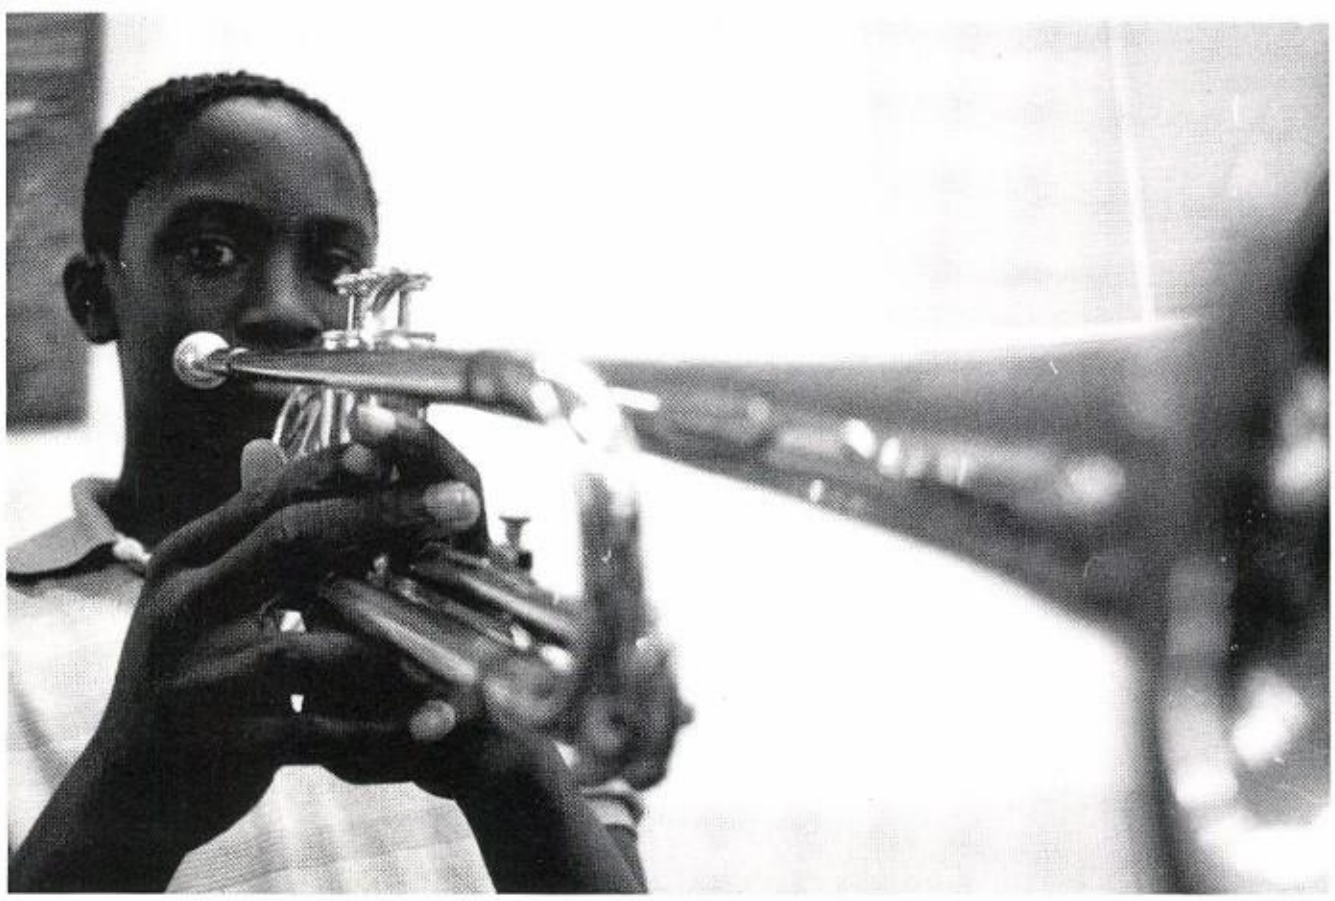
Listening to the strains of Def Leppard's "Pyromania" or Flashdance's "Oh! What a Feeling!" was enough to make everyne forget about school and cooler weather, but finally the lazy summer days drifted away with all of its celebration; and in its place stood the 1983-84 school year.

Getting a sip, Realizing that skill takes practice, David Sawyer and other Whirlie footballers sweated it out this summer.

Sophomore Smiles, Marley Smith and Leslie Vaden take a break from summer swimming to smile for a picture.

We are Grimsley. Cheerleaders call up spirit from the stands.

Leaves to Rake — Golden hues of fall color the Grimsley campus.

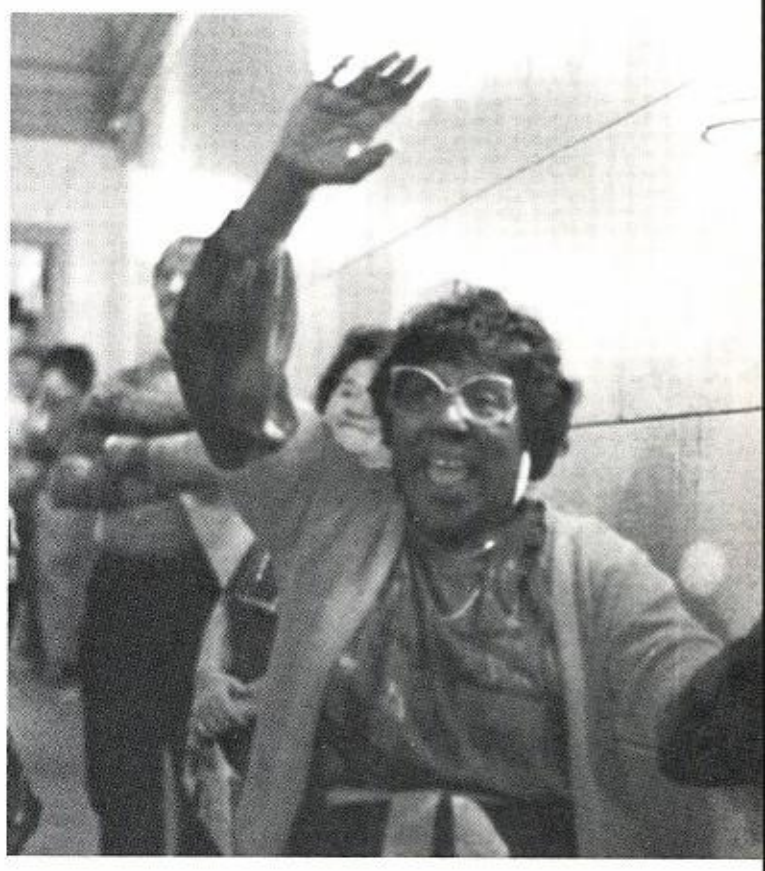


Come Blow your Horn — David Reed prepares to blow the band away with his hot tunes.

Propaganda Machine — The Page-Grimsley car is parked in the grove awaiting the 3:06 bell and the Grimsley 500 down Campus Drive and Benjamin Parkway.

Hide and Seek— Helen Watkins, Jennifer Poole, and Lori Singer are surprised by the camera after the 3:06 bell.

"Hey Baby" "Come jam with me," is what Mrs. Jackie Wright says at the pep rally.



FALL COLORS GRIP GRIMSLEY

Going back to school . . . pep rallies . . . Page-Grimsley Games . . . Homecoming . . . colder days — all these were a part of the fall season at GHS. Each of the students at Grimsley experienced these activities with different reactions and feelings. They were great times — full of fun and spirit, but they sure did not last long! Before we knew it, it was already almost winter. The beginning of school was a long time ago — in fact most people could not even remember it by October.

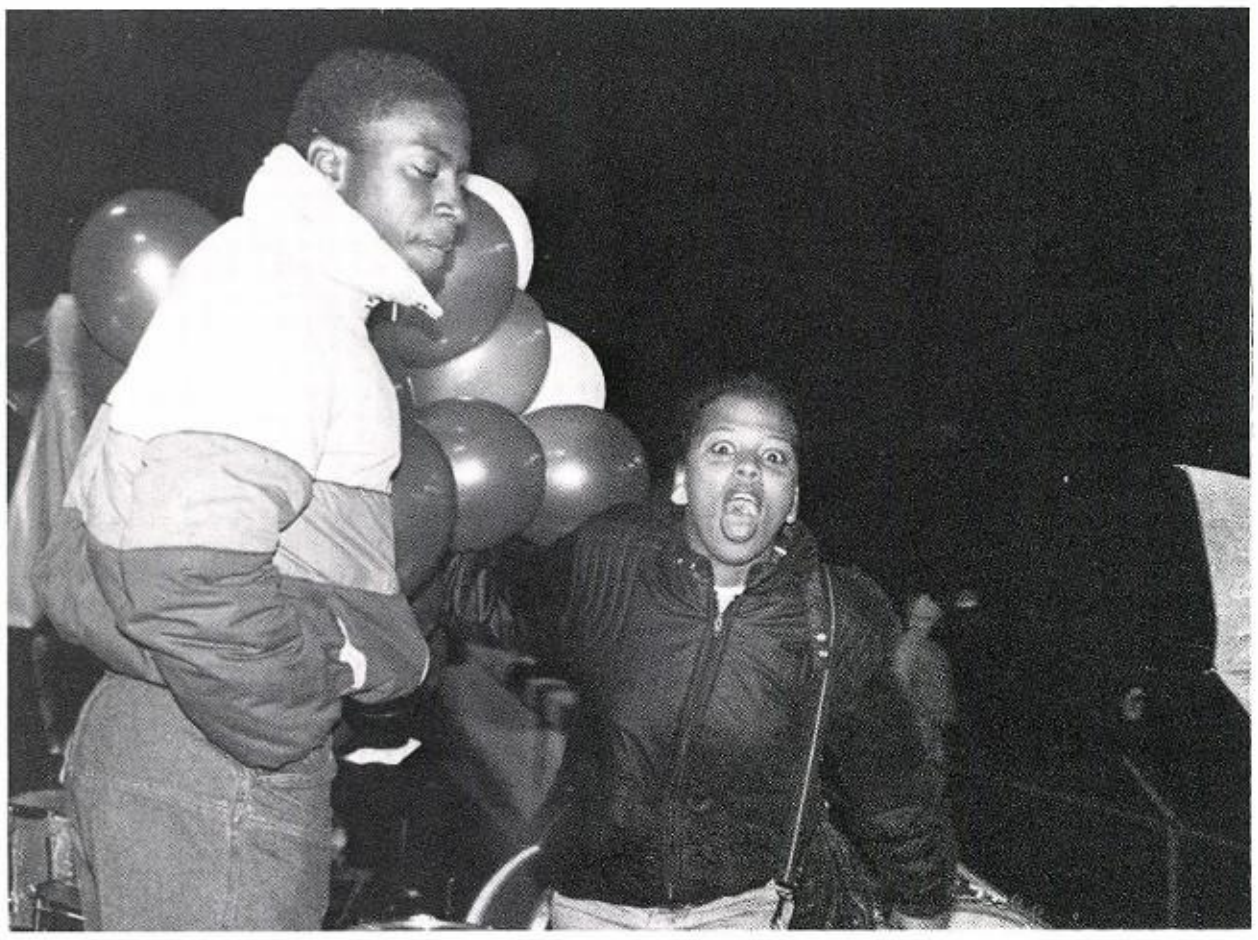
Colored leaves showered the Grimsley campus. These were the days of fall; and the scarlet golden hues reflected in people's ruddy cheeks and breathless expressions. The season was short in retrospect and before long the trees were without adornment and the Whirlies began the age-old prediction of snow. Fall had always been **the season** at the G, but never more so as in the vibrant days of 1983.

4-3-2-1 Lift Off! Beth McCracken, and Suzi Derrick help decorate the gym for the homecoming dance.

We're number one — and don't you forget it. Whirlies cheer on the football team at the Homecoming game.

Slow dancing — and swaying to the music with Gina Russo; Will Howle exhibits a sparkling smile as the court shares a special dance.

How 'bout them Whirlies — Whirlie spiriters spread the news through word of mouth.



HOMECOMING DANCE A GREAT WRAP-UP FOR FALL

Homecoming, the word in itself suggests the return to something comfortable; a natural warmth — the return home. Perhaps Grimsley was not our true home, but it was certainly our home away from home. So, the fall season represents our return to Grimsley Senior High; and the event which represents best this return, is Homecoming week and the dance. A court was chosen which personified the superlative girls of the school; the ones who had served Grimsley best in their last 3 years. A spirit week preceded the Homecoming game and the entire event culminated in a dance. For all, the Homecoming celebration revived the pride and love in the school.

Initially then that explains Homecoming except that the past year was a little diverse in its' planning and in its' happening. First of all rain once again peppered the crowd, the court, and of course the players; but that is to be expected. The dance was held for the first time on a Saturday night instead of immediately following the game. Tamera Majors was crowned Homecoming Queen with Kay Miller and Pam Utter as her maids of honor. The dance was a huge success even though an improvised treasure hunt was staged by Mr. Crowell as he frantically searched for the key to the coat room which was misplaced. Homecoming was certainly a time to be remembered for the tearful rejoicing and the bubbling laughter.

Out of sight! Admiring couples watch and wonder at the court's solo dance.

Up, up and away — climbs Michele Martorano as she helps secure the wispy streamers in place.

Can't you see I'm studying? James Summers looks up from his deep concentration only to be caught by the Whirlie camera.

Stony Stare. From the look on Alice Hardin's face, it seems she's had too much studying for one day.

GRIMSLEY WHIRLIES MAKE THE GRADE

Study — the word conjures up many different images; staying up late to cram for a test, or making a quick review in homeroom. We all study at differing times, in unusual places, and use various methods.

Some students hit the books at 3:30 when they walk in the door. Others need a breather and like to relax before they get down to serious business.

A typical study scene is books all over the floor and papers everywhere. Or there's the organized student who neatly places his materials on a table.

One popular way to study is to listen to the radio while relaxing with a bag of chips. Or there's the ever-popular way of studying on the phone with a friend. Unfortunately, most of the time neither of these seems to work. Phone conversations tend to wander away from tomorrow's English test, and into the subject of girls, guys, and general gossip.

Students all have different methods of learning. Some memorize, some use lists, and many like to be quizzed on the subject.

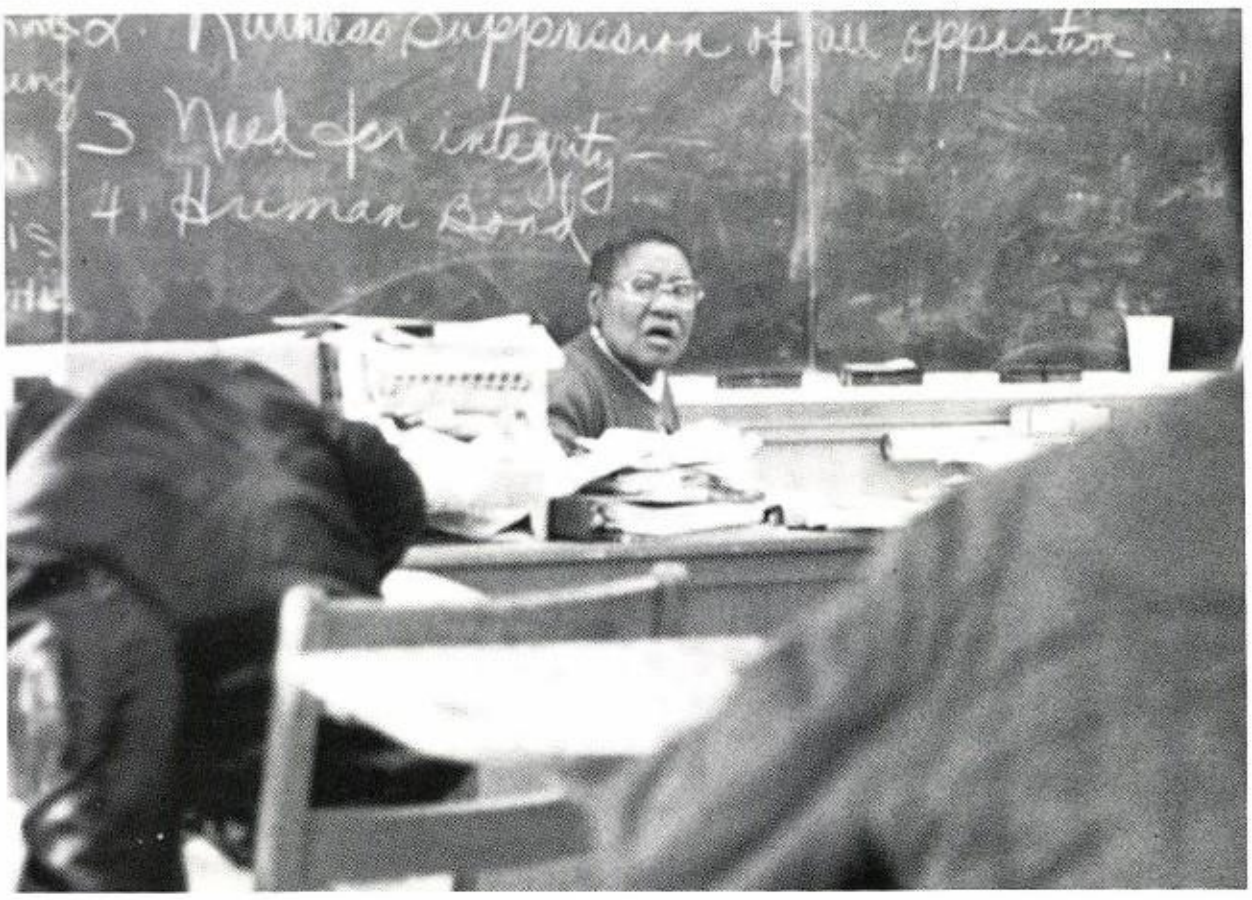
As we prepare for college, study is becoming more and more essential. It may seem as though our long road of studying is nearly complete, but as our future college years will prove, we've only just begun.

The Mighty Mole! Mr. McKinney explains Avragadro and his number in relation to Chemistry.

After School Special, Teachers specialize in helping students after school and plowing through pounds of paperwork.

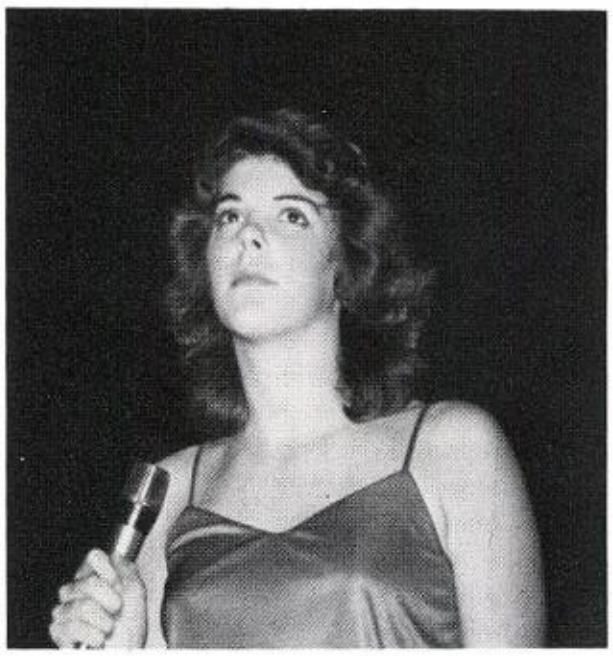
All for a song, Beth McCracken and Wendy Thompson practice for perfection, and accept chorus as another part of their daily study.

Hey you!! Quit taking pictures and pay attention says Mrs. Barnwell.



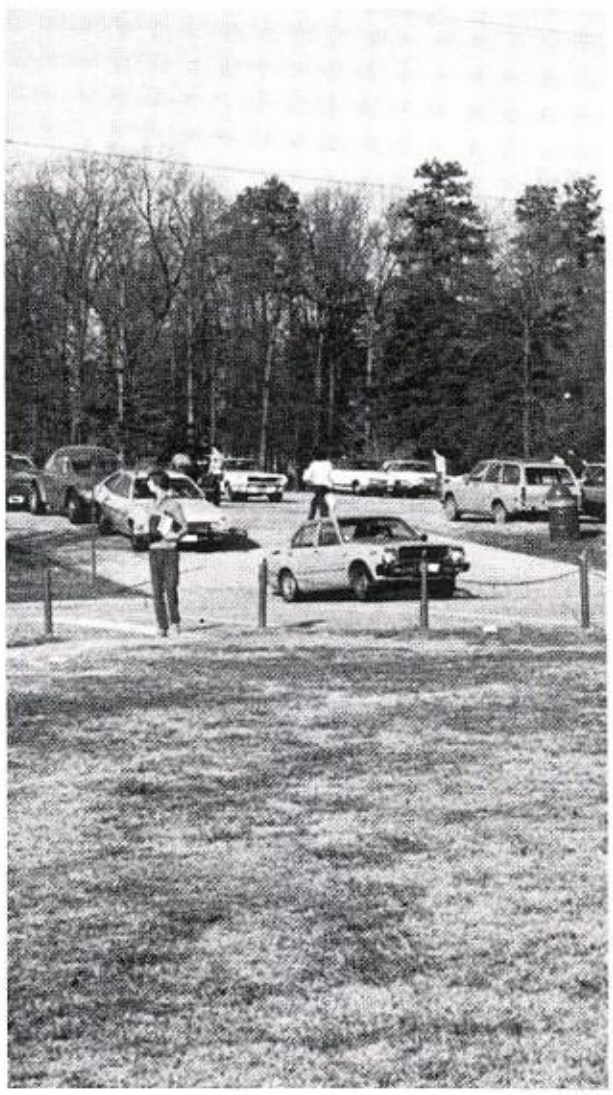
Oh Boy! Mr. Rooker is thrilled about the harmonious notes of the band, and more importantly over the prospects of having his picture taken.

Gaggles of girls. A bunch of girls gabbing is a common sight around the Grimsley campus.



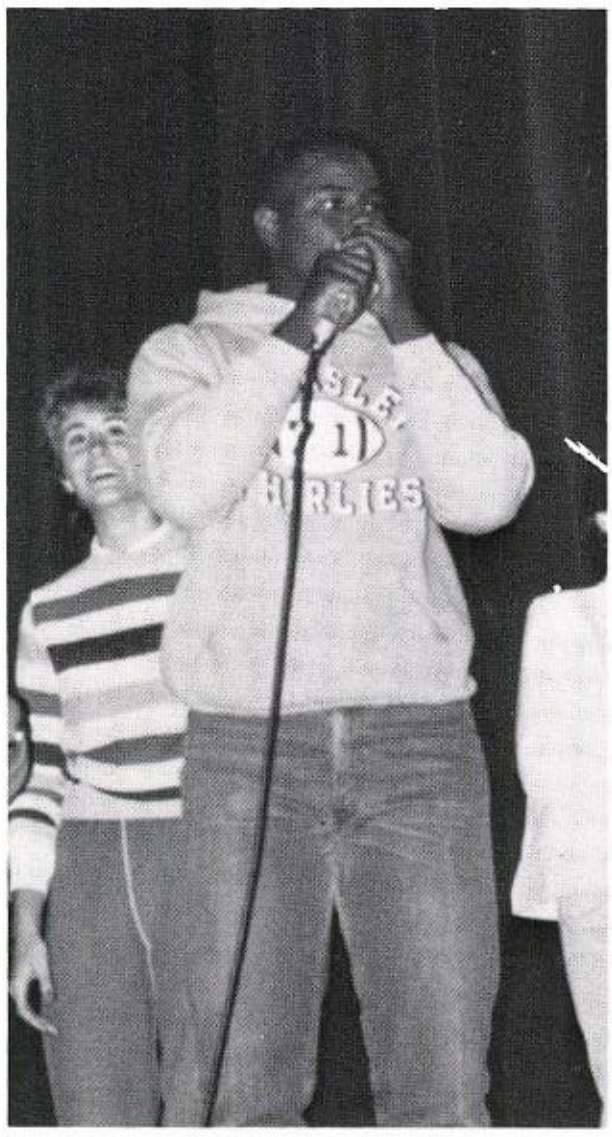
Starry-eyed Sparkle, Pamela Dent sings "Bright Eyes" in the Student-Talent show.

Later! Later! The 3:06 bell rings and the mass exodus towards the Benjamin Parkway 500 begins.



Flood from Weaver, Students return to the G after morning classes at Weaver Education Center.

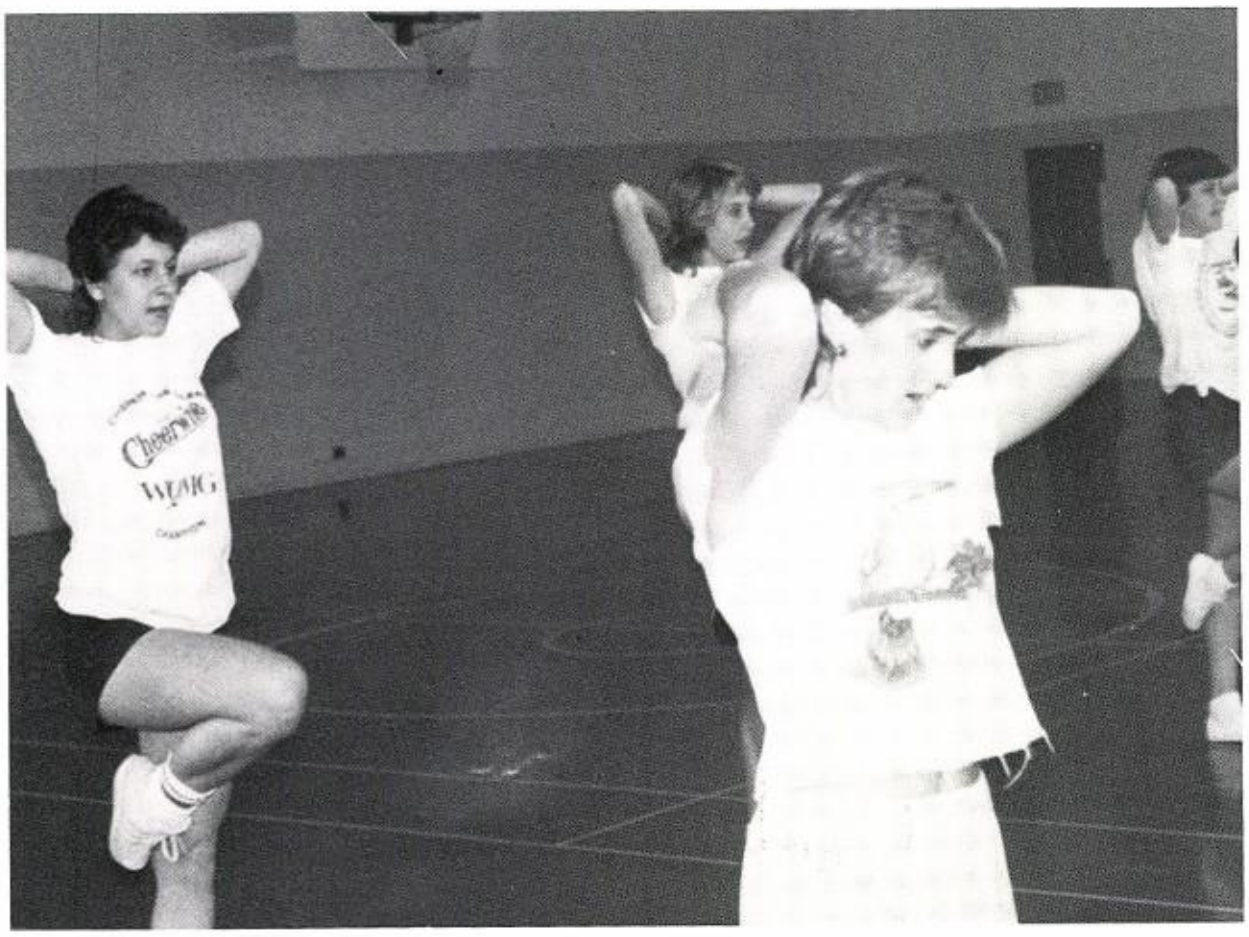
What's the Password? Kill, Kill, Kill is the password at a Grimsley pep rally.



THE RIGORS OF AN AVERAGE DAY AT THE G

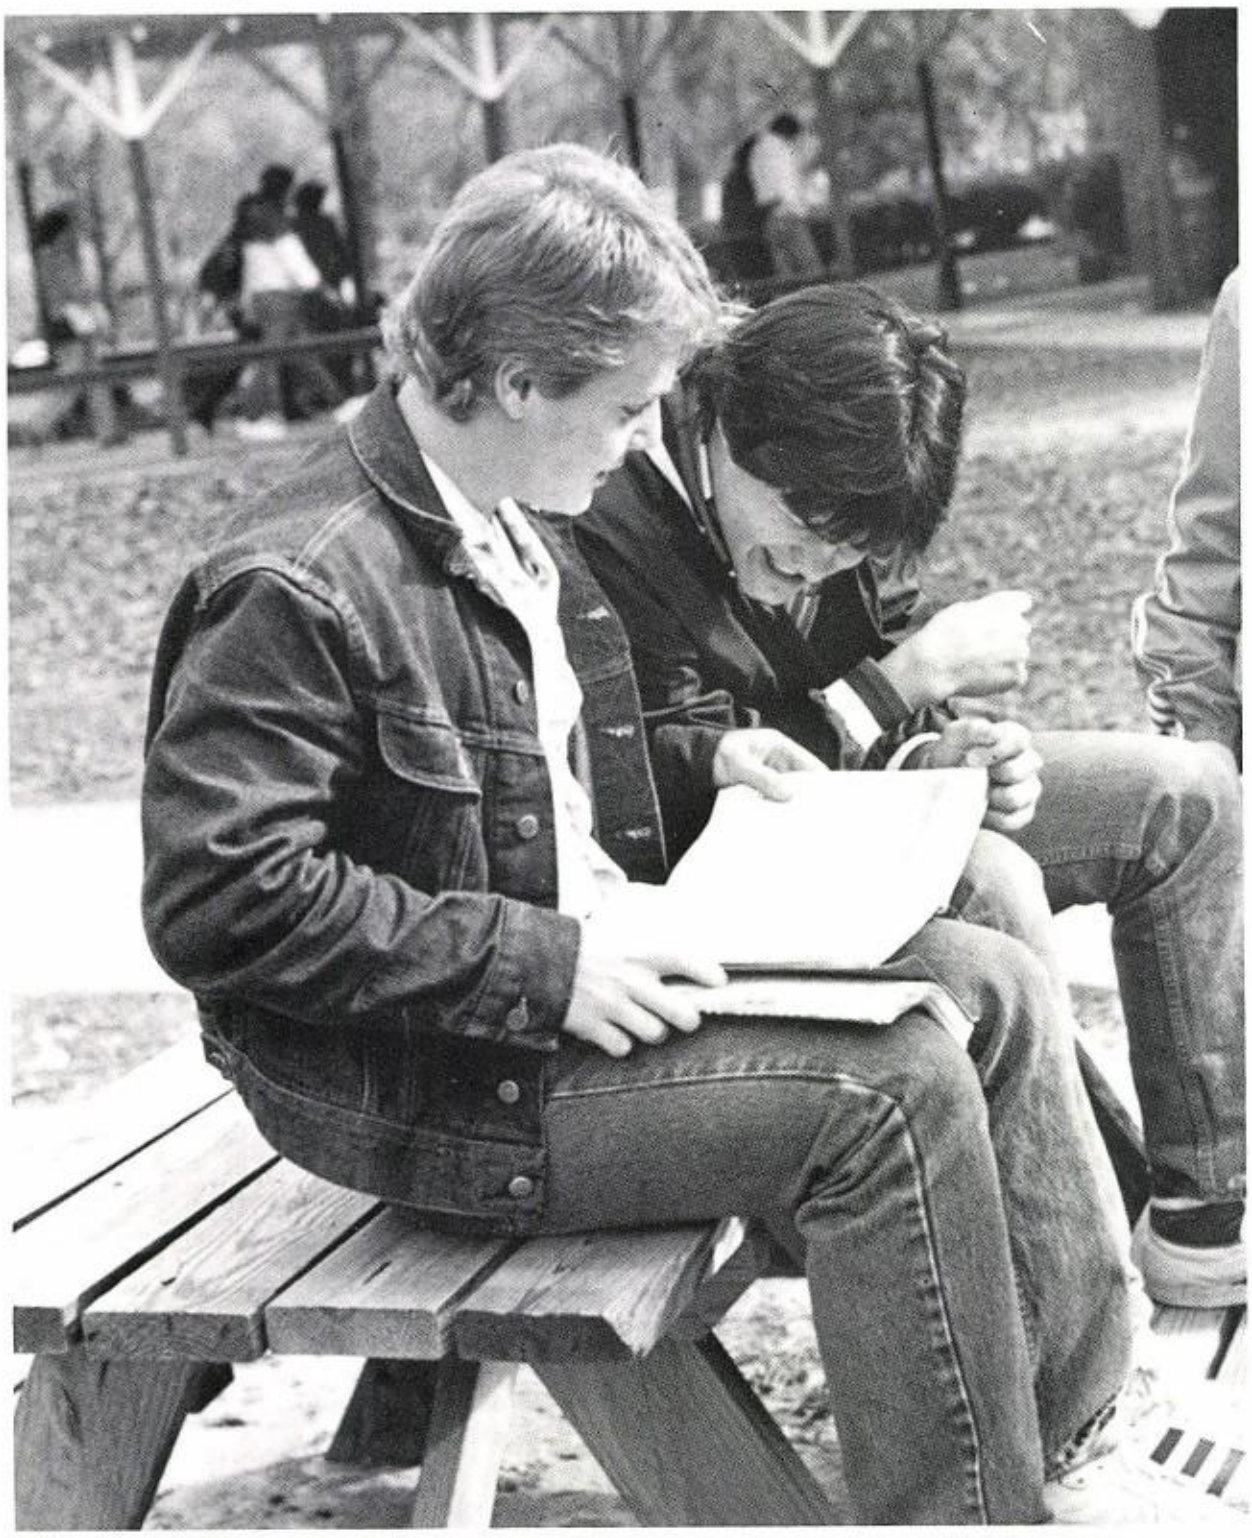
It was Wednesday, November 30, 1983; 8:00 a.m., an average day in the life of an average Whirlie was just beginning. The walk from the student parking lot was uneventful and the meeting of friends in the Grove was as it was each day. People moved towards their locker; there they stopped to talk before adjourning to homeroom. And so the day moved on; each student moved to his assigned classes, broken only by lunch. It was at that time that the pace of the day was altered; the velocity of students' steps increased as they rushed to lunch at Mickey D's or perhaps to Hardee's. The rest of the day tripped along with two or three periods, depending upon the status of lunch periods — early or late.

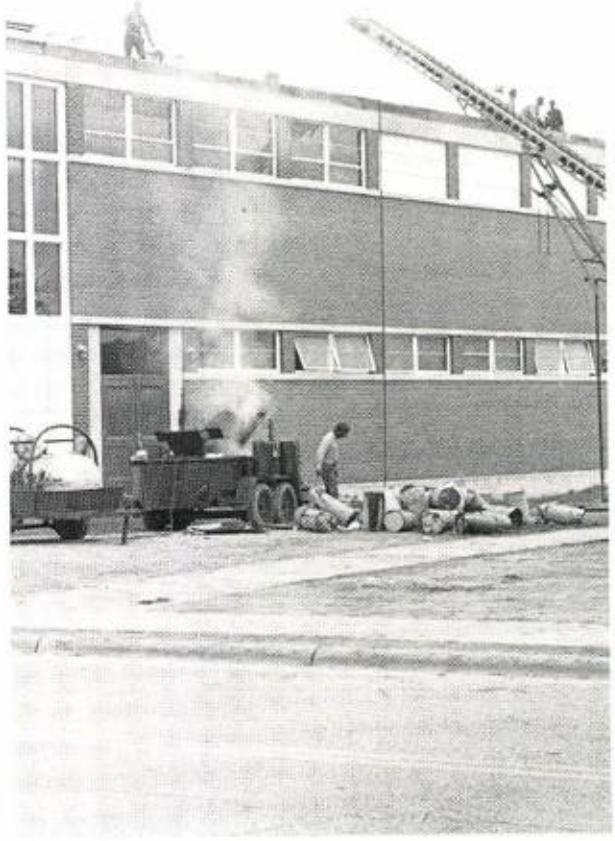
Eventually the time came when the 3:06 bell rang, and everyone went to their cars or buses and went home. Simplicity in itself, one might say. And so the average day of the Whirlie went. But, what of the non-average day? The ones of spirit, of assemblies, of happenings in the parking lot, of police busts, of accidents on the way back from lunch, when your 5-minute pan pizza turned into a 15-minute farce at Pizza Hut? What of those days? Why, they were just some non-average days which took the place of the mundane, and that was what made our 1983-84 school year great!!



It takes rhythm. Cheerleaders show off their fancy steps in the gym as they practice to make their routines perfect.

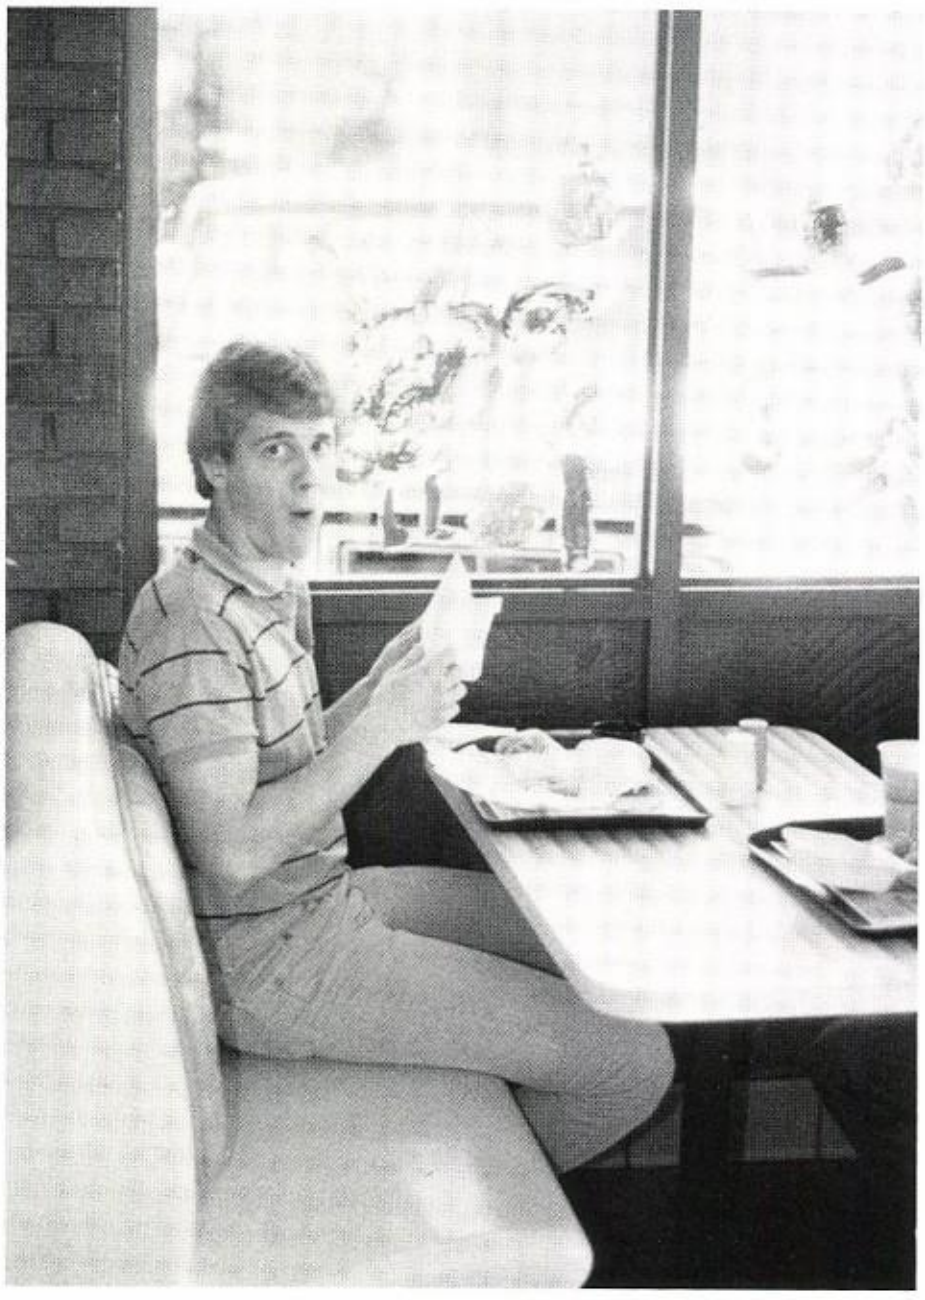
Signature Please. Sophomore sign up for GYC; yet another part of the school year — the sign up for clubs and organizations.



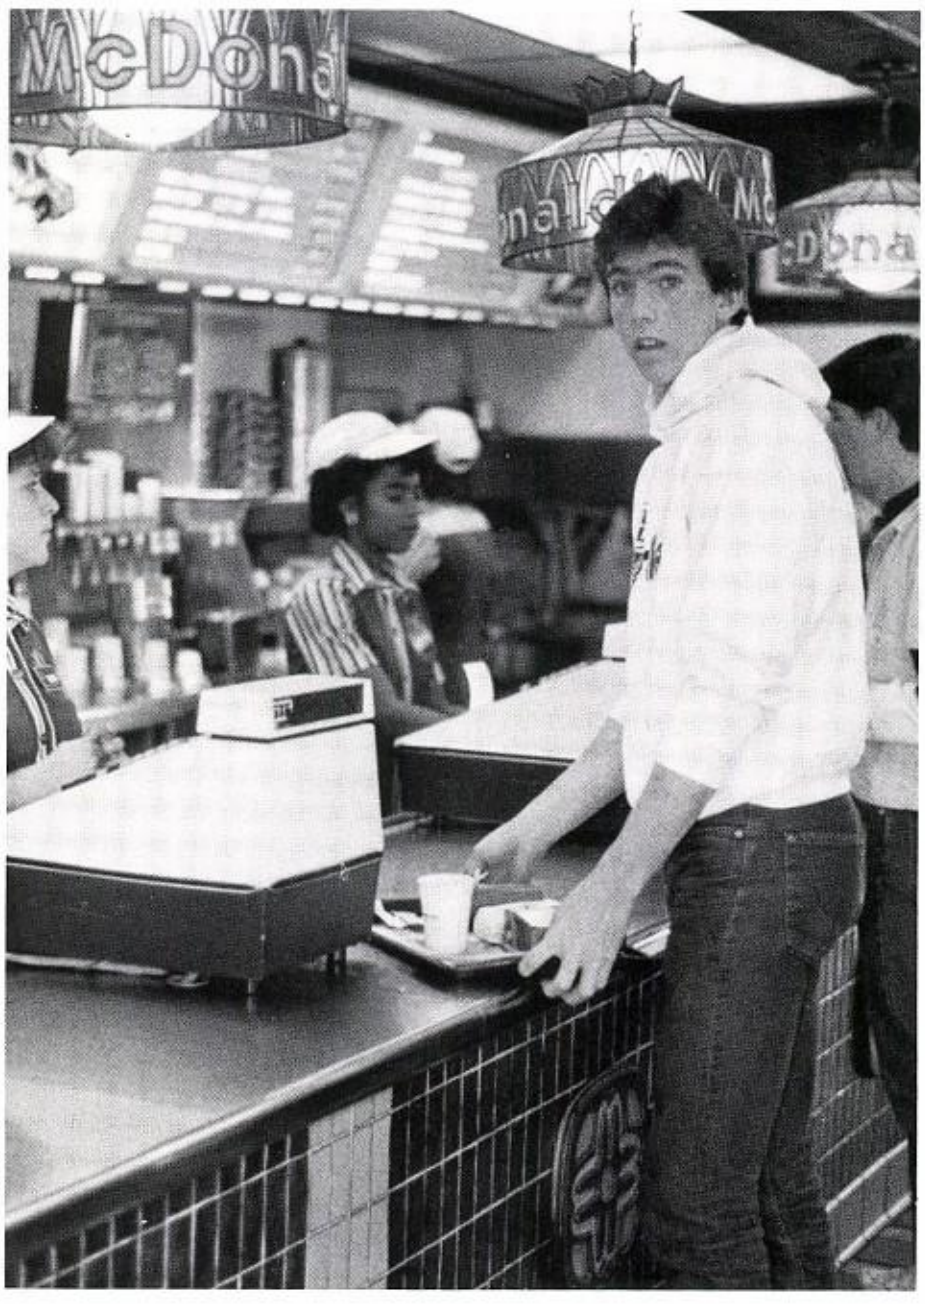


Up on the Roof, men work to recover the old leaking roof of the main gym.

Cracking a book? Yes, even swimmers and soccer players have to study sometime, and what better time than during lunch?



We Gotcha! Surprise, Surprise Whirlie wolfer we got a picture of you, but where did that cheeseburger go?



Race to the Golden Arches — Junior Whirlie, Greg Burzell, is caught wide-eyed and drop-jawed at McDonalds.

Look, look Camera!! Alan Germain flashes a smile for the G's camera while at lunch.

IT'S THE 1983-84 RACE FOR FOOD

Early or late lunch, going out or staying in. Whether you — were a sophomore, junior, or senior it was a race against time.

For most sophomores, the beginning of the year was the time for remaining on campus. They were left with an assortment of peanut butter and jelly sandwiches, peanut butter cookies, and other miscellaneous items found in the cafeteria. As the year progressed, the sophomores began getting their driver's licenses. That meant carloads of sophomores trying to keep up with the juniors and seniors.

Going out to lunch was something that most of the juniors and seniors had already experienced. They had learned or possibly invented most of the tricks for beating traffic. It can definitely be said that getting to and from Hardees, McDonalds, or Bisquitville in 33 minutes or less required a certain amount of . . . shall we say, blindness.

Blindess to caution lights, yield signs, and occasionally even blindness to the speed limit; were some common misinterpretations seen along Westover Terrace. Nevertheless, when the tardy bell rang all of us . . . (make that, many of us) were in class counting down to 3:06.

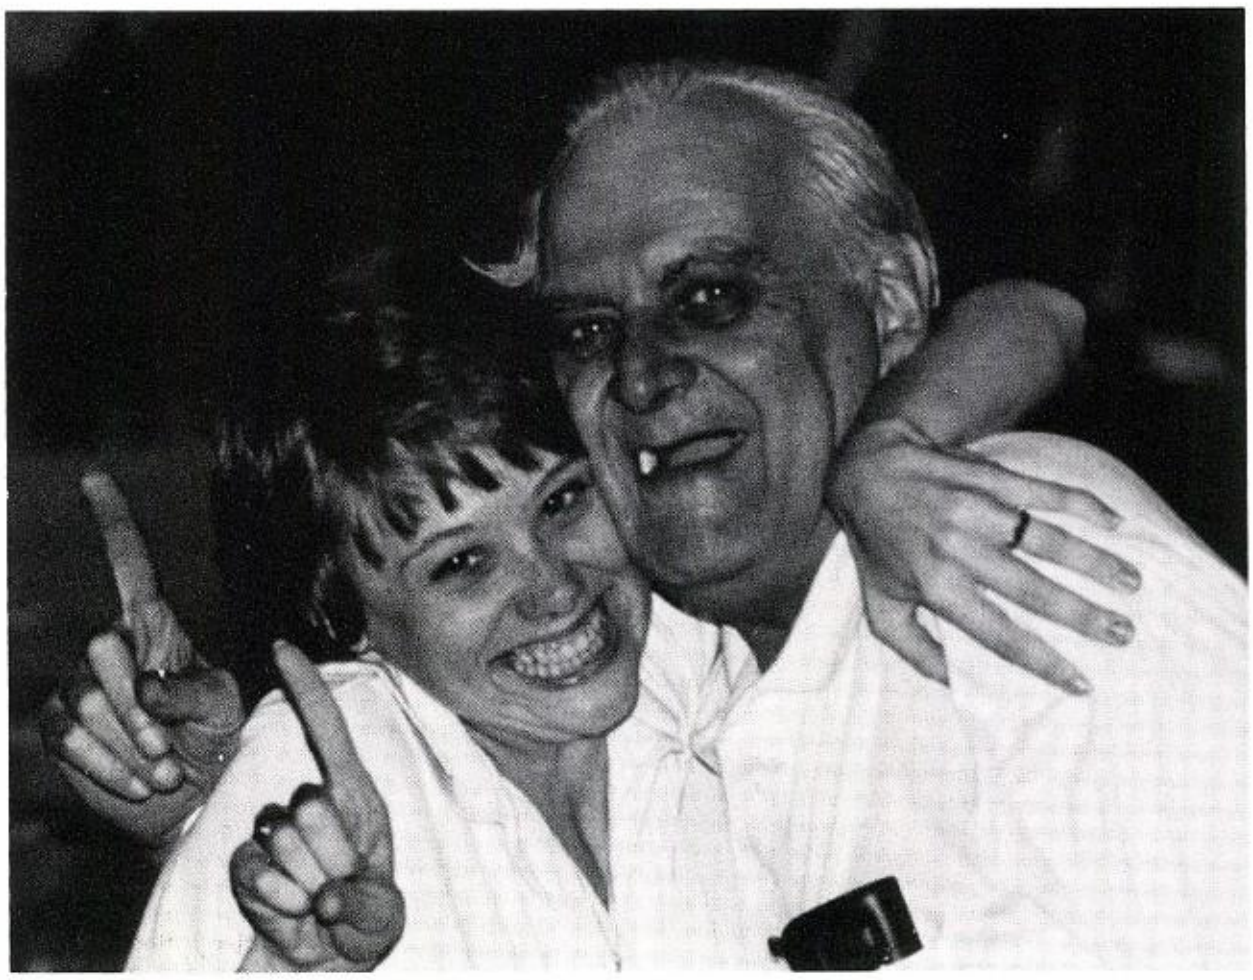
Is it Good? Photographers ask Joe Woods if his french fries are good, but his mouth is full and all he can do is stare.

Dr. Baur's Break. Yes, even principals take a break for lunch, and Dr. Baur likes to spend her lunchtime with the students.

It's Milkshake time — Lines in the Grimsley cafeteria are long, but the milkshake at the end of it is worth the wait.

Planning the particulars — Kris Pappas plans for her weekend during a break from class.

Spirit Lives. As both young and old agree — Whirlie weekends are number one especially when spent at a Grimsley football game.



WHIRLIES LOVE THOSE WHIRLWIND WEEKENDS

Weekends were a time held sacred by Grimsley students. It was the special time of the week when homework could be put aside and partying could begin.

Jobs took up many students' weekend time, but the jobs around the house cannot be overlooked as weekend activities.

The money from the working hours was usually flitted away during the fun times. For instance, many weekend evenings were spent getting ready for a date. Anton's or House of Pizza were some common restaurants to find Whirlie students on a date. Movies were also a big attraction.

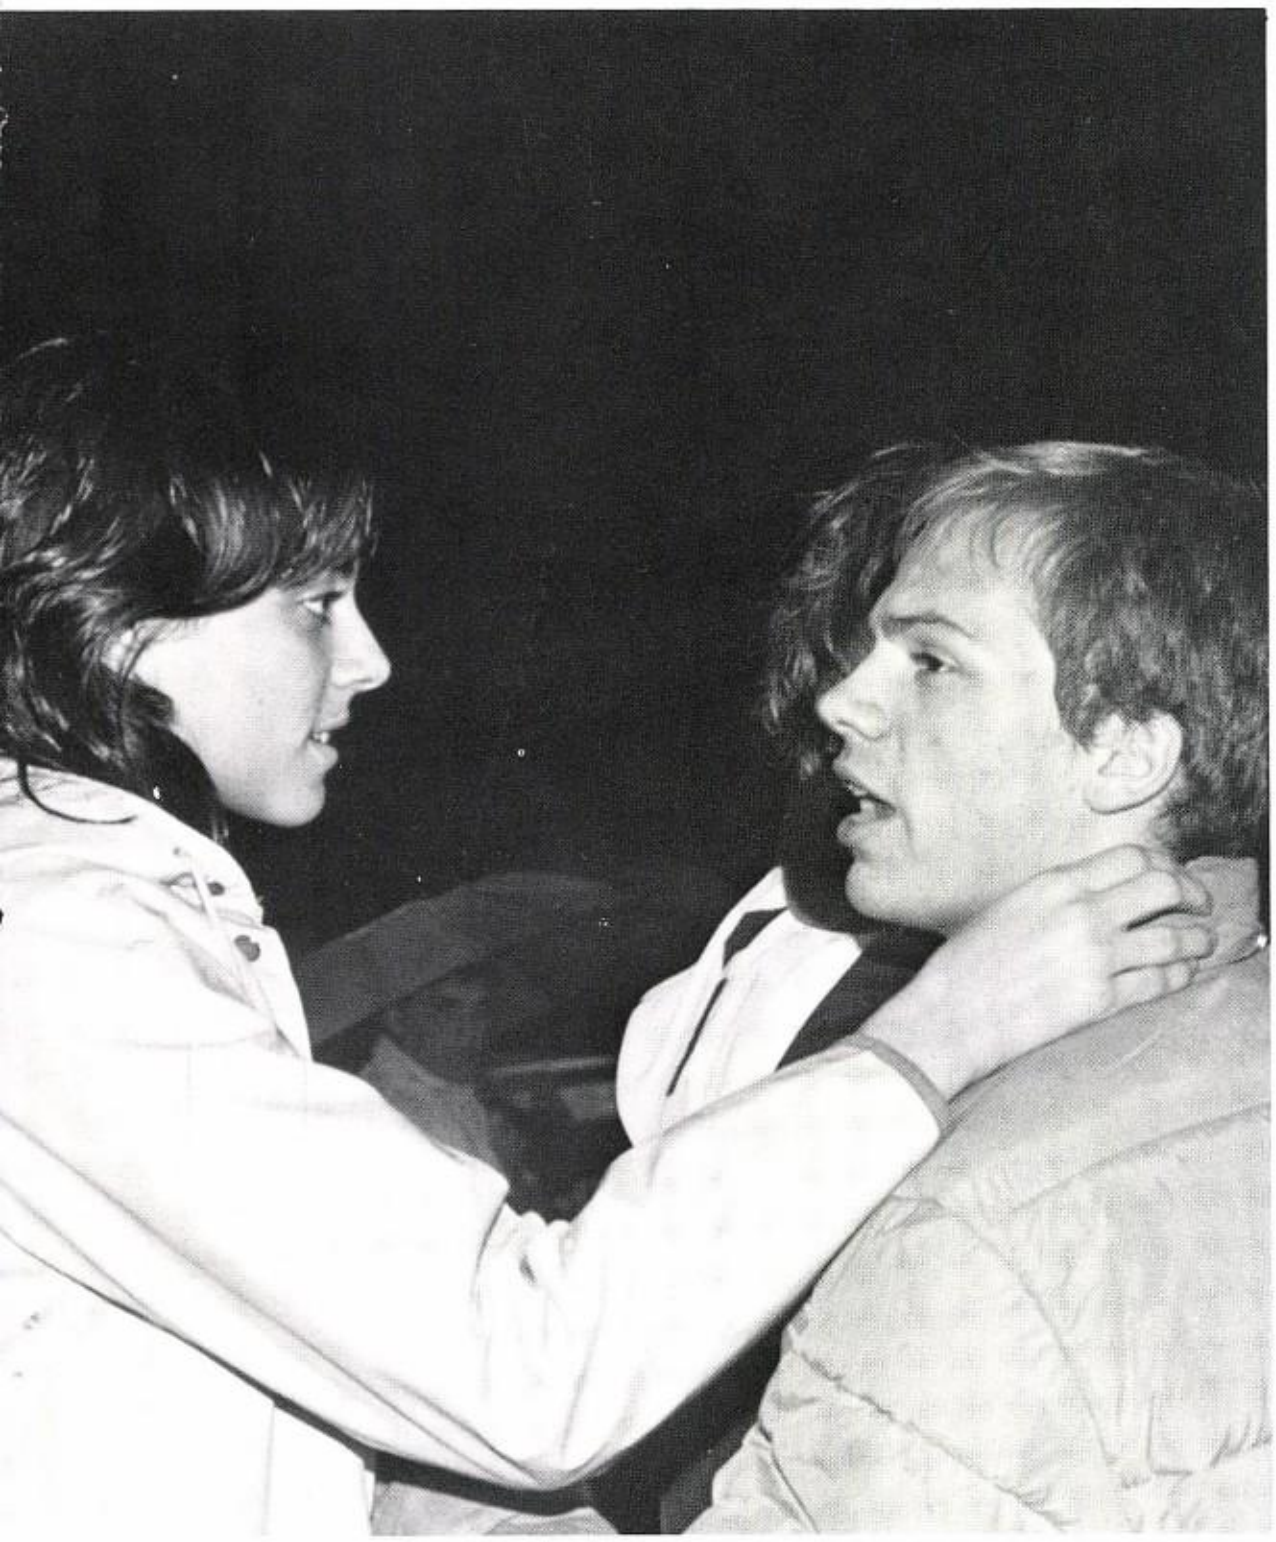
Somehow it seemed that at the end of the weekend there was always one thing remaining. Of course everyone saved the best to last — The Very Last — and as the students of Grimsley agreed, homework was the most "loved" and easily the most procrastinated of all events of the weekend. Sometimes it did get finished late Sunday night or perhaps Monday morning in homeroom. Whenever and however it was completed, homework was a major part of the Whirlie weekend.

It varied from student to student how weekends were spent, but all agreed that weekend time was the best time of the week.

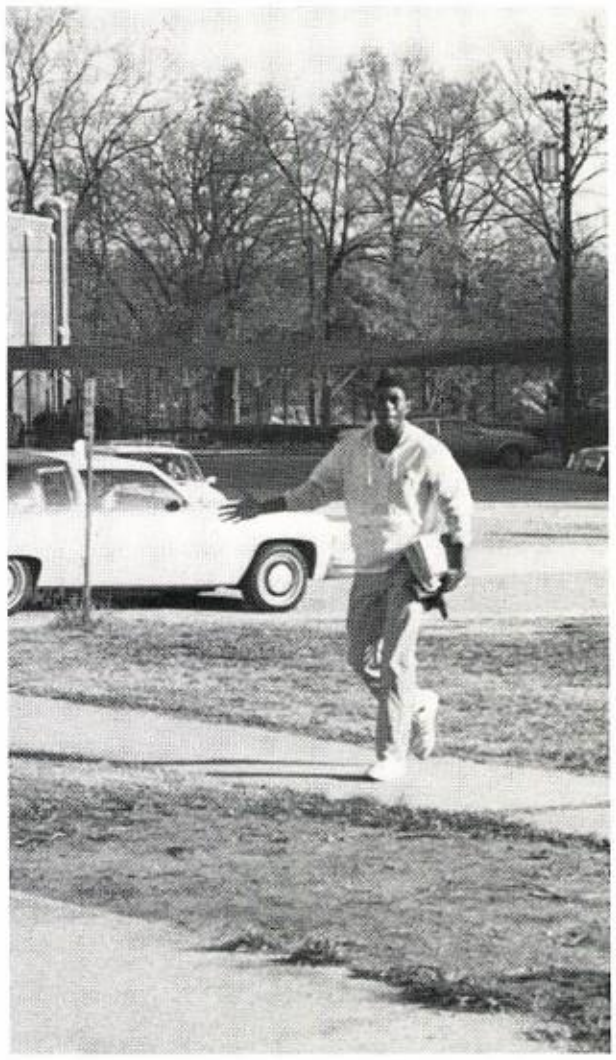
Secretly smiling, Millyn Kelly thinks of the coming weekend.

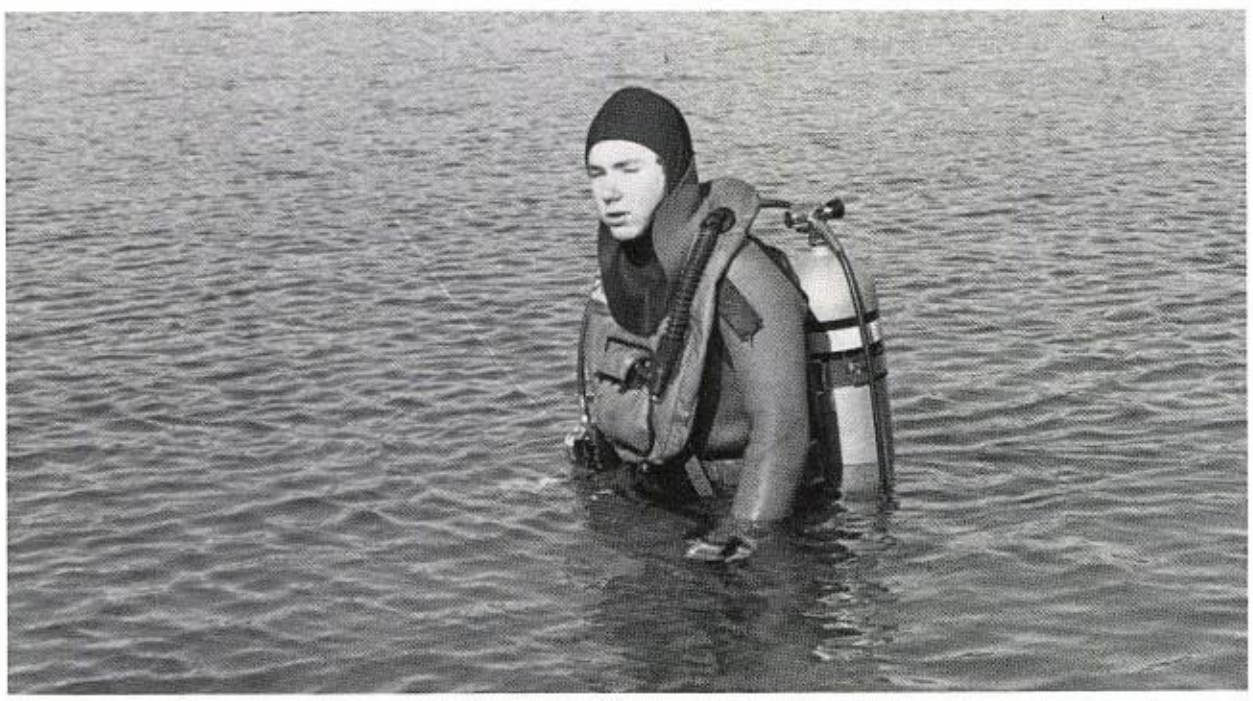
Wheels were rolling — Whirlies, always anxious to start their weekend, roared out of the student parking lot and wheels rolled down Campus Drive.

Don't leave! Ellen Englebardt persuades Mark Smith to stay just a little bit longer.



It's Friday!! Tyrone Moss gives our photographer a friendly wave as he exits for the weekend.

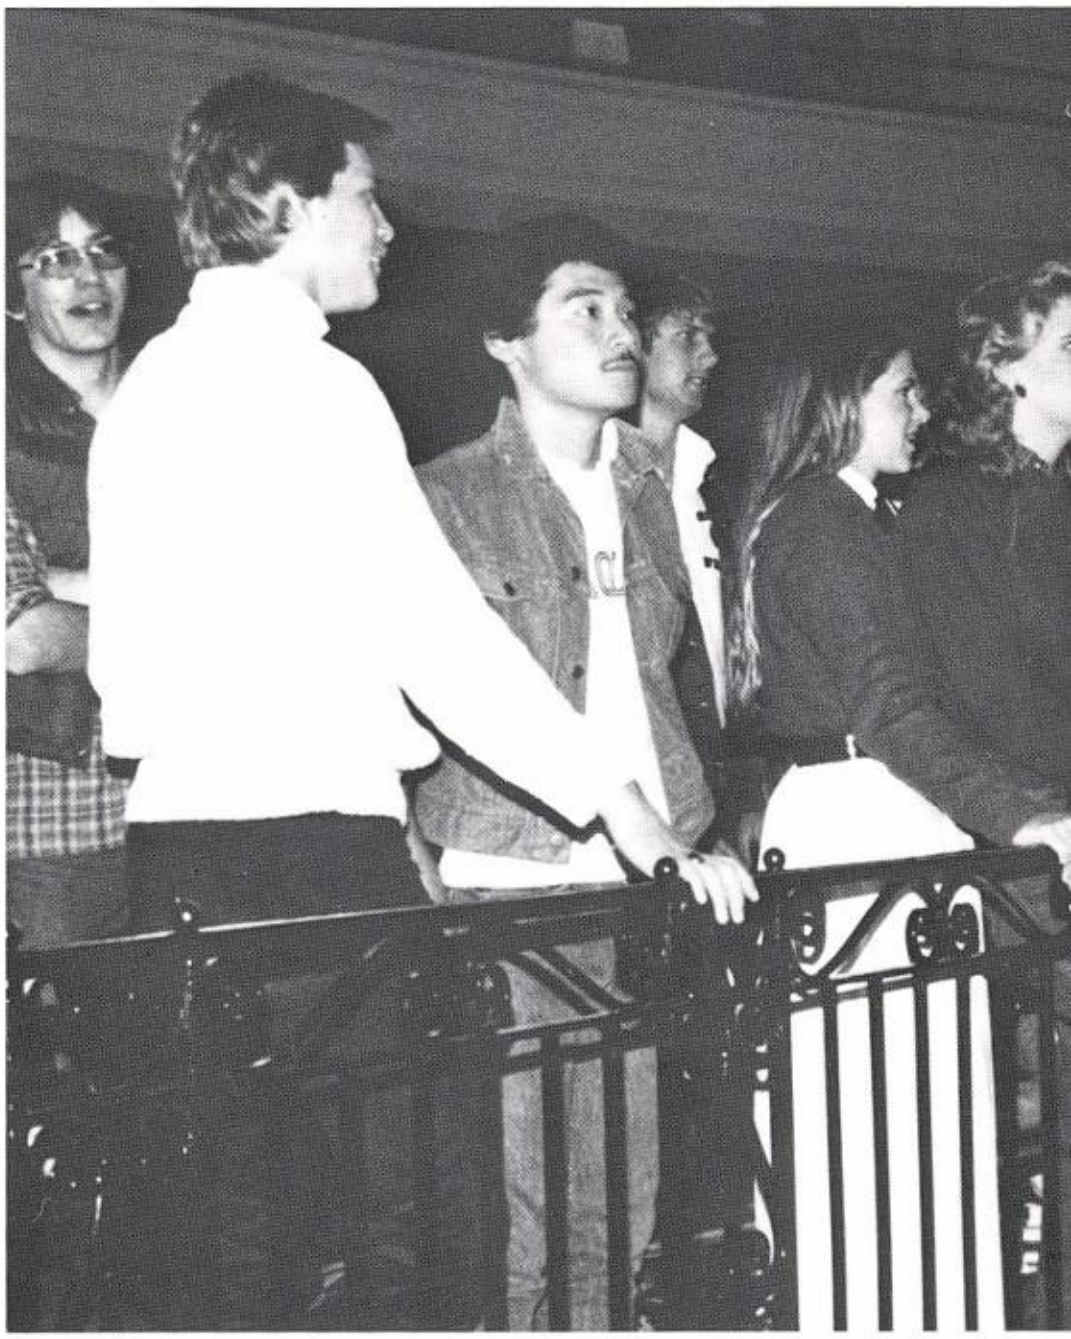




Wet Weekend Fun: Is it the creature from the Black Lagoon? No, it's Scott Rivenbark taking a dive.

Way to go! Whirlie Cheerleaders give a great performance, and win the competition at Four Seasons Mall.

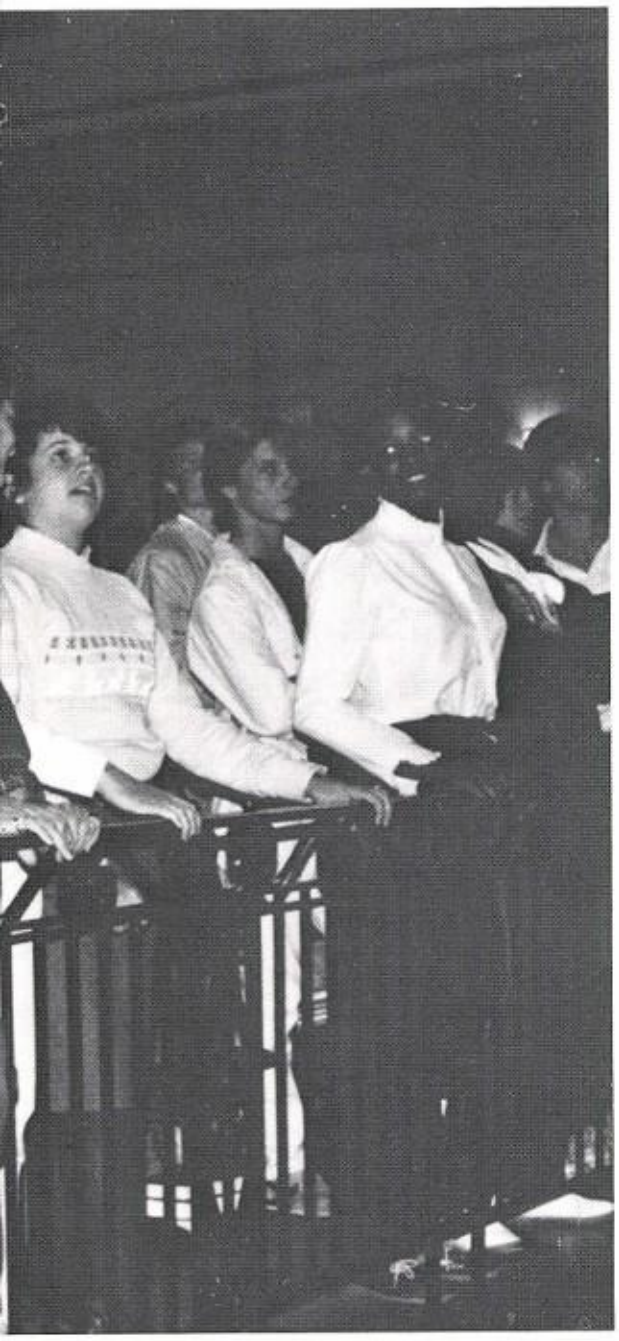
Spirit of the Masses — Punk Rockers rev-up for the Page-Grimsley game at an afternoon pep rally.



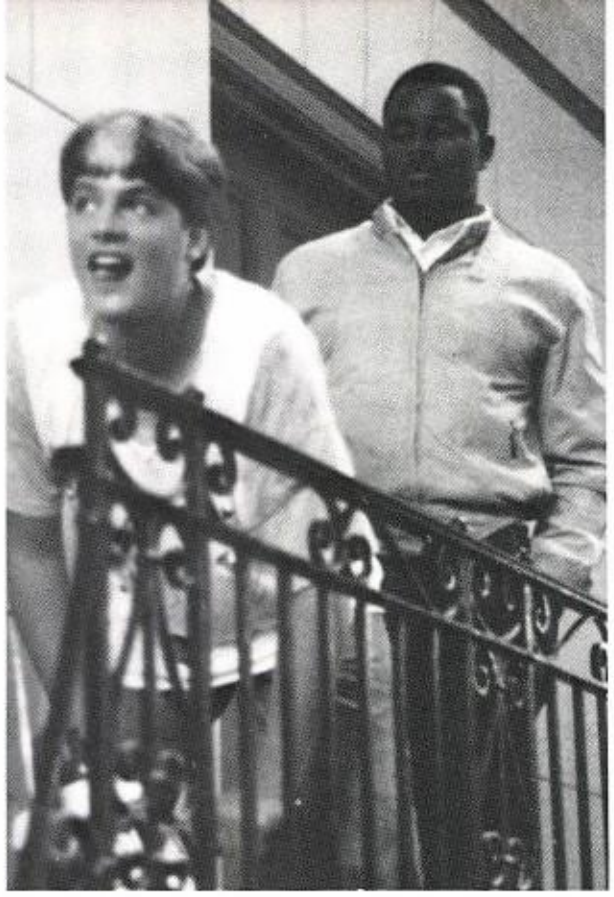
Three Whirlie Chicks ham it up for the **Whirligig's** roving camera on top 'em, shade 'em, lick 'em day.

Day for Ducks. Page-Grimsley cars lose their luster as the day goes on proving the day fit for ducks not Whirlie birds.

Pep Rally Rabblerousers — Silent for once, Whirlies prepare for a cheer.



What Ship? The rumor of a Pirate ship was not a rumor; although plans for the burning was against the rules.



Ringin' the victory bell, Chris Allard's Whirlie spirit evident upon his face, rings our victory bell.

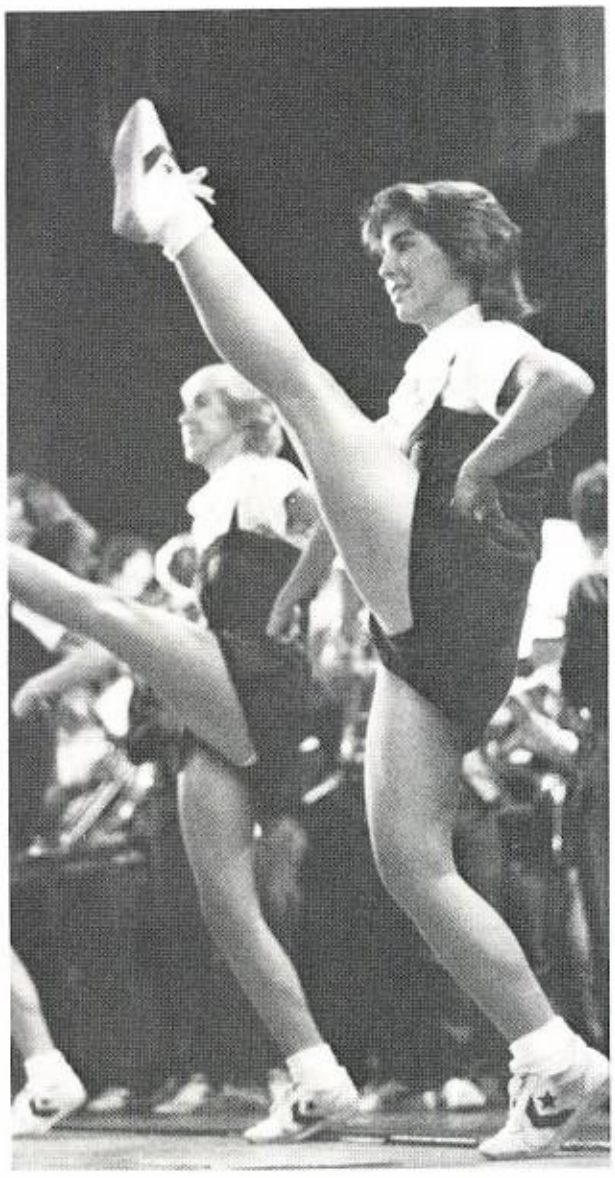
The Page-Grimsley game of 1983 did not turn out the way the Grimsley students wanted, but we sure showed Page who had the most spirit in this town! The rain poured down on the day of the big game, causing it to be played on Saturday.

Grimsley students painted their cars Whirlie blue in hope of firing up a "blue hot" football team. When the cars arrived at school that Friday morning, a sea of blue paint covered the Grimsley student parking lot.

Although the rain washed away the physical spirit on the cars, the emotional spirit and feelings rang out loud at the afternoon pep rally.

WHIRLIE SPIRIT NEVER DIMINISHED BY LOSS TO PIRATES

Kickin' up Spirit. Cheerleaders spirit soar and their legs follow as they perform a rigorous cheer.

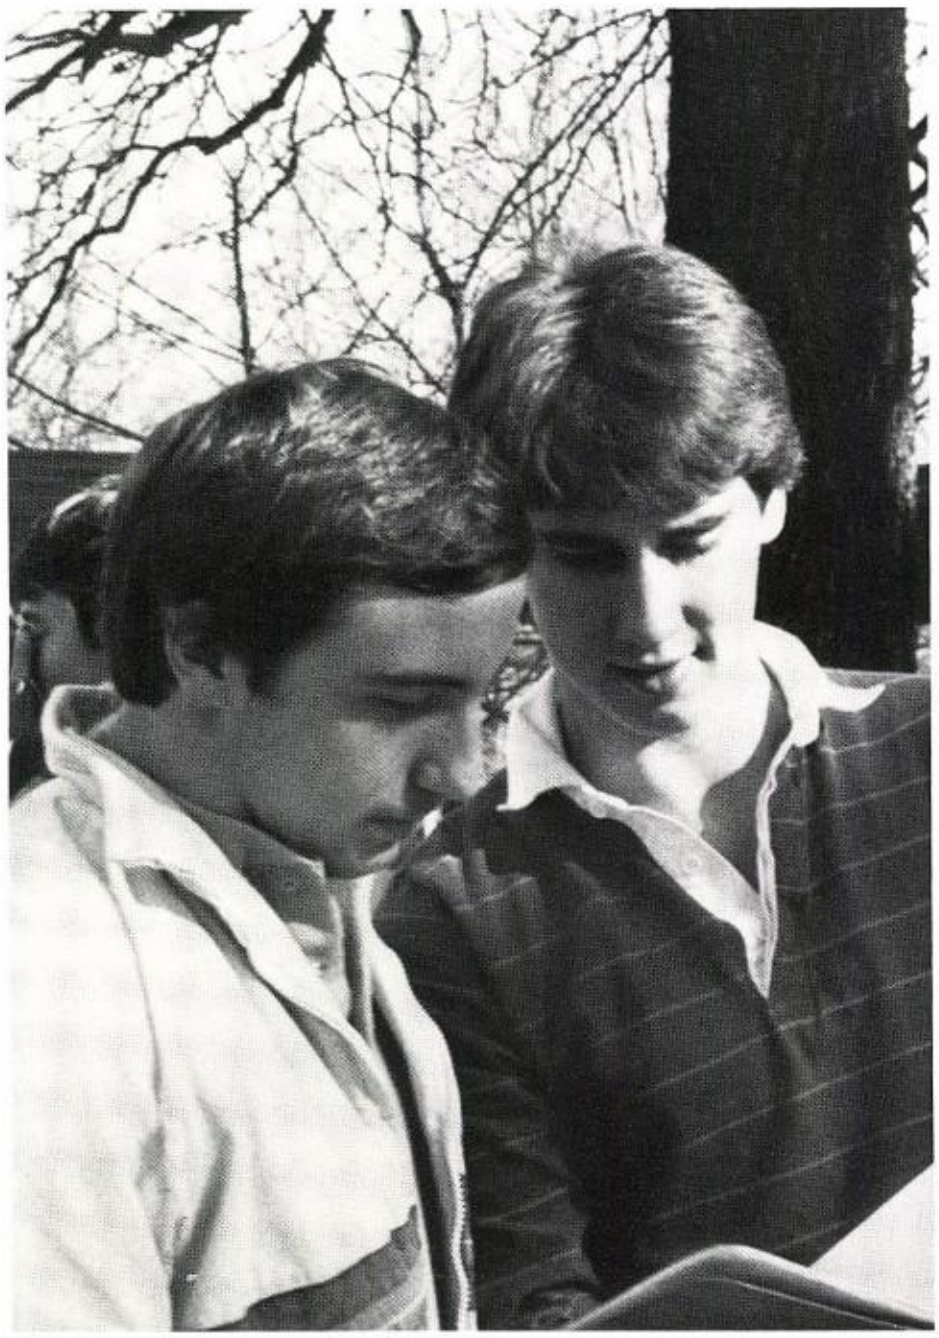


On and On. As the car proclaims, the Whirlie Bird Lives, even when we lose, on and on and on!!

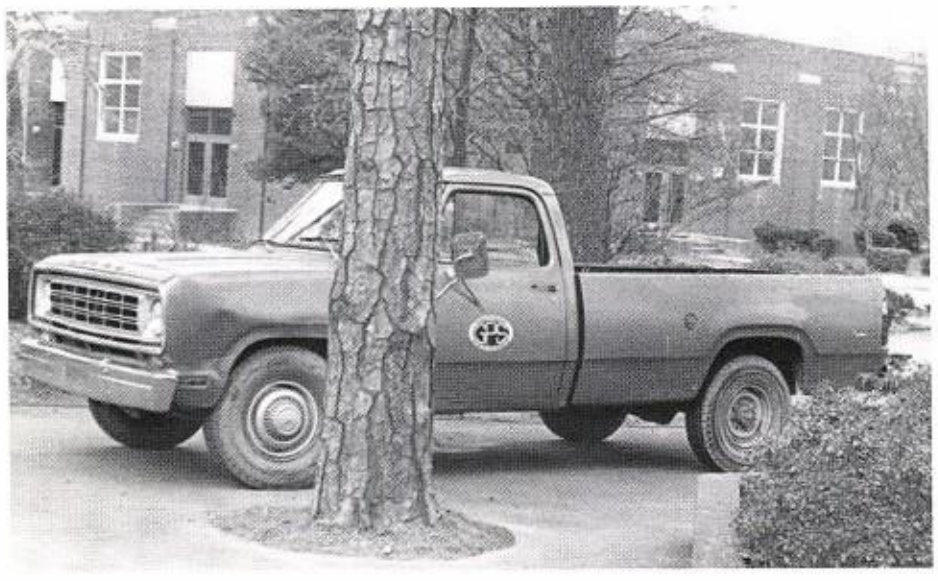
The spirit week at Grimsley included: Punk Rock Day, Page Prep Day, Coaches & Trainers Day, T-Shirt Day, and Army Day. More people dressed up for these spirit days this year than in any other year at Grimsley High School.

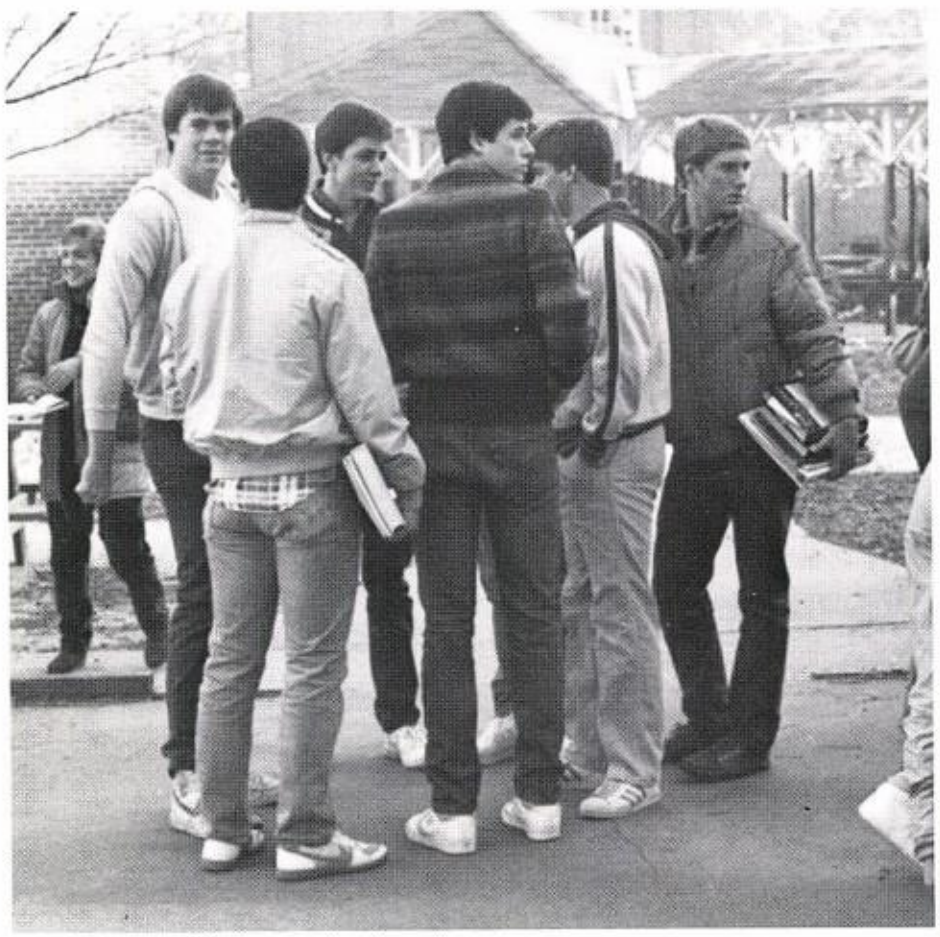
Finally the day of the postponed game arrived. The field was painted with the GHS emblem on the 50 yard line, and "Grimsley Whirlies" decorated either end zone. The Grimsley students rushed out onto the field in a long tunnel to welcome the players to the sideline. Although we lost the game, we did not give in at all; we fought tough all the way, and showed the Pirates that "blue hot" spirit of the Whirlies could always win the important contest — the one of spirit and pride in one's school.

Look at this! Two Whirlie guys compare homework, but where is the written work; nothing here but blank paper!

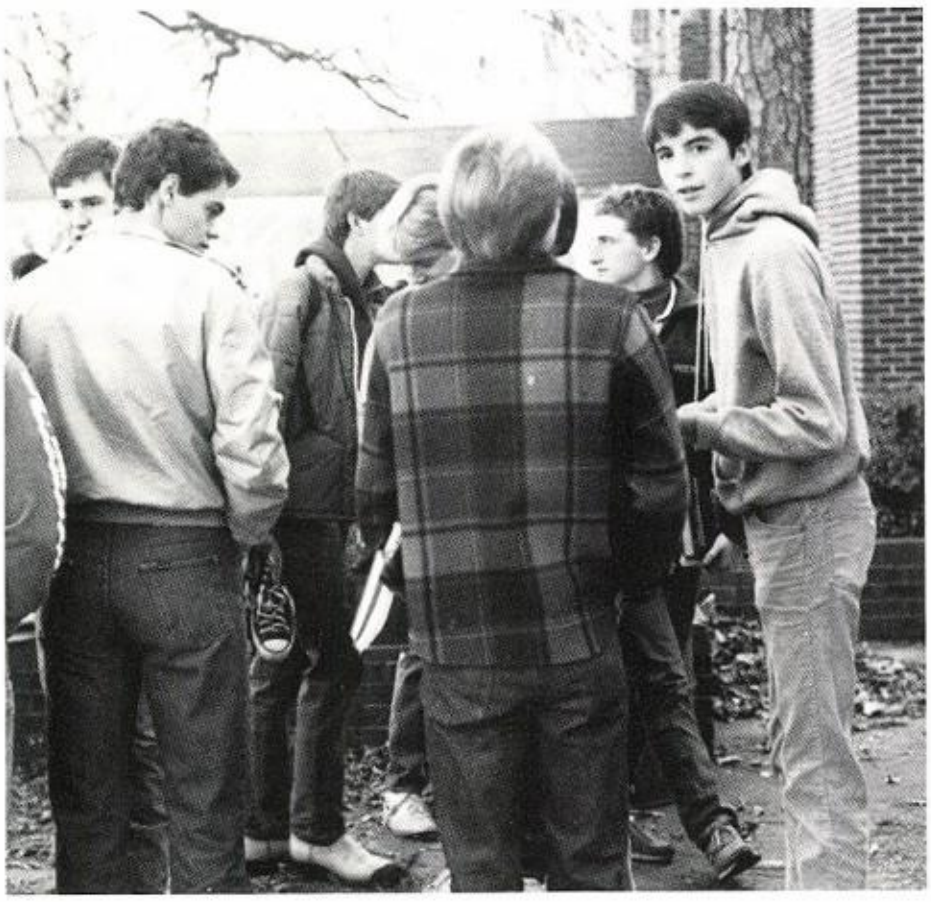


It tells a story. Each Whirlie face tells a story, yet another chapter in the life of the G.





Distracted from the conversation, Randy Shaw takes time away from the days news to "be snapped" by the photographer.



Let's Park Here. Greensboro Public Schools maintenance vehicles always find a place to park in the Grove.

There she was. Derrick McCraw and Brian Gay turn around to take another look at a passing female.

THE GUIDING GROVE

Swingin' into action! Girly Whirlies are "Swingin' " in the Grove upon return from lunch.

The Grove is the central place on the Grimsley campus for meetings, gossip, and fun. Before and after school, it is crowded with voices talking about weekend plans, tests, homework, or just the day's happenings. Although the students of Grimsley enjoy gossip, it is not the only use for our Grove. The flag girls use the pleasant paved area after school practicing their routines; people who stay on campus for lunch often find a secluded picnic table or bench to share lunch with friends; and there are constantly cars and pick-up trucks parked there — providing maintenance workers easy access to their tools.

The Grove, with its tall trees and low brick walls encompassing plants and flowers, has long been an oasis for the students of Grimsley, offering solitude, as well as fellowship, to all classes past and present; and surely to the future students of the G.

Mecca for students — The Grove is the most important part of Grimsley; not only connecting buildings but also providing an oasis for students.

To say something is new is to say it is of recent origin, fresh, modern, or unusual. The word "novel" is also a synonym for new, as well as strange or out of the ordinary. All these words stand for less monotony, more fun, and different scenes in our lives.

A welcome change this past year was new paint for the old. Although proving to be an inconvenience for classes, since many classrooms had to be evacuated, and also during the rain, there were "people jams" because of the closed off hallways.

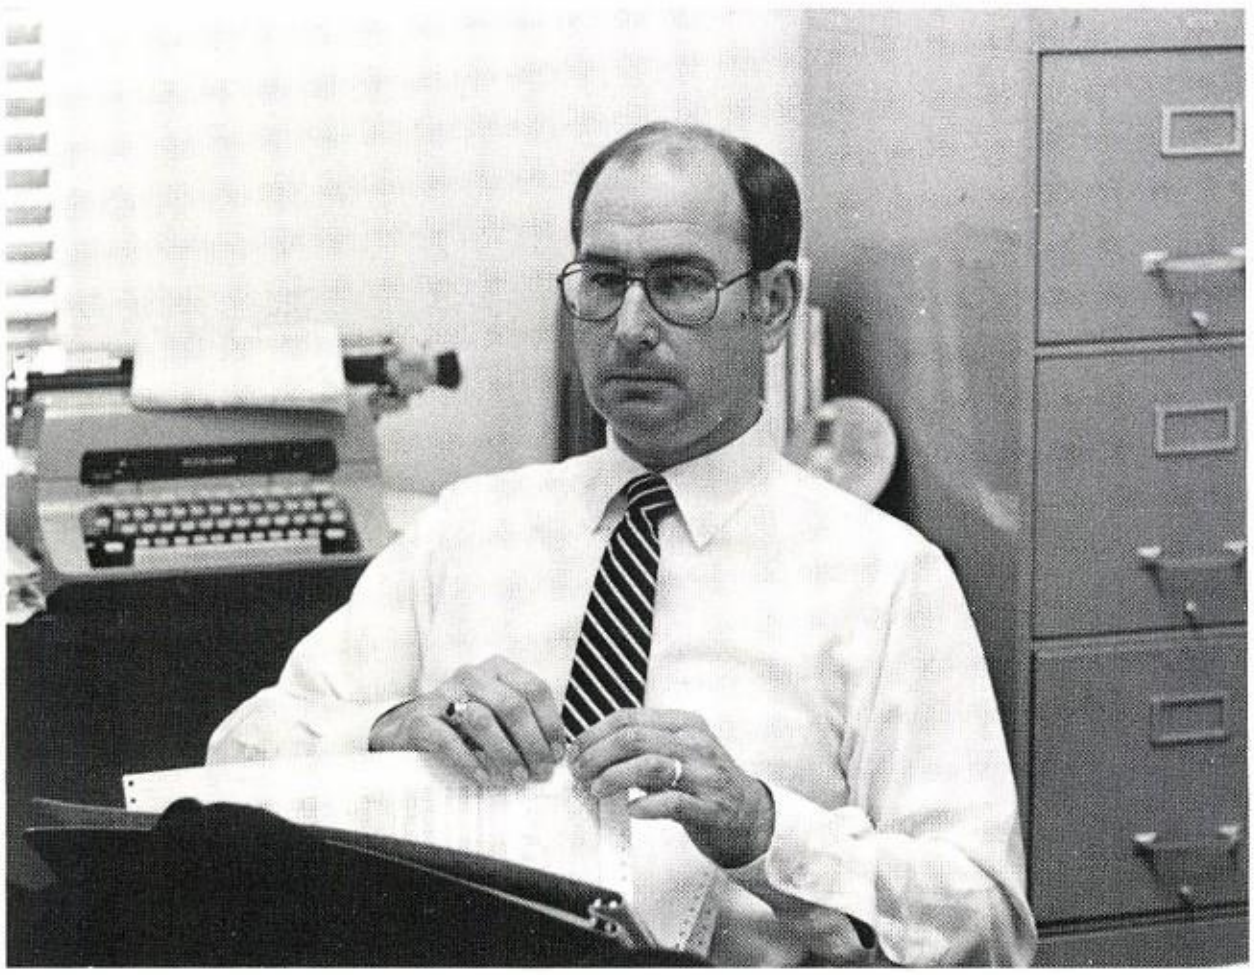
Along with the new paint came the fresh, new faces of new teachers and student teachers. Unversed in the rituals of the G; we soon taught them all the ins and outs of life as a Whirlie.

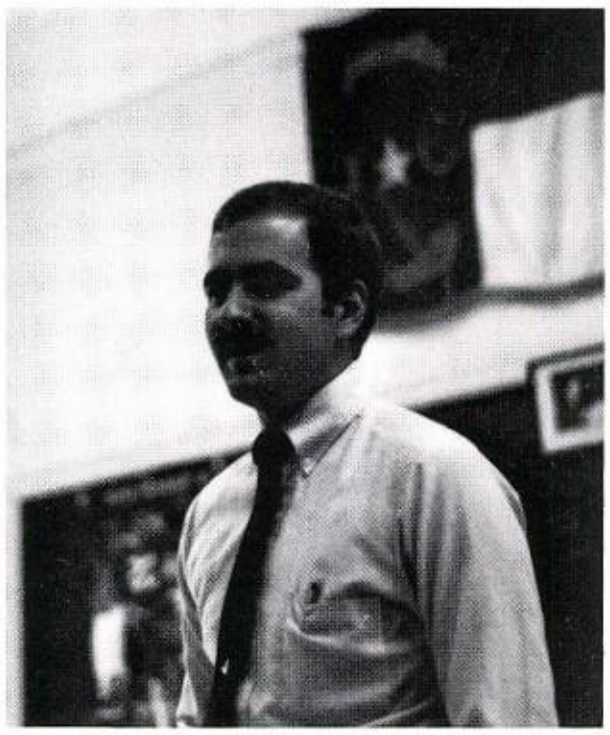
The Grimsley student body and administration welcomed the new vice-principal, Mr. Crowell, who replaced Mr. Ballance as he returned to the English classroom. Also Mr. B (as he was affectionately known in room 861) became the new Yearbook advisor.

The Keywanettes were a new girls club organized with the help of the Kiwanis club. There were also junior and sophomore Hi IQ teams.

The biggest novelty to the G was the class of '86 — everyone's favorite class — the sophomores with their puzzled looks and endless question.

NEW & NOVEL BRINGS SPICE TO THE "G"



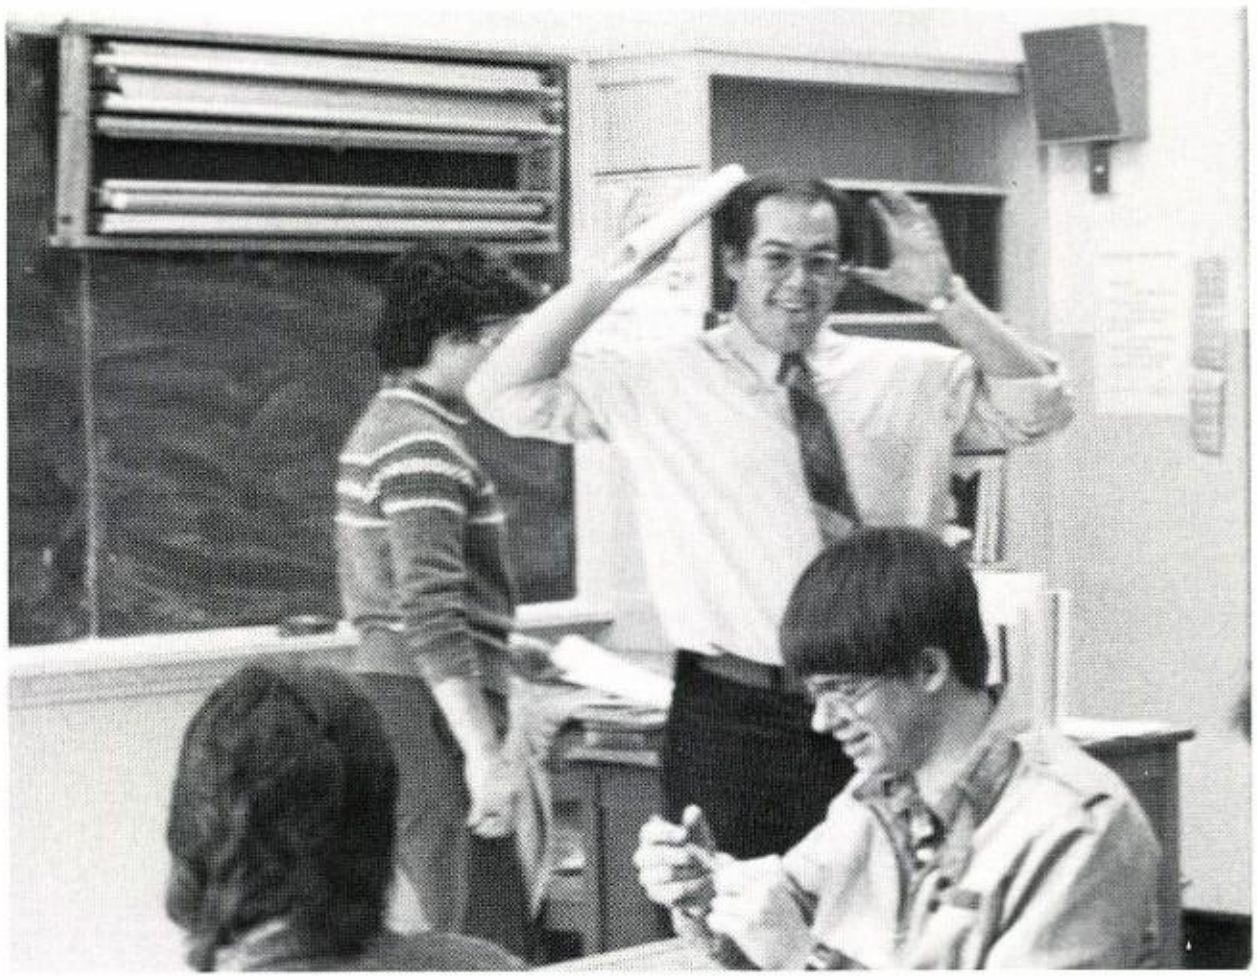


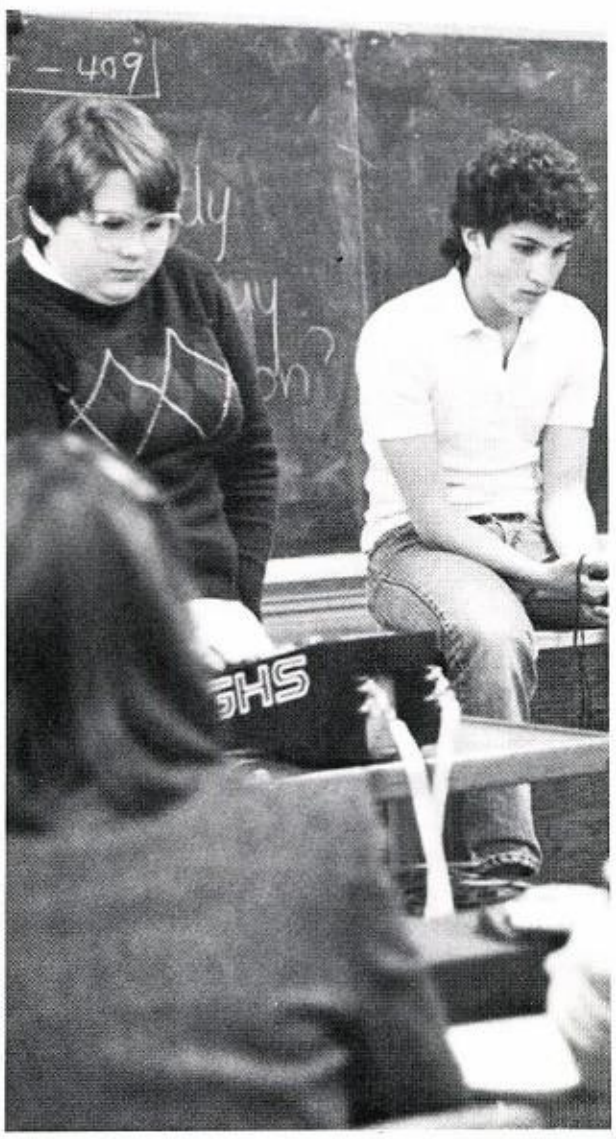
Fresh Face Franks, Mr. Franks, also a new history teacher at the G, caught by the camera in the middle of a lecture.

Halt, who goes there? Mr. Crowell is a little "surprised" about being caught by the photographer.

No, not messy Marvin; new paint for the old provide a messy backdrop in a Grimsley hall.

History at its Best, Coach Telford clowns with his A.P. American History class before a quiz.



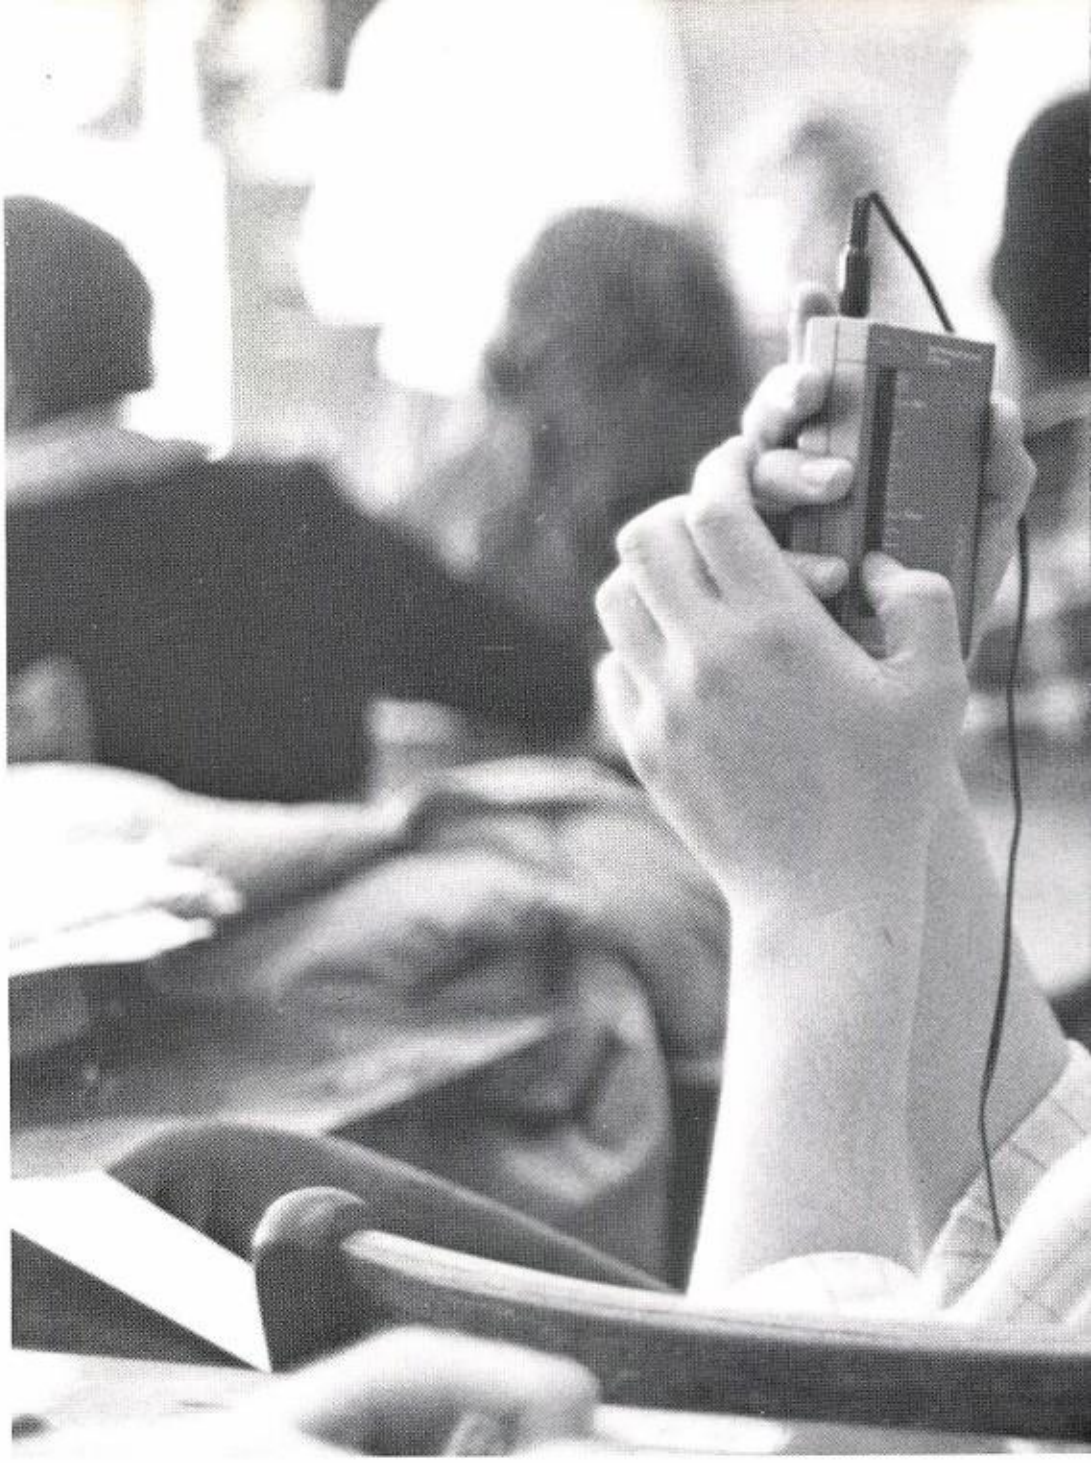


Let's hear it for . . . The sophomores? Yes, spirited sophomores show their pride in the G at a pep rally.

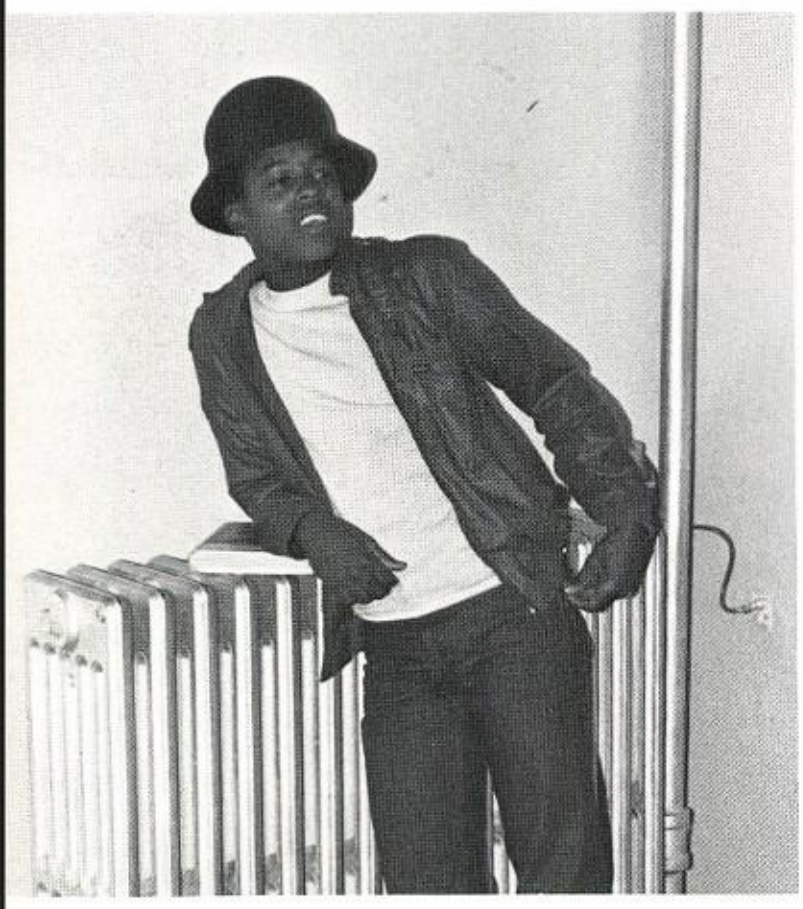
QUICK — Pass or Fail, Junior Hi IQ team captain, Zvi Cohen, practices for a match.

All of these things made our existence at the G a little more enjoyable this year. A little novelty does a lot to spice up the older fixtures of our school.

Puttin' on the Ritz! Grimsley students sometimes like to dress up the scene with some super energized threads.

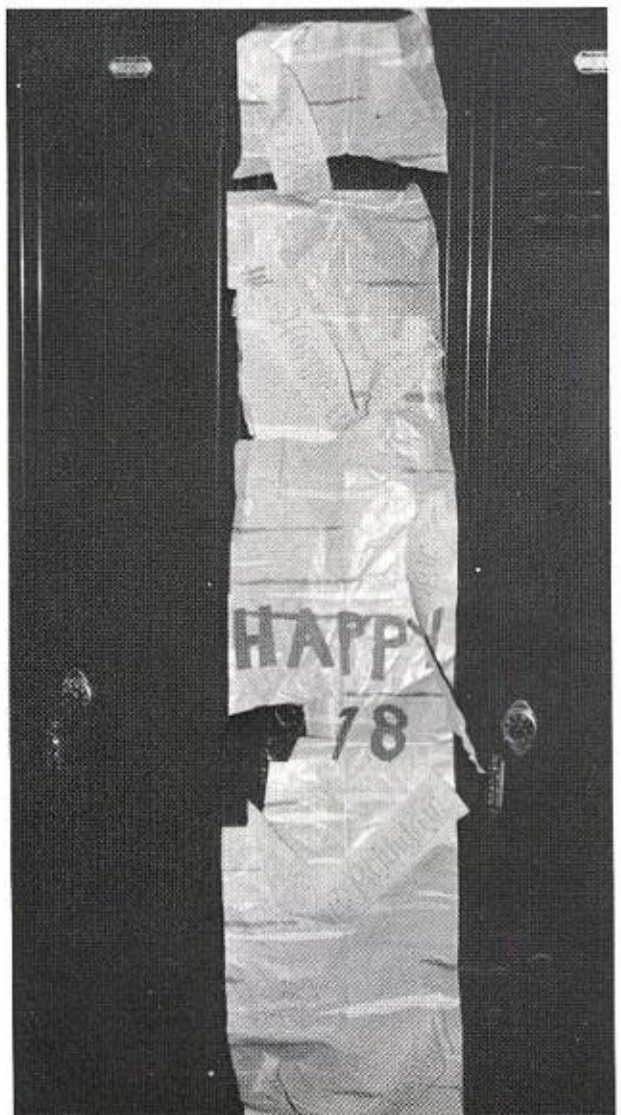


AS ALWAYS THE WHIRLIES ARE BEST DRESSED

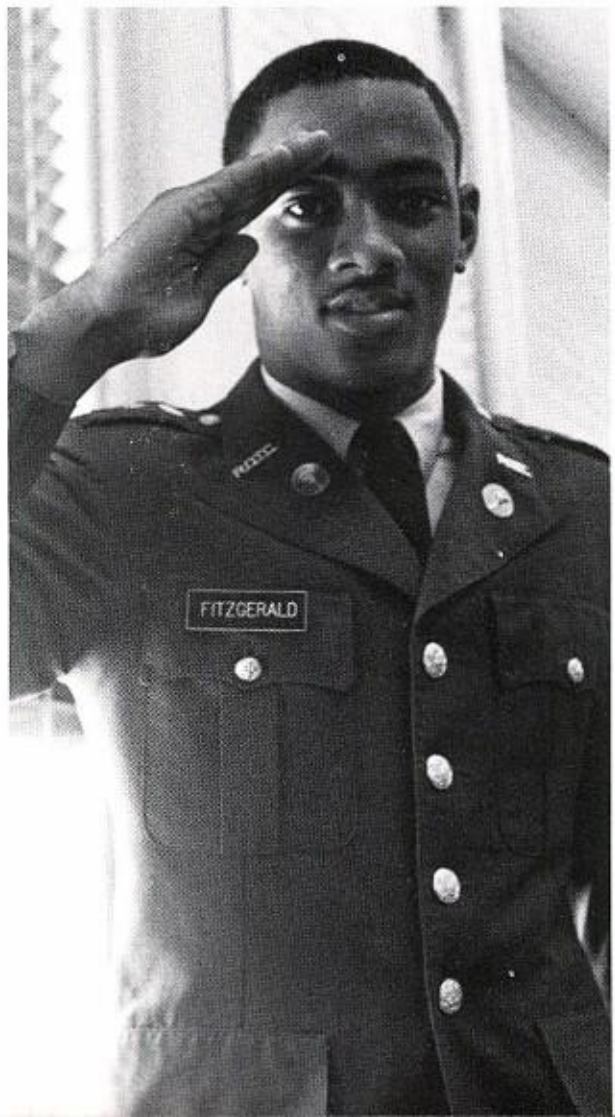


Laid Back! Tony Watkins exhibits his cool style as he lounges against the radiator.

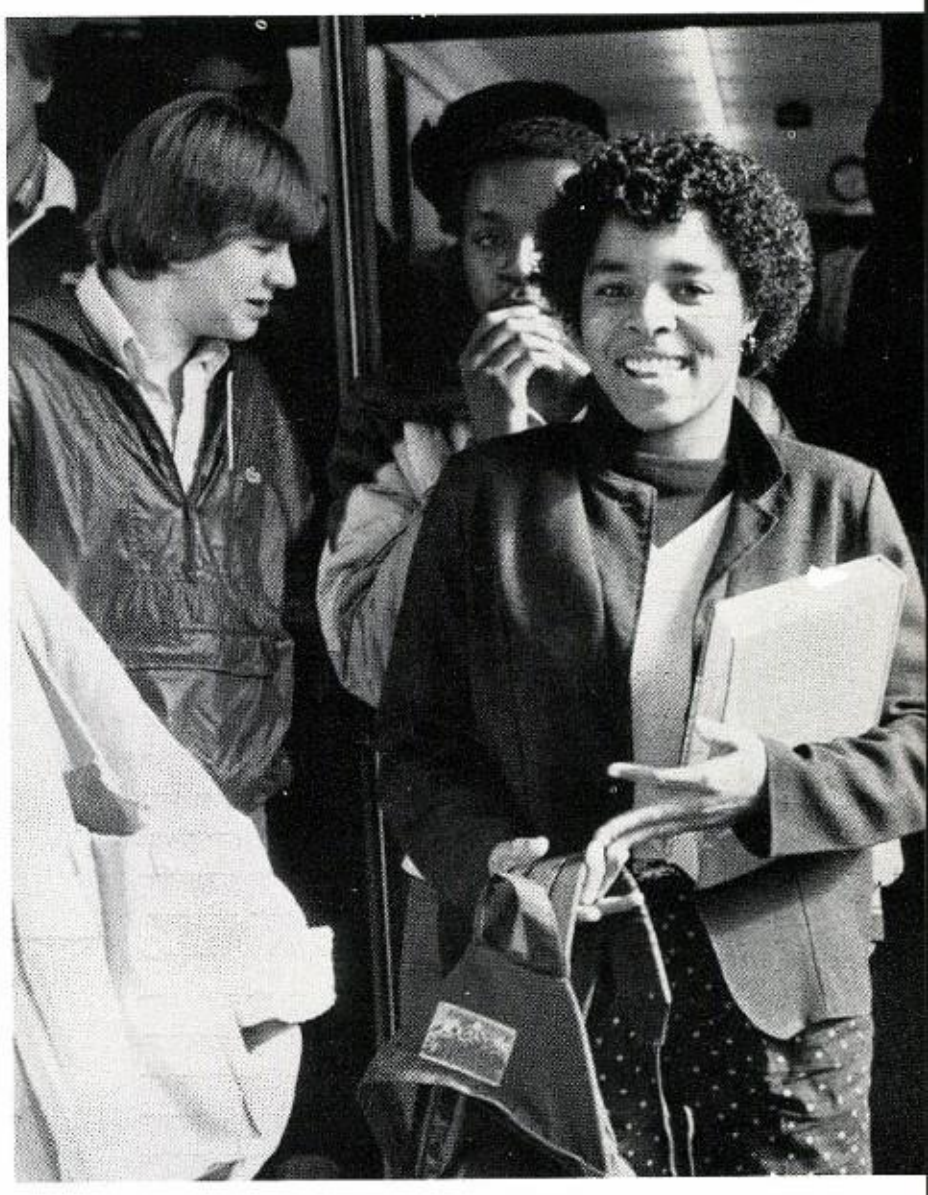
Birthday Infractions, Although the decoration of lockers is prohibited in the Grimsley handbook, it is a fad well-known throughout the Grimsley halls.



A Salute to Thursdays — Jr. ROTC student Fitzgerald observes the mandatory Thursday dress code of army green uniforms.



Music — Mania! Always more interesting than Algebra, students at the G bring their music into the classroom with portable music walkmans.



AND MOST HIP IN TOWN

Don't step on my . . . Blue suede shoes? No, but every other kind from hightops to pumps are represented at the G.

Bee-Boppin' 50's!! Bobby socks and polka-dots invade Grimsley campus — reminiscent of the faddish 50's.

The school years will come and go, as do the fads and fashions which make these years memorable. Reminiscing could not be made complete without reviewing the things we did, clothes we wore, and stuff we liked in our 83-84 school year. For these things were the items which made the year what it was.

Ten years from now we can refer back to this year as that year when everyone had their own pair of checkered Vans, as that year when simple dark sunglasses were the mark of a well-dressed person. It was that year when sweatshirts took on a rather tattered appearance — no sweatshirt was safe when sharp scissors were around. The Flashdance feel was evident across the Grimsley campus.

We had a THRILLER of a year as we welcomed Michael Jackson back from Behind The Wall. We moved in SYNCRONICITY, as The Police pounded their beat. We weren't "Foolin' " about Def Leppard's newfound popularity.

Every Whirlie had his own perception of style — from the clothes we wore to the music we listened to. In each definition the Whirlies found a little of himself and added to the atmosphere of the G in a special way.

WORKING HARD FOR THE MONEY

Oh C'mon! Tahma Randleman and Missy Clegg and pooch share a laugh over the latest work assignment — the irreplaceable homework.

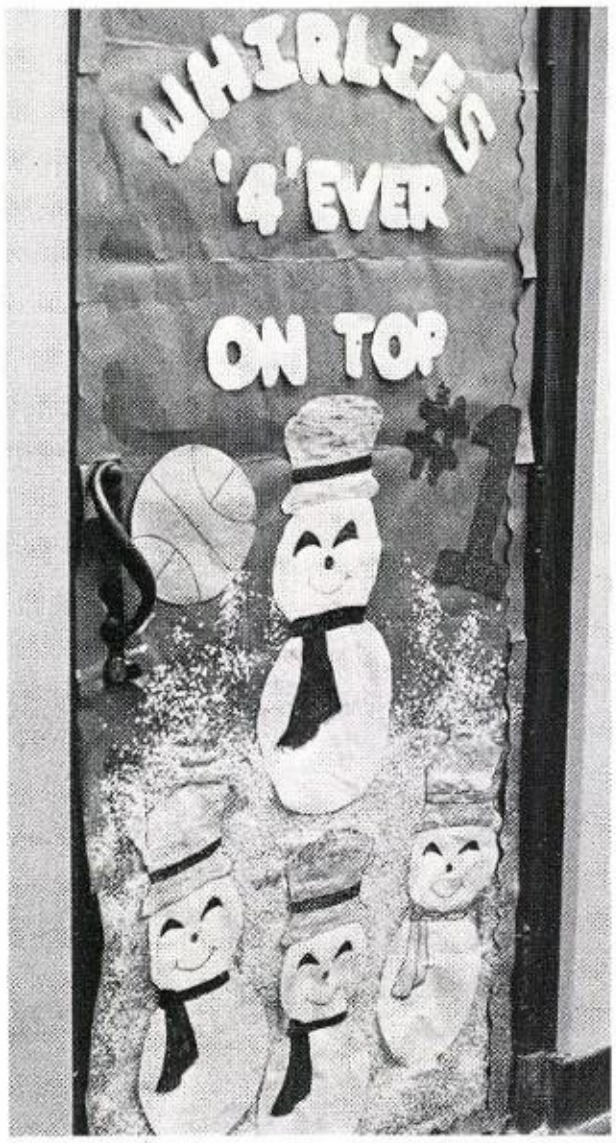
The students at Grimsley "work hard for the money." Many students hold down jobs while trying to maintain at least passable grades. Parents are always harping at their kids about their falling grades. There is always the constant threat that if they do not do well in school then they can not keep their jobs.

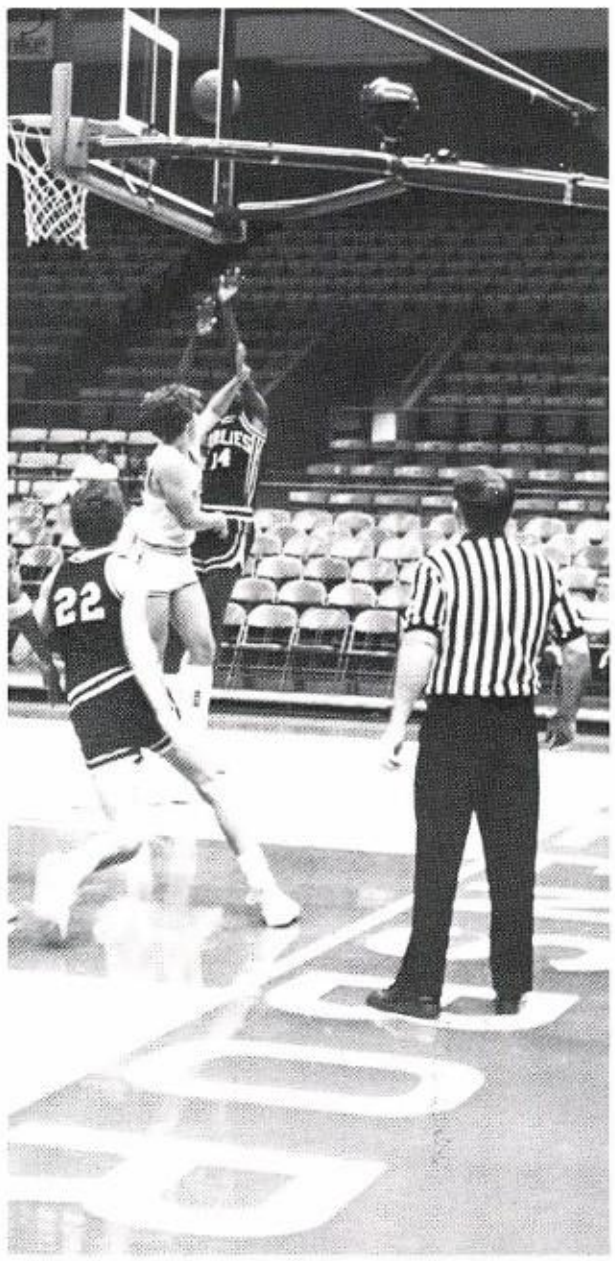
Most students work simply for the reason to have some extra spending money. Money from jobs is usually directed into keeping the car running and in good shape. Another major place where a working student's income goes is into the consumption of food! Many guys spend well over half of their paychecks on dates. Girls are known for spending their hard-earned cash on clothes, makeup, and sometimes even on guys.

Working as a teenager can prepare one for the "tougher" life of business that challenges one in the future. Working gives self-satisfaction, confidence, responsibility, and most of all-money!!!

Ready, Set, Decorate! Little Four Decorative Doors Contest kicked off the Christmas Season; as the Grimsley halls receive a little sparkle.

There She Is! The Little Four Tournament at the Coliseum was filled with great shots like this one from Whirlie player Paul Tisdale.





CHRISTMAS SEASON FILLED WITH JOY,

TWAS THREE WEEKS BEFORE CHRISTMAS,
AND ALL THROUGH THE G
THE EXCITEMENT WAS MOUNTING:
AS THE DAYS WE WERE COUNTING.

Why this heightened sense of energy? The Christmas season approached and everyone knew it was merely around the next corner.

The Little Four Door Decorating Contest lit up our halls to symbolize the Christmas scene, as well as, to increase spirit for the coming Basketball tournament at the Coliseum.

The weekend before those last 2 ½ days of school, the Civinettes hosted the "Beboppin', Bell Rockin' " Holiday dance. Although the dance did not attract as many people as it had in the past years, it was counted as a successful venture which increased holiday spirit at Grimsley.

Our two weeks away from Grimsley meant a break from the school work and the alarm clock, but not from the spirit. Graduated seniors were home for the holidays and many friends were reunited. We did congregate as teammates and supporters at the Coliseum for the Little Four. This tournament held both disappointment and victory for the Whirlies. The Boys Team was defeated by Western Guilford, although later they were victorious in the consolation game against Northeast. The Girls Team carried home the Championship which was a great consolation for the Whirlies, as well as a great honor.

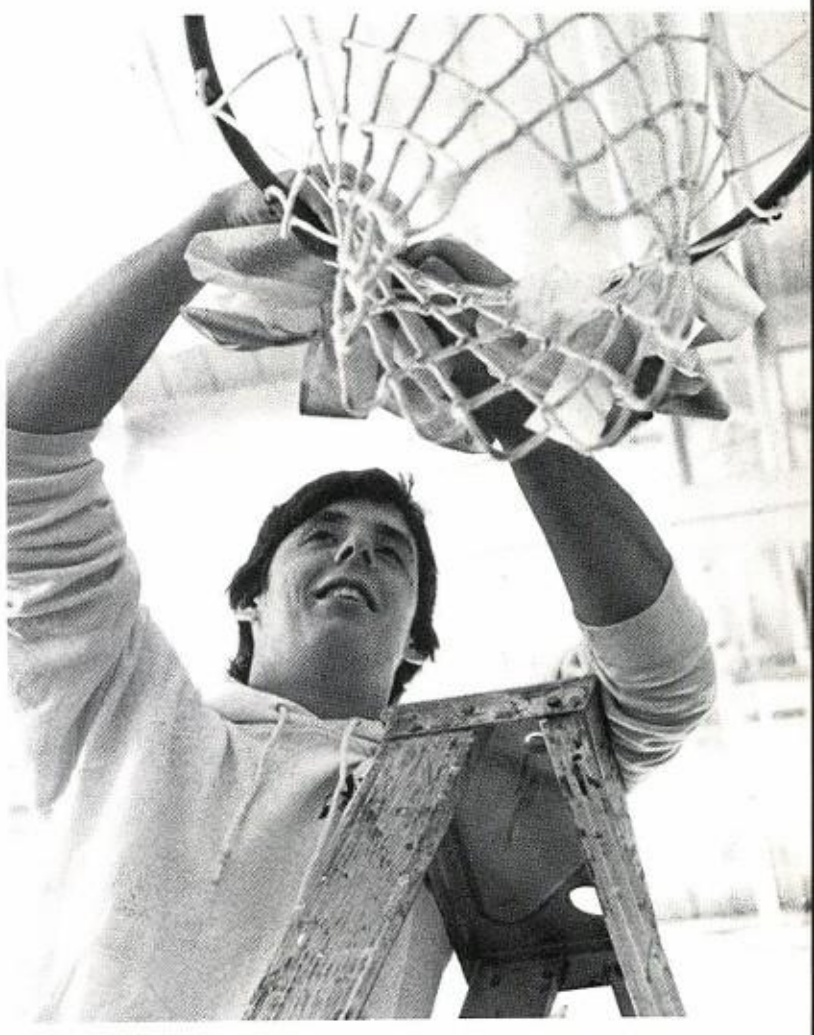
Between opening presents, singing Christmas carols, and cheering on the Whirlie team, we did find time to party, with the discovery of the perfect "night spot" — the long-awaited Depot. Many students turned out to jam on the lighted dance floor at the Tip-Off Dance and on New Year's Eve.

Those luscious 12 days sped by, filled with good times, a complete absence of homework, and, of course, a growing addiction for nothing-to-do days. With the end of Christmas holidays came a growing dread of Exams and the countdown 'til Spring Break.

Whirlies love to Twirl. Patrick Morrah and Ethyl Priestley enjoy the Holiday Dance and each other as they twirl to the sounds of D. J. Alexander Andrews.

Paint, Glitter, and Streamers. What makes a holiday — packages, boxes, and bows? No, answer Whirlie decoraters; a Christmas Dance needs but three things: Paint, glitter, and streamers.

Wrapping things up, Patrick Enright agrees that Santa can't fit through a basketball hoop as he wraps things up for the holiday dance.



Takin' it Down, Whirlie player, Tyrone Moss, dribbles the basketball downcourt at the Little Four Tournament played over the holidays.

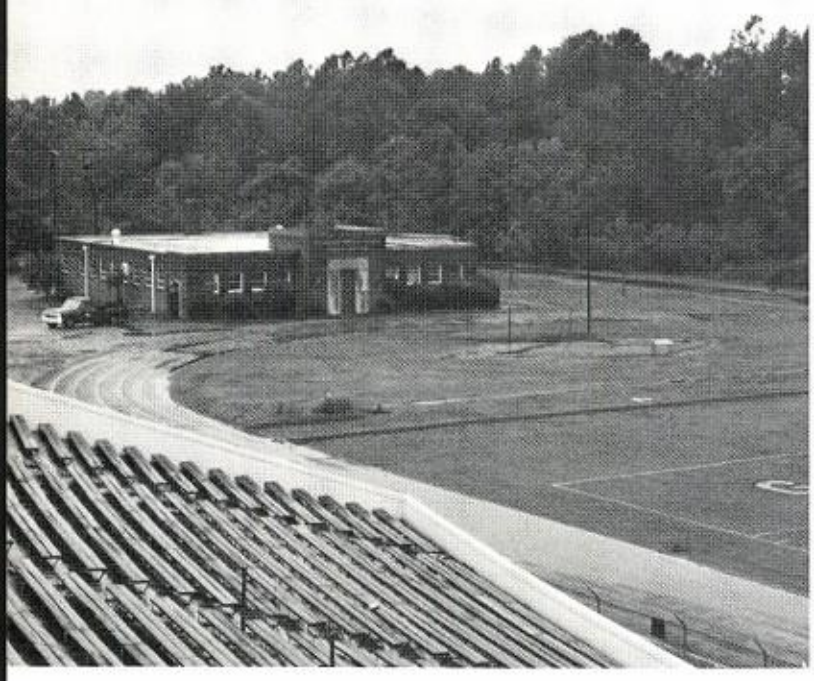
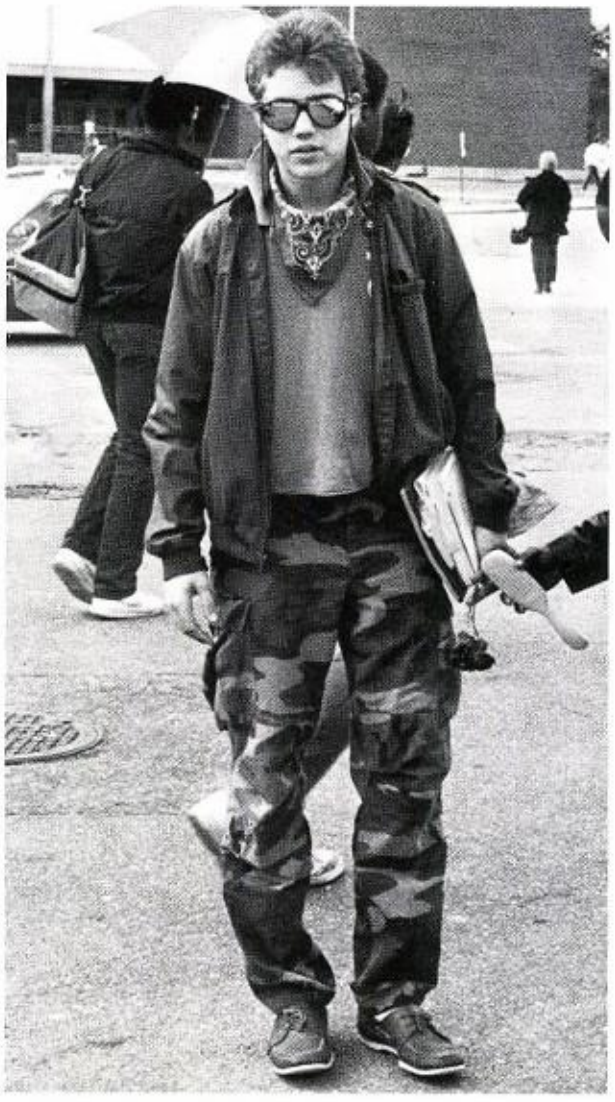
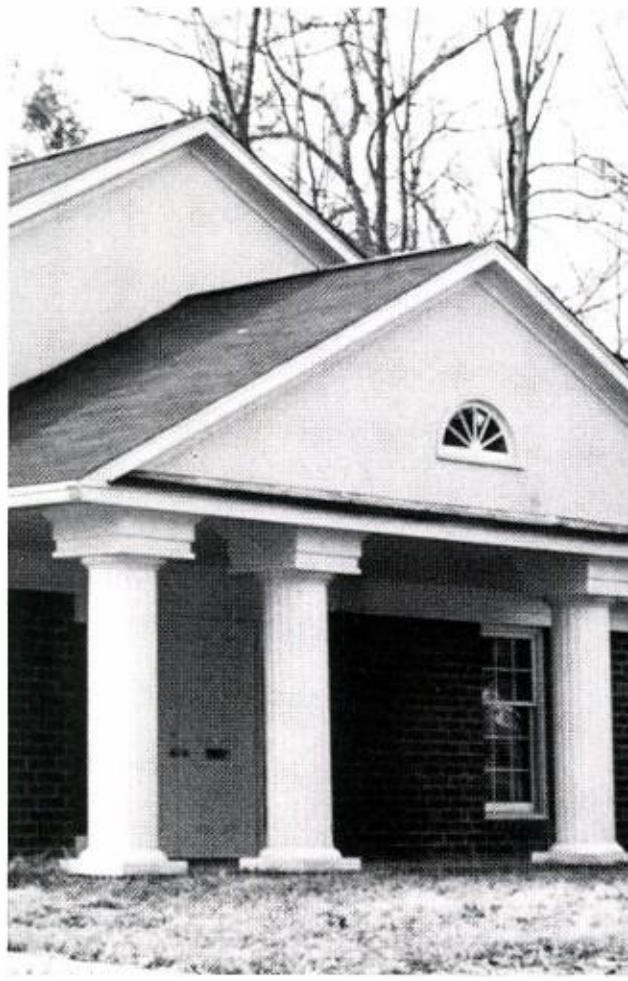
Punkin' out, Scott Davis exhibits a popular style with fatigues, punk glasses, and bandana.

A familiar site, Jamieson Stadium, the epitome of Grimsley life stands as always—a remembrance of the past.





It's moving time. The new coaches building on the corner was the latest addition to Grimsley's long standing buildings.



WHIRLIES AT HOME AROUND CAMPUS

Barring sickness, snow days, and senioritis, the students of Grimsley spent 3 years at the G. That length of time constituted 540 days of sheer, unharbored bliss. During that time, some sights became quite normal; while others could have happened just once in a lifetime.

Jamieson Stadium was a familiar place of normalcy, but then again, a place of fervent excitement as Grimsley won a football game or marked a winning finish during a track meet. Breezeways too were commonplace, until a sudden thunderstorm caught you without protection. The parking lot was taken for granted until a burning car put some zest into the day.

Every inanimate object at Grimsley was ordinary until the students made it something special. And the G was always special from the first day of school until the last exam day. Filled with life, Grimsley was truly never without excitement and spirit.

Let the Music Play! Kris Bernhardt enjoys the sounds of some rockin' tunes as she waits for the lunch bell to sound.

WHIRLIES FOUND AROUND TOWN

The Whirlies' natural habitat was, of course, on campus; but occasionally we did stray from the nest and explore the city of Greensboro.

Our old "flying grounds", as we shall term them, were representative of our senses. The five senses in question?—hearing, seeing, smelling, touching, and tasting. Each of these places can satisfy at least one of these senses.

Grimsley Whirlies did not eat like birds and the place we proved that was at The Commons. La Veranda pizza and the Hamburger Palace provided some tasty treats for GHS students. By the way, what number were you on the La Veranda Grimsley Special Sign Up Sheet?

There were certainly things to see at the Forum. Many hours were spent just "shop looking." When we really wanted to buy out the place, or maybe just visit some working Grimsley students, the best place to be was the ever-popular Thalhimers.

Many students worked at the Terrace theater, and other students thought it a super place for a Saturday date. Movies were always a big attraction especially when the movie was a little risqué.

When it came to sound and music, the students of the G found a fantastic nightspot in the Depot. With its lighted dance floor and booming music, the teen palace really rocked.

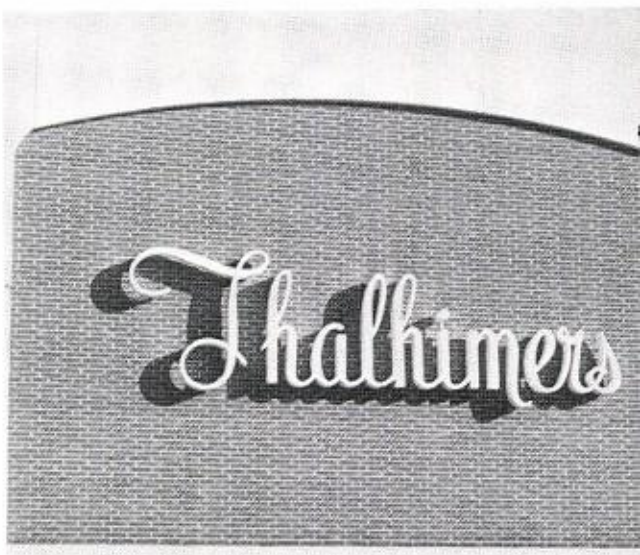
If there ever was any one place that Grimsley students claimed as theirs, it was McDonald's on Battleground Avenue. It seemed as if everyone knew the back alley shortcut, and the use of Wendover back to the G was popular as well. Lunch at the Golden-Arches was always a stand-by, if not a tradition.

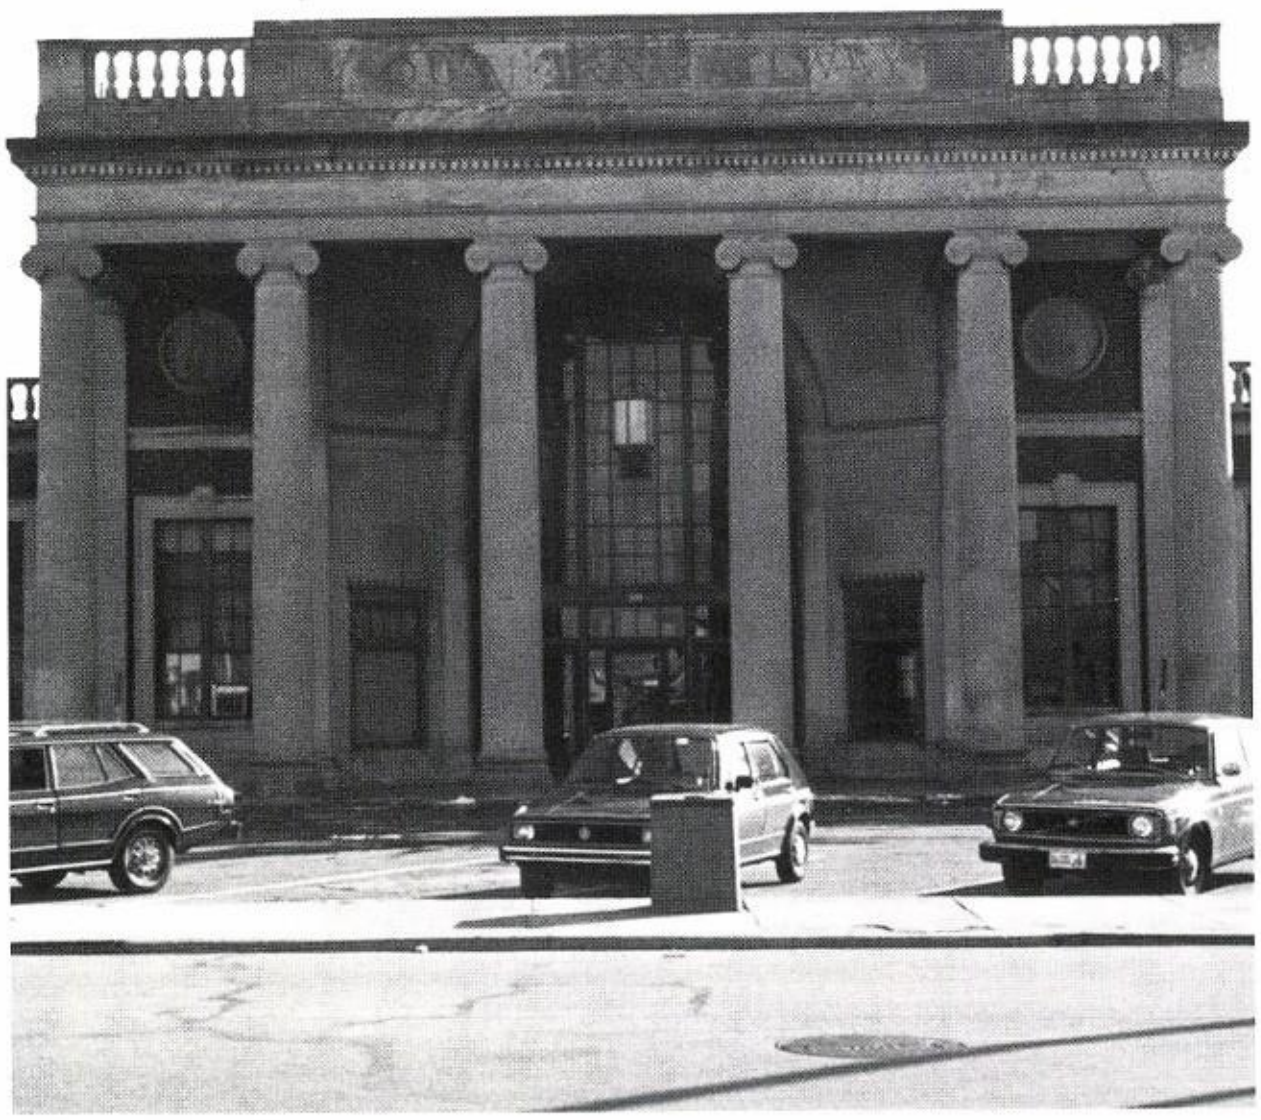
The Coliseum with its 22,000 seats was a buzzing place. We all went there at some time for a concert, and the seniors enjoyed a specific attraction for the building. The feeling of graduation, of achieved success, was large enough to fill the walls of the Coliseum to overflowing.

As we grew to know and love Grimsley, we also became better acquainted with Greensboro. Just as Grimsley was a home, so were many spots in the city. The Whirlies were truly at home anywhere.

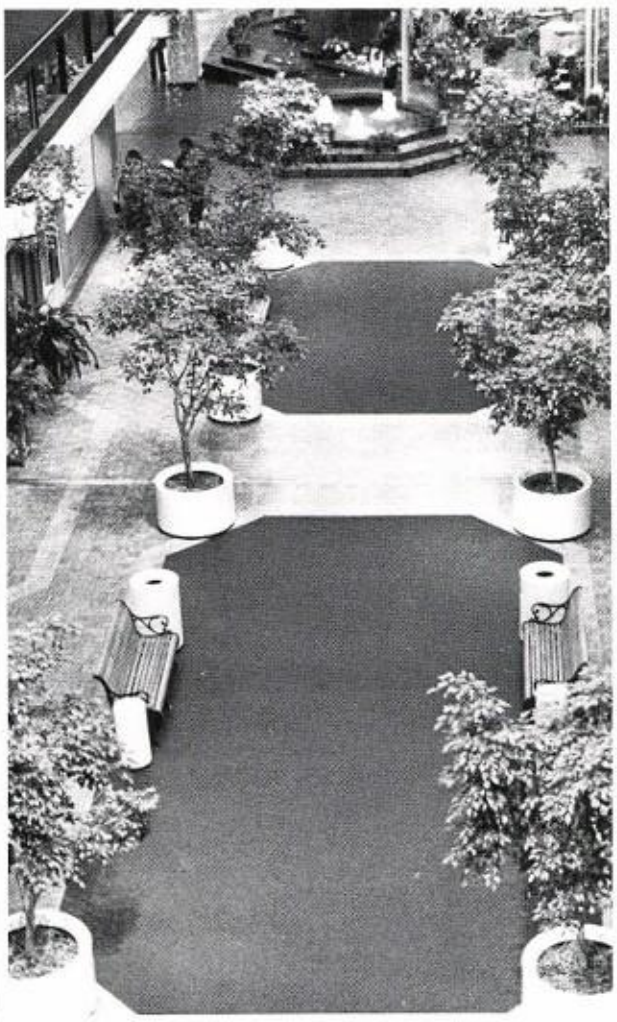
Whirlies #1½ Store. Can you identify this store merely by the inside displays? If not, look for a hint on this page.

The Hint is Here. Yes, of course, it's Thalhimers. Working or shopping, it was a great place to be.





The Rockin' Railway! The Depot, teen-planned nightspot for junior and senior highs, was a great place for some rockin' fun.

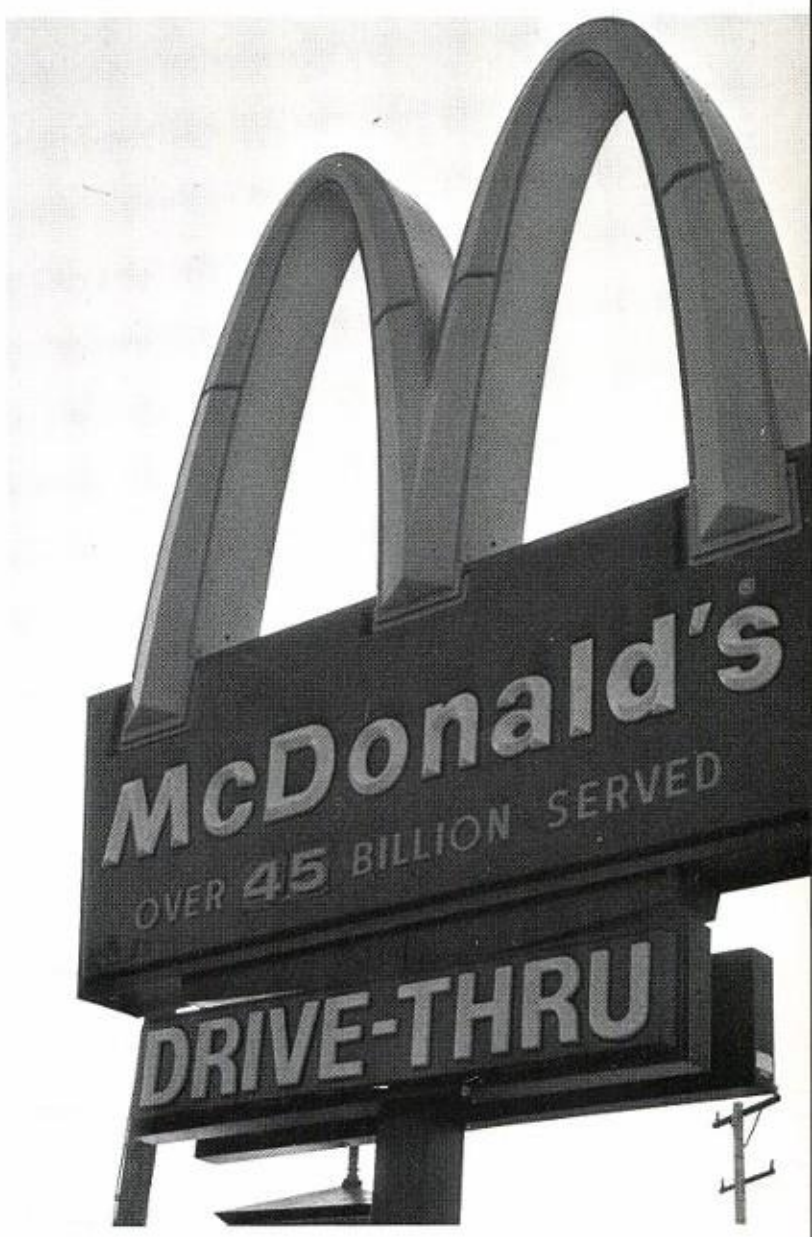


Walkin' the Straight and Narrow. The Forum VI with its eye-catching layout helped make rainy afternoons more exciting for shopping Whirlies.

It's at the Terrace. To catch a flick, the best place to go was the Terrace Theater at Friendly Shopping Center.

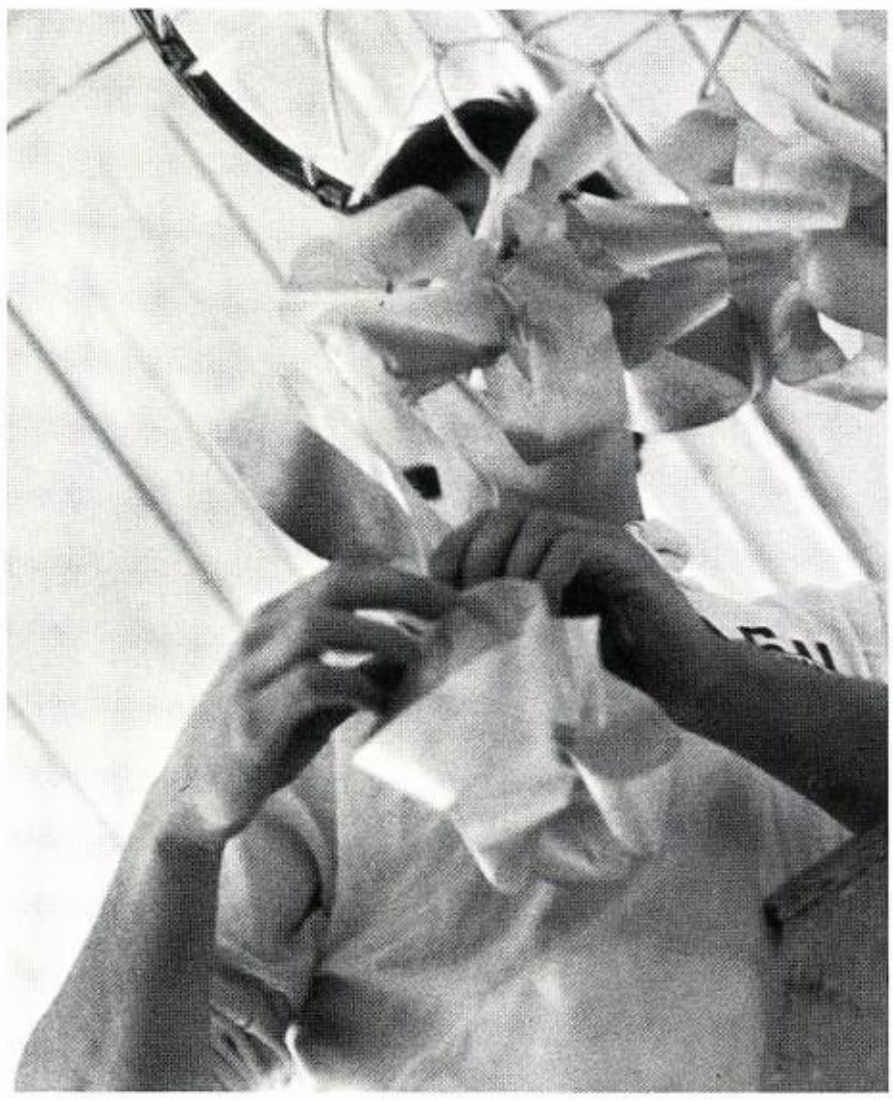
It was Uncommon. The Commons, with its separate food places, provided diversity for all of the diverse students at Grimsley.

Oh! What a feeling. Whether rocking to the sounds of our favorite musical group, or marching to the strains of Pomp and Circumstance, Whirlies had a special feeling for the Coliseum.



Those Golden Arches! Of the 45 billion served, Grimsley students accounted for many of that superfluous number.

Ghostly Whirlies! Spirits were high at a Grimsley game.



THE WHIRLEYGIG NEVER MACES

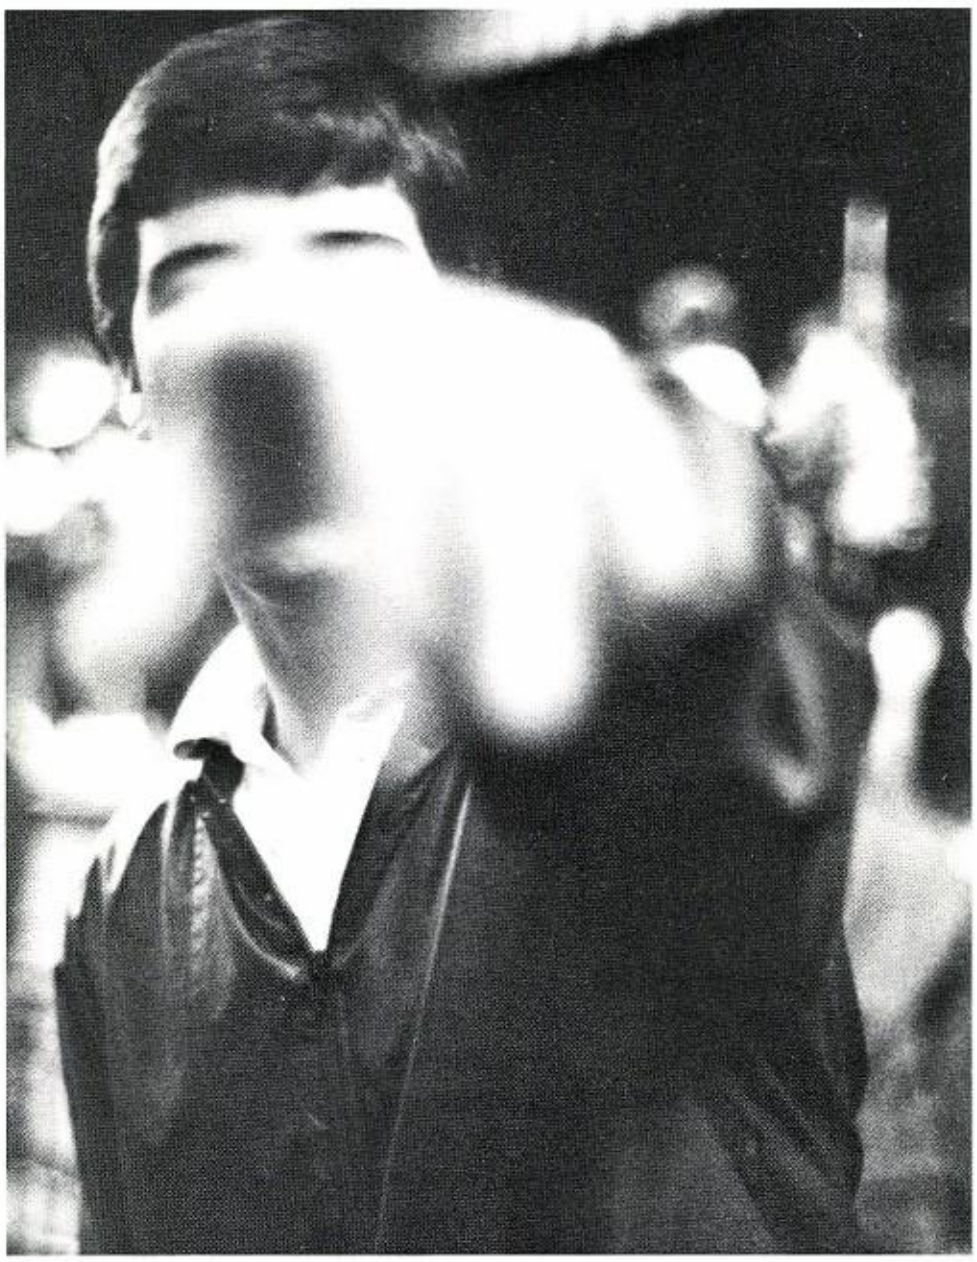
Whoops!! Erase that. O.K. we admit it; we do have erasers on the ends of our pencils. The Yearbook does make mistakes; some undetectable to the Bird's Eye, others more of an Eyesore. But hey, why keep these beauties to ourselves, Amy said, share — it's the American way. We have dug out of our bulging "Whoops!!" folder some pictures that best represent the fallacies of THE WHIRLIGIG. We are confessing our many sins. We hope that by revealing some of these minute imperfections that the student body will come to know better the problems of composing a yearbook. Sure, it's over now, but think how you would have felt if photographers had handed you these pictures!

What an artist! Pat Enright creates his own masterpiece as he hides behind the ribbon.

Look at all this dirt. This is our resident dirt pile located behind some nondescript building.

ANEE MISTEAKS

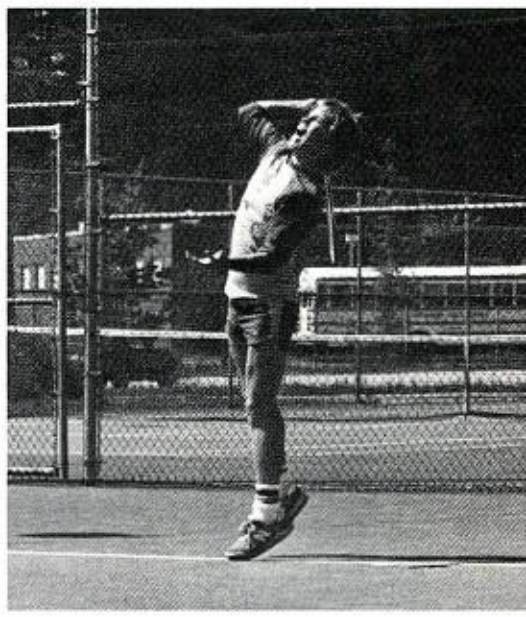
We want you! Mike English points his finger a little too close to the camera.



Knock, Knock? Who's there? Who Knows?

What's missing? Joey Kirkman sets up for the slam, but where is the racket?

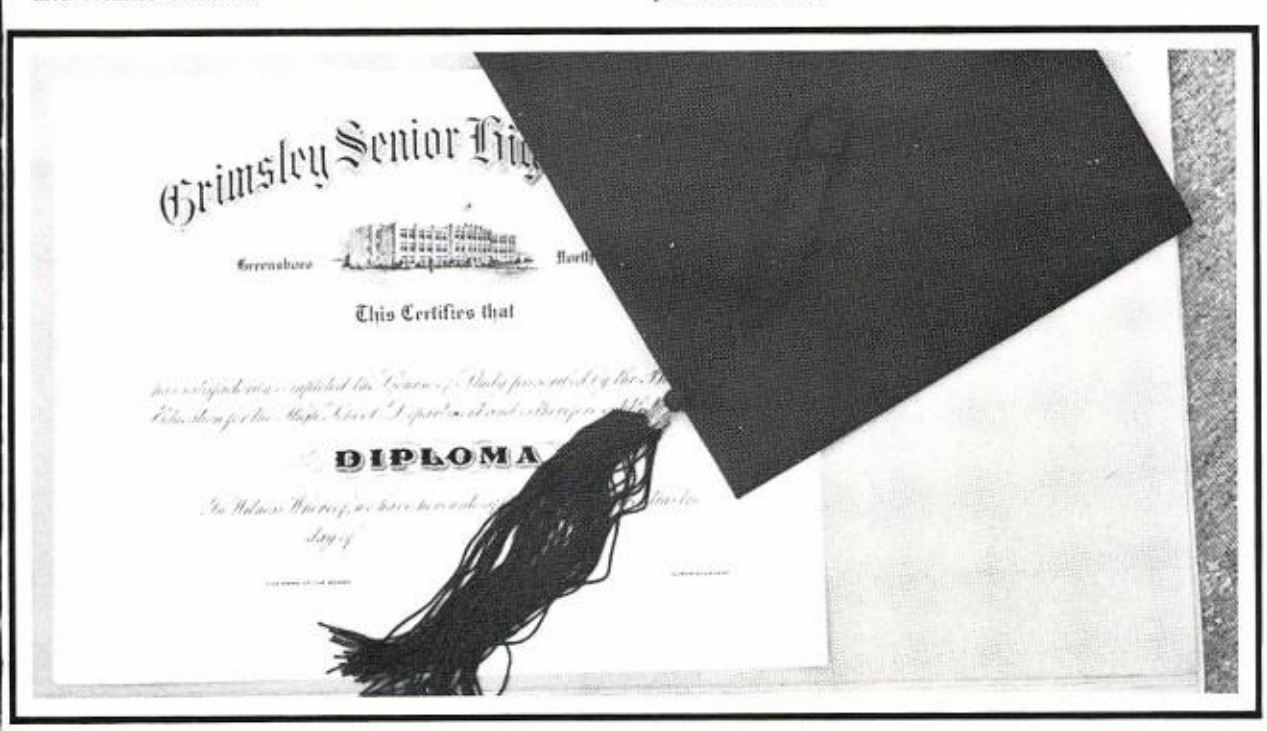
A faceless Whirlie? Who is this mystery player setting up for a basketball shot?



THERE IS STILL LIFE AT GRIMSLEY

Spirit Soars High, The resemblances of sought-after spirit and pride appear as letter jackets, pom-poms, and Whirlie banners.

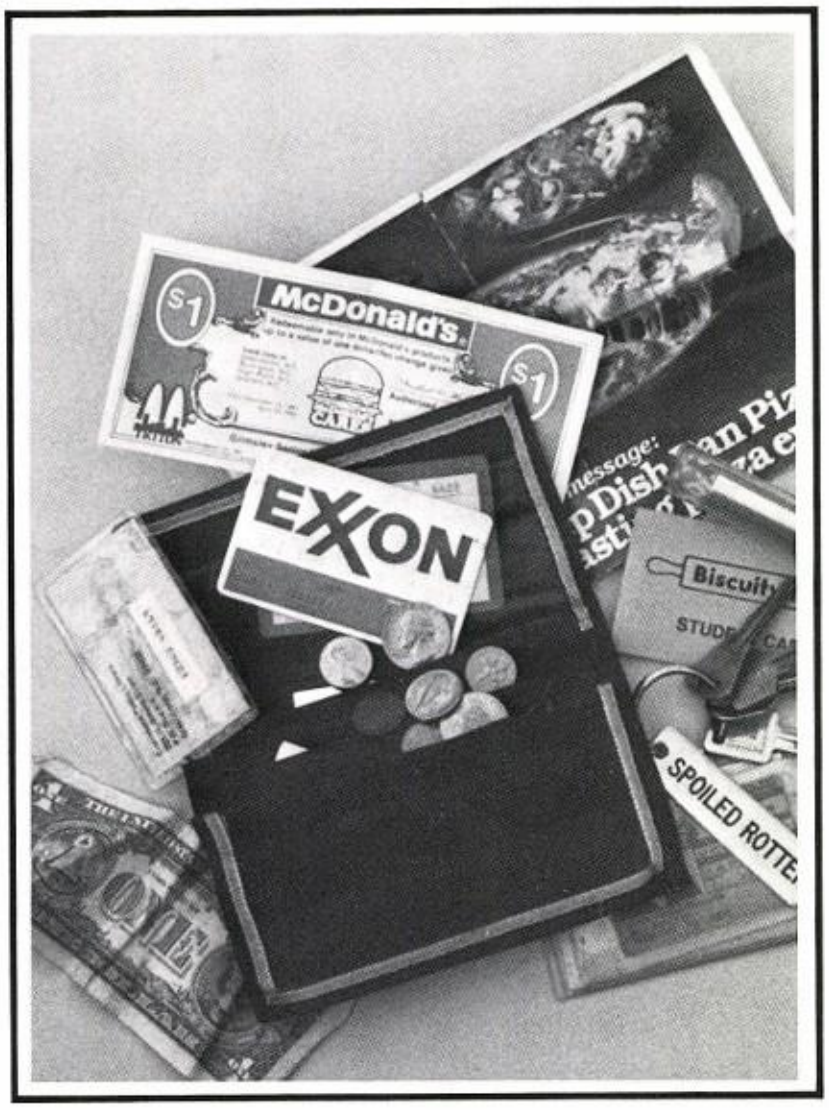
Gone a Questing, As each student enters Grimsley, he enters upon a quest—the realization of a graduating senior. The representations of success are pictured herein.

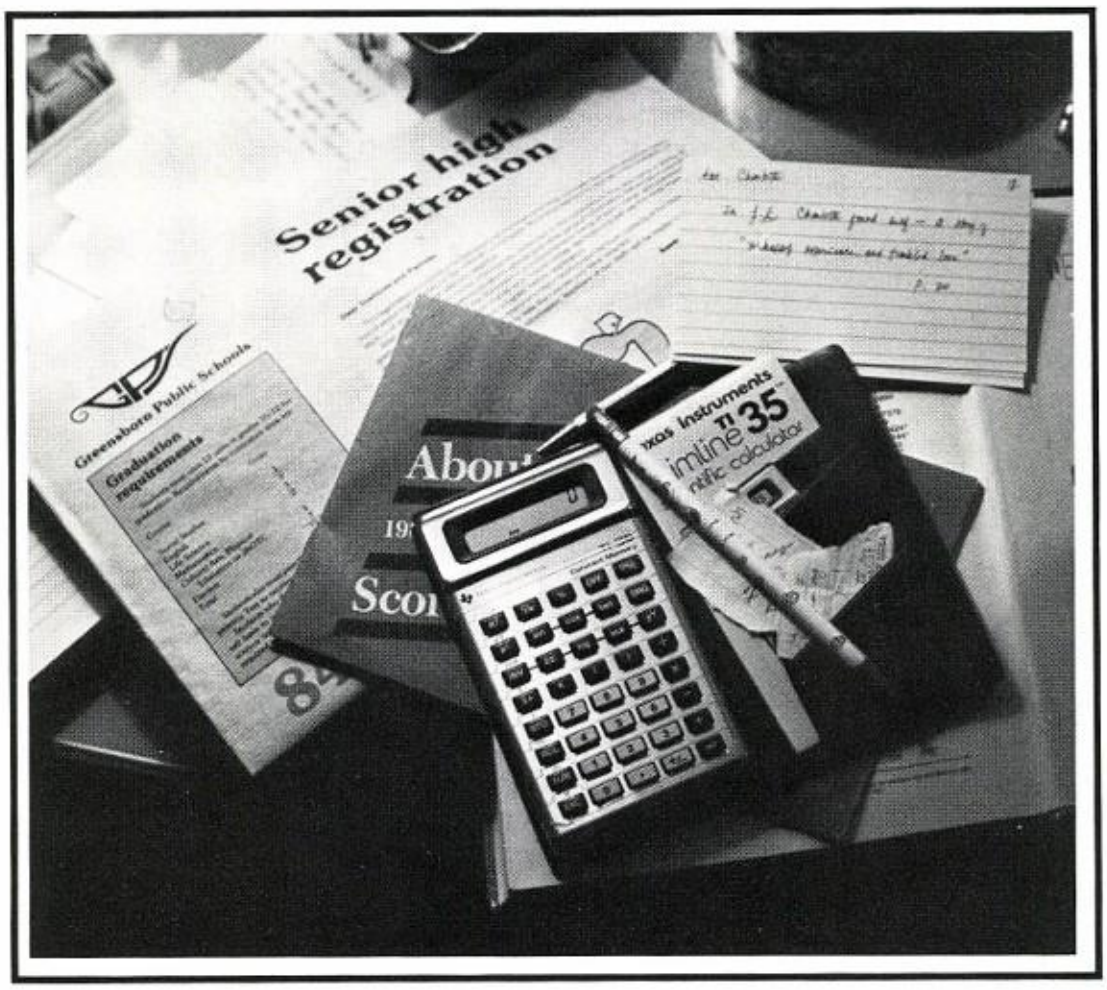


Life at Grimsley is filled with hallways, classes, teachers, lockers, seniors, friends, the Grove cars, early and late lunch, the administration, dances, snow-days, football games, sports, pep-rallies, spirit days, and love.

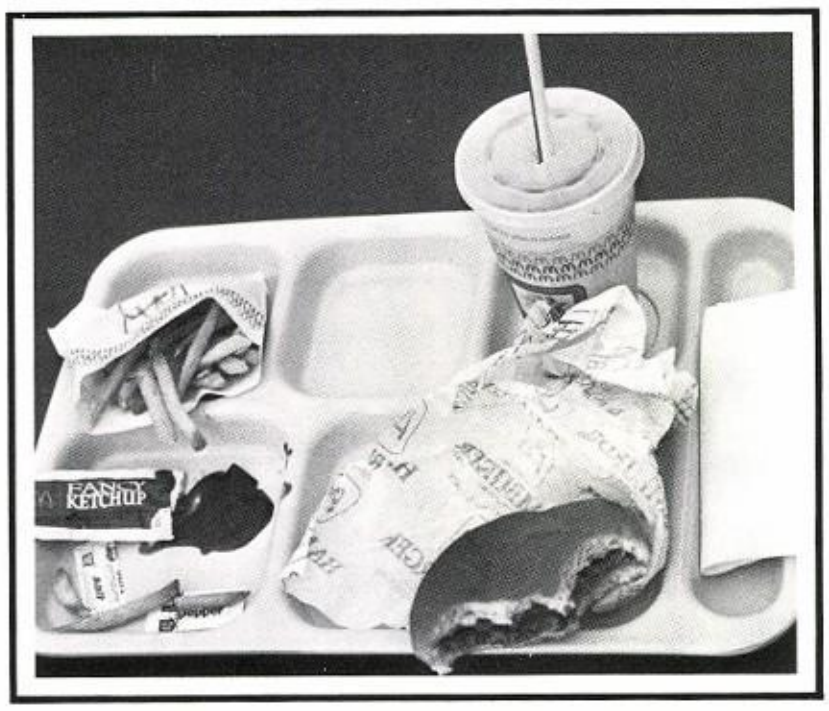
Sometimes students become so engrossed in grades and homework that momentarily the spirit fades and the implications of the Grimsley family become less important. But that is all right because grades are one of the most important aspects of senior high.

Eventually the spirit returns, perhaps at a Friday night in the gym, or during a rousing round of Right On! Right On! Then we are united again as a family; revolving and evolving around our school. As our spirit reigns, so does our life. These pictures show not only the still life of Grimsley but also, in their solitude, that there is still life at Grimsley.





Empty Your Pockets! An average Whirlie's pockets are filled with representations of Grimsley: McBucks, student cards, Pizza Inn coupons, driver's license, keys; and always the important money.



Hitting the Books. Students spend a great many hours studying; however, study habits such as neatness aren't always primary in the Whirlie's mind.

You deserve a break today. Yes, indeed everyone deserves a break from the cafeteria food sometimes; so we compromised McDonald's food on a Whirlie tray.

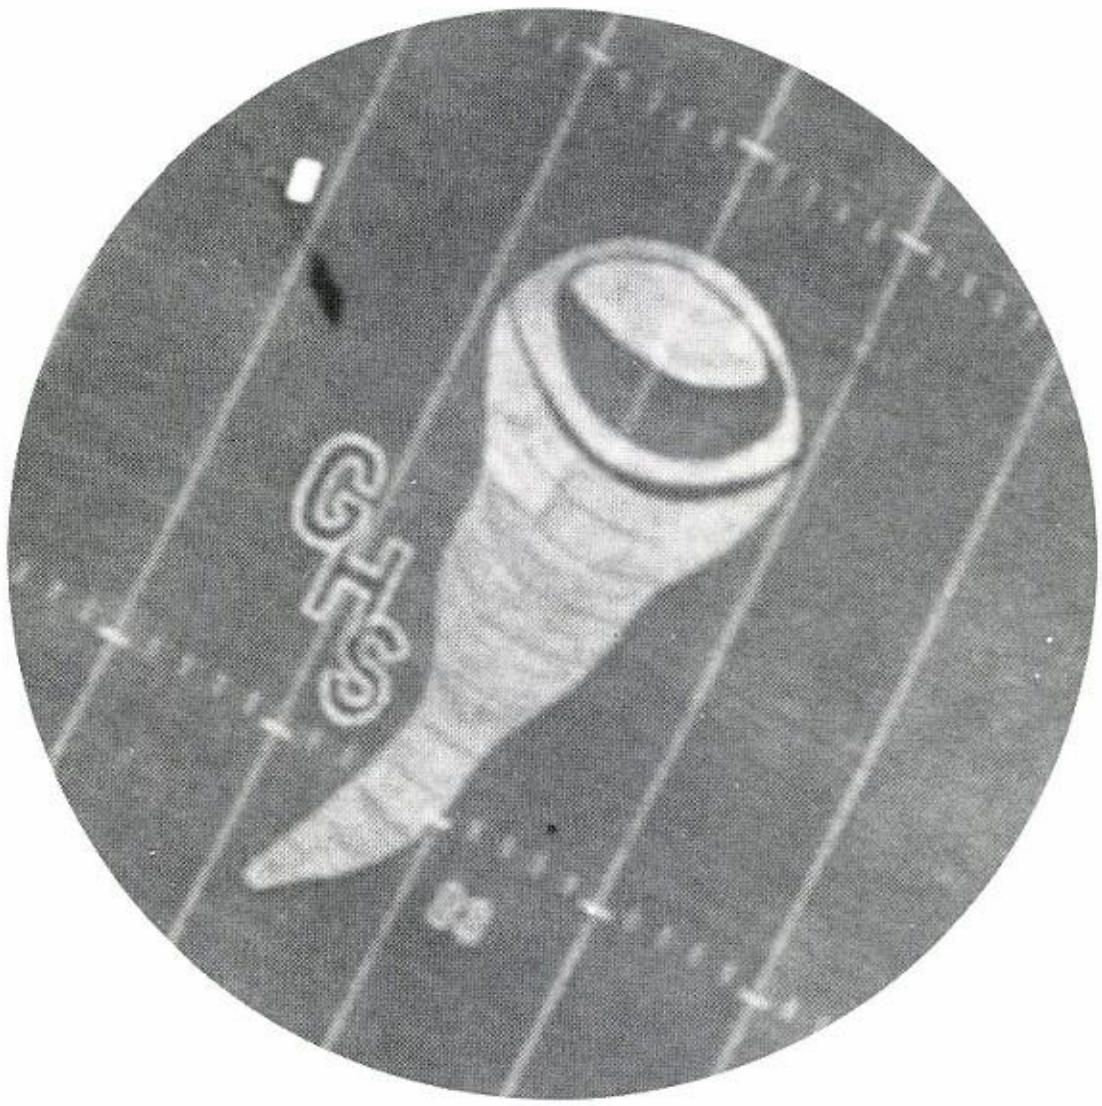
A BIRDS-EYE VIEW OF ATHLETICS

Whirlie Athletics. Athletic excellence is something few schools get to experience. And to be able to build a winning athletic tradition in all areas of sport is something even fewer schools can brag about. Combine that kind of athletic superiority with academic achievements that are unequaled by any school in the country, and you have just started to describe the Whirlie tradition. Grimsley has proven, year after year, that perhaps the best student-athletes in the country are bred right here.

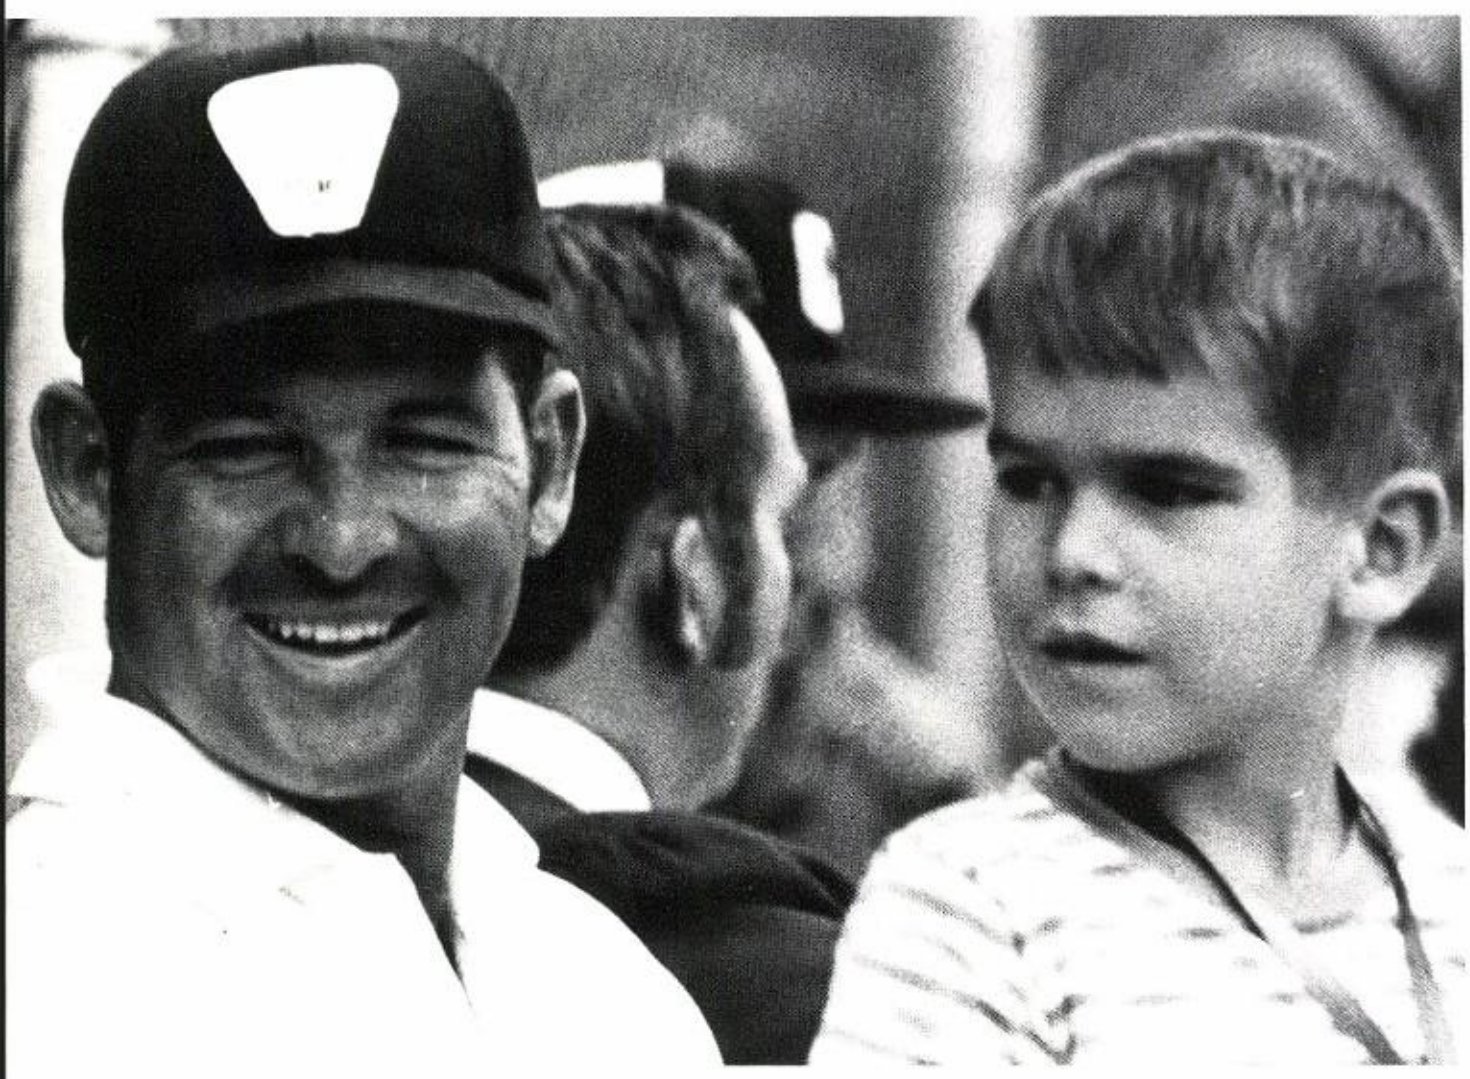
On Sept. 9, 1929, the doors of Greensboro Senior High School opened. At the same time a tradition was started — a tradition that has been built on every year since then. The young men and women on Grimsley's athletic teams have constructed this athletic tradition on winning. And the tradition lives on, in spite of the fact that a losing season (although rare) sometimes can come about. Grimsley's athletes are winners whether or not the scoreboard is in our favor. Striving to be the best, giving everything you have all the time, learning from your mistakes and building upon that knowledge — that is what real winners are made of. And that is why Grimsley's athletes excel. They are motivated. They want to learn. And this is why no challenge looms too large, or any contest too small. Devoting yourself to be the best you can; working hard to reach your potential; determined; striving for perfection. This is what makes Grimsley's athletic program excellent. In a class by itself — Whirlie Athletics.



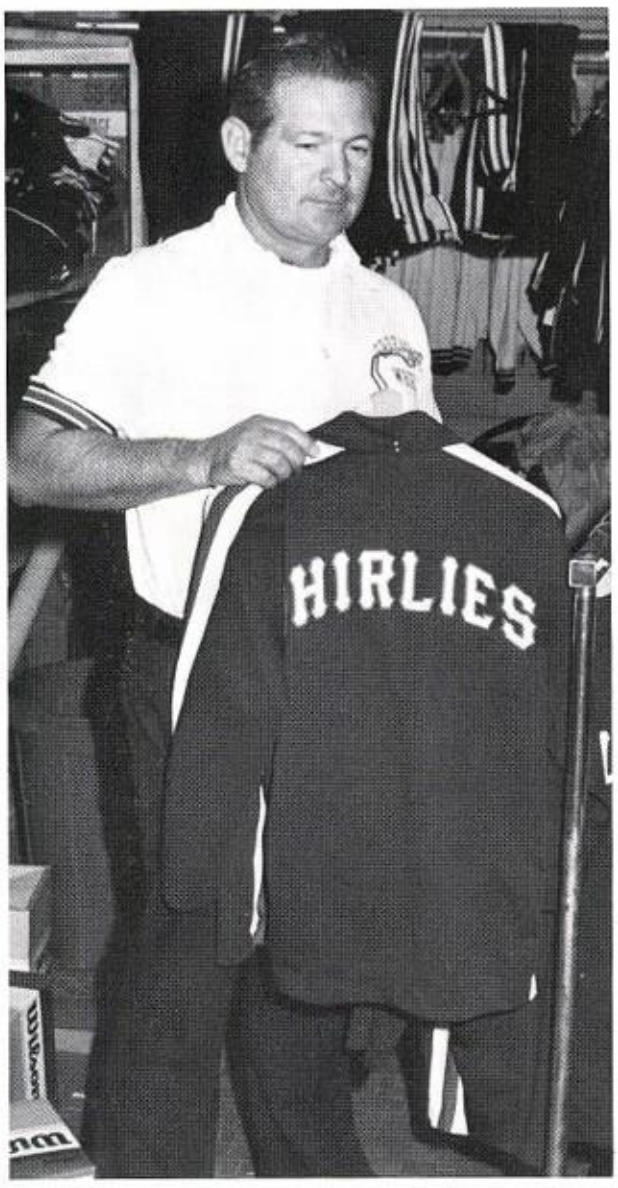
Running with Style, Andy Reed shows Whirlie style as he sprints for the finish line.

"Let's Go!" Being a strong spokesman is only one of the many qualifications that make a great coach.

Hard Labor. Coach Sawyer keeps all of Grimsley's athletic fields looking great — all year round.



"That's My Dad!" David Sawyer watches his father intently, wanting to learn all he can to become a better athlete.



Organization. Organizing all the uniforms and warm-ups is a time-consuming job for an athletic director.

Always Victorious. Coach Sawyer gives a familiar pep talk to one of his 15 state championship swim teams.

IN DEDICATION TO COACH ROBERT SAWYER

The 1984 **Whirligig** is dedicated to Coach Robert Sawyer, the Athletic Director at Grimsley High School. Perhaps no single individual has done more for Whirlie athletics — first as a student, then as a coach — than Robert Sawyer. The dedication, enthusiasm, and competitiveness that shone through as an All-American swimmer twenty-five years ago still is prevalent today as coach and athletic director for his alma mater.

Coach Sawyer's determination and will to succeed started long ago as a student in the Greensboro Public Schools. Upon entering Greensboro Senior High School, Sawyer found great interest, as well as athletic ability, in swimming. In his junior and senior years he was the N.C. high school backstroke champion, as well as being co-captain his senior year. East Carolina College was where Sawyer decided to continue his career. By his sophomore year he was a co-captain of the swim team and was named NAIA backstroke champion. E.C.C. also won the NAIA National Championship. He repeated both these honors his senior year and was named All-America in swimming as well.

But Sawyer was involved in more than just athletics. The discipline and values he learned in athletics he put to use in other aspects of life as well. His senior year, he was Treasurer of E.C.C. Senior Class and graduated that year with a Business Administration degree. The following year he received a Physical Education degree from E.C.C. as well as being named "Who's Who Among Students in American Colleges and Universities." He then attended Graduate School at the University of Tennessee and received his Masters in Physical Education. He was graduated from Tennessee cum laude. That same year, 1961, Coach Sawyer began teaching here at Grimsley.

As a coach, no one can surpass Coach Sawyer. He has led the Grimsley boys to fifteen state championships in swimming; he has coached football, track, and cross country in addition to swimming and diving; he was a nominee in 1976 of Southeast Region for National High School Swim Coach of the year; and in 1979 he was selected Coach of the Year for North Carolina by the N.C. Association of Sports Broadcasters. He is a loving, caring, gentle man who has a genuine interest and friendship with his athletes. A coach not only should be able to teach athletics, but should also be able to put sports in a proper prospective in life. He should teach good sportsmanship and ask nothing more, or less, of his athletes than giving 100 percent all the time. That is what makes winners. And that is what makes Coach Sawyer a wonderful person and coach.

Coach Sawyer is a super human being whom we can all look up to with admiration, love, and trust. Thank you, Coach Sawyer, for everything that you have done for Grimsley High School. You have added a little special something to so many people's lives — and on behalf of the 1983-84 student body — Thank you.

Superior Athlete. Being inducted into East Carolina University's Sports Hall of Fame is only one of many honors that have been bestowed upon Coach Sawyer.

GHS REACHES PLAY-OFFS AGAIN!!

The 1983 edition of Grimsley's varsity baseball team once again showed why the Whirlies are considered one of the baseball powerhouses in the state. In what most people were expecting to be an "off year" for the Whirlies, Coach Johnson and his crew captured its 3rd straight conference championship and a state playoff berth for the 3rd time in 4 years. The Whirlies also placed six players on the All-Conference team: Tony Graham, Pat Parr, Mike Elkins, J.B. Baynes, Kevin Parr, and Bobby Oakley. Oakley was also named as The Player of the Year in the conference.

If there was a weakness in this ballclub, it was in the lack of pitching depth, according to Coach Johnson. But even so, strong individual efforts from Bobby Oakley (pitching). J.B. Baynes (shortstop), and Eric Albright (second base) led the team to the playoffs.

Coach Johnson thought the team met all goals and expectations, but would have liked to have gone further. "Under the circumstances, we did the best we could," Coach Johnson explained. "The players made the necessary sacrifices needed to succeed. They put forth outstanding effort, and it's a pleasure to work with young men who'll work hard to achieve. You can't ask for more than that."

The Boys Are Back In Town! Tyrone Moss, Jay Knox, Mike Elkins, and Pat Parr grin with determination of the beginning of a game.

JUST-A SWINGIN'

The 1982-83 softball team of Grimsley fared well in the season. The team had a very impressive season by having a record of 16 wins and 4 losses. The team, led by Denise Ford, Angie McEachirn, Helen Watkins, and Angie Polk, won the conference and did exceptionally well by advancing to the 3rd round of the State Playoffs. Coach Phil Weaver was impressed by the performance of the sophomore class, which played a big part in the teams winning effort.

"Put me down for a 'birdie'." This was a common phrase used by Whirlie golfers such as conference medalist Jay Patterson, and All-Conference player Mike Turner.

Coach George Kenerly was very pleased by the golf teams' performance. Following a shakey start the team got things on track by having a winning season.

Captain and MVP Jay Patterson returned for the 1984 season, with lettermen Scott Smith, Mike Turner, Alan Parrish, John Higdon, and Billy Eastwood.

Both Coach Weaver and Coach Kenerly were pleased with the teams' overall performances and are looking forward to a strong and successful season this year for the Whirlies.

WHIRLIES SPRINT TO FIRST

Although Grimsley has always been a perennial power in North Carolina high school track, the Whirlies had not won the team championship for the state in nearly sixty years. The 1983 Boys Track Team, coached by Russell Woodward, claimed this elusive title by demonstrating strength in many areas — sprints, relays, distance races, and the discus.

Setting the pace for the Whirlies was senior Delton ("Chuck") Hall, who was unbeaten in the 400 dash for the season and was the State Champion in that event. Another State Champion was senior Reuben Davis in the discus, after dominating that event all season. Allen Ford, another senior, capped an outstanding track career at GHS by finishing second and third in the state in the grueling 1600 and 3200 meter runs.

Although somewhat over-shadowed by the State Championship won by the Boys Team, nevertheless the 1983 Girls Team also had an outstanding season. Eleven All-Conference positions were won by the Whirlie girls, as the team compiled a 4-1 regular season record.

Coach Woodward's girls were led by Felicia Carter, Janice Tatum, Pam Dingle, Sarita Davis, and Andrea Bryant in the sprints and relays, Toni Bryant in the 800, and Wendy McLees and Stephanie Ingram in the 1600 and 3200 meter runs.

The GHS Girls Team finished first in its Conference meet. Then its season culminated with Grimsley winning its first team Sectional Championship, while utilizing outstanding individual performances and team depth to demonstrate that the Whirlie Girls were also winners!

Serve, lob, volley, net, let, fault, ace. These terms were very common to the boys' and girls' tennis teams of Grimsley High School. Both teams were made up of freshmen, sophomores, juniors, and seniors.

The '82-'83 boys' tennis team, coached by Mr. John Hickey, was led by five very talented young men. James Krege, Paul Hager, Greg Priddy, Augie Diodatti and Warren Lewis were the five starters for the Grimsley Whirlies.

The team finished the season with an outstanding record of 12 wins and 5 losses, while they went undefeated in conference for a sixth straight year, with a record of 9 wins and no losses.

Three Whirlies were selected All-Conference: James Krege in both singles and doubles, Paul Hager in singles, and Greg Priddy in doubles. James Krege was also selected as "Conference Player of the Year."

Although the '83-'84 girls tennis team, coached by Miss Tamblyn, was slightly below a .500 season, the young team faired well in the sectionals, finishing a very respectable fifth out of twenty teams. Leading the Whirlies were Ginny Wade, a junior, and Kim Sullivan, a senior, who were both named to the All-Conference team.

AWESOME SOCCER SEASON

The Lady Whirlies once again showed what a dominating power Grimsley is in girls soccer. Compiling a winning record over the past three years which is unmatched by any other athletic team in the Greensboro area, Grimsley simply dominated any and every opponent that came its way. Except for a heartbreaking loss to Page in the last game of the season, the Whirlies dismantled every foe just as it had done the two previous seasons. Over the past three years, the ladies have racked up 43 wins against ONE loss! No other athletic team in Greensboro has come close to matching this record or the team's winning streak, which ended at 43 games.

The backbone of this team included senior all-conference selections Holly Everton, Sid Lysiak, Mary Berry, Mary Imbus, Cheryl Lindsay, Wendy Wichard, and junior Kathleen Cullen. Angie Johnson and Michelle Andrews were also invaluable to the team. Coach Lambert was named Coach of the year in the conference for the 2nd straight year, and Sid Lysiak was chosen as player of the conference. Holly Everton won the coaches award for outstanding play.

In the 1983-84 season, Grimsley continued to build upon its awesome record in spite of the fact that six starters were lost to graduation. Angie Johnson, Michelle Andrews, and Kathy Cullen headed the returning lettermen while sophomores Stephanie Payne and Stacy Tirella supplied much talent.

Man, I'm good! John Strickland thinks he might be as good as Pélé now!

GHS BOYS LACE THE NETS

The 1983 boys soccer team started the season out with the Sedgefield Soccer Shoot-out, in which the Whirlies won one game and lost the other.

The team's accomplishments were much higher than anticipated. Out of 17 games played, only two were lost (each by only one goal). Over 101 goals were scored by the Whirlies in 14 games.

Many of the players received special recognition: Larry Reece made second team All State and Greg Newell was named All State Honorable Mention. Mike Woodell, Mark Johnston, Ken Jones, Greg Newell, Larry Reece, Kevin Harron, Billy Williams, Will Howle, and Loc Nyugen were selected to the All Conference team. Larry Reece was also named as the Player of the Year in the conference.

Coach Herk DeGraw summarized the season by saying, "These are a great bunch of fellows who represented their school well and really worked hard." What more is expected from a Whirlie?

WHIRLIES LEAD THE PACK

After losing four seniors from the 1982 team, which distinguished itself by finishing in the state's top three for three years, the Whirlies faced a major rebuilding job in 1983.

Having one of the small teams (six members) in the history of Grimsley Cross Country, the team was able to go through the conference season unbeaten. Their 6-0 record continued an unbeaten string in the conference that now stands at 42-0 over the past seven years.

Andy Reed, a sophomore, consistently led the team through the season. Somewhere near him was Jim Leone and brother John Leone. Senior Chris Edwards, sophomore Paul Bates and junior Mark Spessard rounded out the team.

The boys distinguished themselves with fine performances in the invitational meets around the state . . . Buies Creek, Charlotte, Raleigh, and Boone, and through sickness and injury were still able to qualify for the State meet by finishing an excellent second in the sectionals. And out of the top ten teams in the state, this year's edition of Whirlie Harriers finished fifth.

With two talented seniors and two up-and-coming ninth graders, the 1983 Girls Cross Country team became recognized as a force to be reckoned with at the state level in the sport.

Wendy McLees led the team throughout the season and was able to peak her performance with a sectional championship (in which she set a course record) as well as a fourth-place finish in the state meet. This last achievement qualified her for "All-State" honors.

Her senior running mate was steady, dependable Stephanie Ingram who also served as the spiritual force behind the team.

Two talented ninth graders, Stacie Watkins and Maureen Musgrove adjusted to the heavier workload and became seasoned veterans by state meet time. Their contribution was invaluable.

The supporting cast was led by Laura Howard, Elizabeth Taft, and Susan Rutishauser.

The Lady Whirlies brought home trophy after trophy from the Saturday Invitationals; Campbell Invitational, second; State Invitational, second; and Boone Invitational, second. But in the most important meets, the Sectional and the State, the girls really sparkled. A Sectional championship and a Third place in the State meet was the fitting conclusion of a very successful season.

With determination — Stephanie Ingram keeps her eye on the finish line, hoping her legs will make it.

Like any other team, the GHS volleyball players would have liked to have finished first in the conference, but it brought home the 3rd place trophy proudly. Coach Pat Addison was "pleased with the team's overall performance."

Two team members, Kathy Cullen and Angie McEachirn were selected for All-Conference Honors. Their excellent skill and ability in the sport allowed them to lead the team to a 6-4 conference record.

Junior leader Denise Ford was considered one of the spiritual leaders of the team. Those assisting her were Andrea Bryant, Liz Stiles, and Angela Polk.

Sophomores contributed immensely to the team, if not in skill, in support. Commented Coach Addison, "Sophomores, although the most improved players, had the most room for improvement."

Overall, the entire season was a success for all team members. As in each Grimsley sport the Grimsley volleyball players, put forth a 110% effort towards the winning season.

WHIRLIES KNOW HOW TO SCORE!

The 1983-84 Whirlie Football Team began its season with an impressive 14-0 win over defending state 3-A Champion Burlington Williams. The team continued its non-conference schedule with victories over Reynolds and Smith, a one point lost to High Point Central, and a loss to Page, the eventual State Champion.

Grimsley narrowly missed the conference championship by close losses to Parkland and Andrews, and the team completed its season by defeating West Forsyth for a season record of 6 wins and 4 losses.

In addition to the team's accomplishments, several members made all conference! Mike Elkins, Mike Queen, Brian Gay, OJ Polk, Jay Knox, Bryan Carter and Brad Knott. Eric Smith was a defensive standout. Allen Leonard was named defensive captain as he greatly improved along with Rex Tonkins and Schuyler Culver.

The season is best summed up with the words of Coach Knox — "We were not disappointed but we would have liked to have been in the State playoffs. Yet this is one of the greatest seasons I have ever experienced because of the great attitude of all players and coaches."

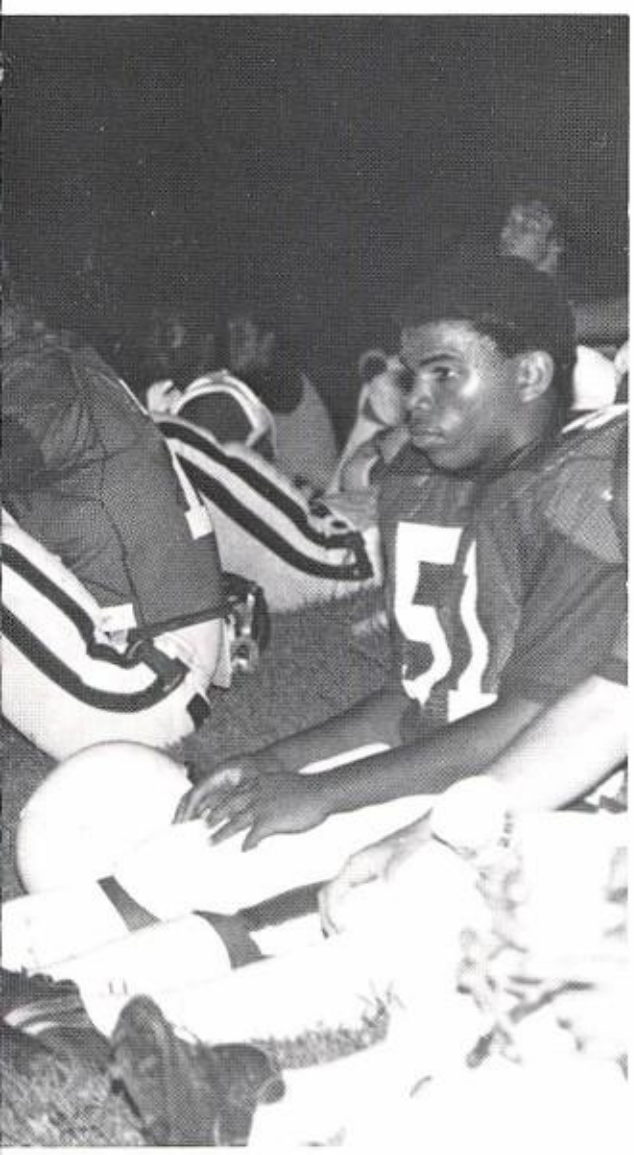
KNOX – A WINNING WHIRLIE!



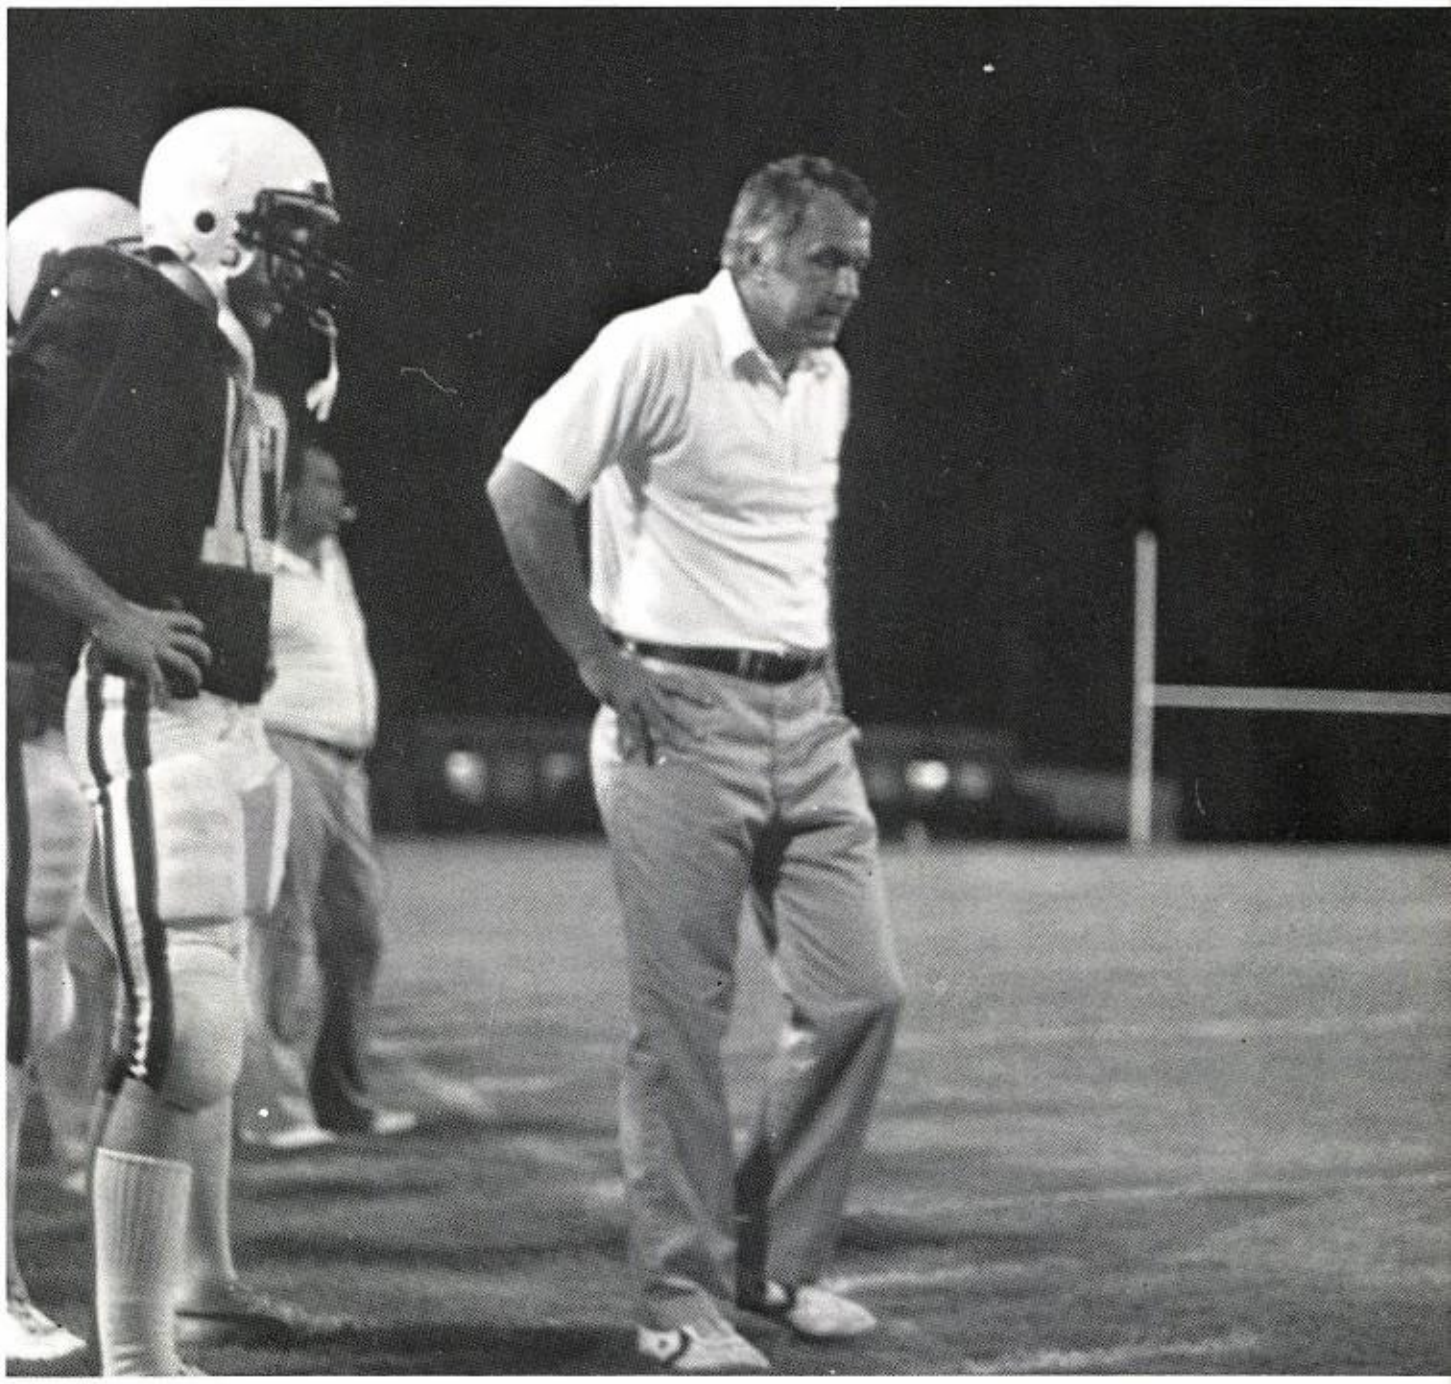
Coach Knox. The name conjures up images of a towering man barking directions to his math classes or his football players. Yet, those who know him, know him as a tender, caring and compassionate man with great teaching ability on the field, in the classroom, and in life in general.

Knox has spent 23 years of his life coaching. He has been head football coach at Grimsley for 5 years, and in that time-consuming job of coach, he has come to know, help, and support many of GHS athletes. Ironically, he has resigned his position as head football coach because he believes that he needs more time to do things with his own family.

His stories of his own and others' experiences have perhaps taught us to examine our lives and helped us realize that maybe "some of this stuff this guy says is true." Though his directness can appear cold, we really get a feeling that he cares a great deal for the GHS student body.

Next year, Coach Knox will be sitting at the football games on the bench — the bench of a spectator. No longer will we hear him yelling orders to the players, now we will only hear him shouting his support of the GHS Whirlies. We'll miss Knox on the football field, but are really pleased to have him stay as a math teacher.

What we owe Coach Knox is a "thank-you" — a "thank-you" that says "you're great!"



Thanks a bunch! Accepting congratulations for their victory, Coach Knox receives praise from his assistant coaches.

Can we do it? Coach Knox prays that the GHS players can score the winning touchdown.

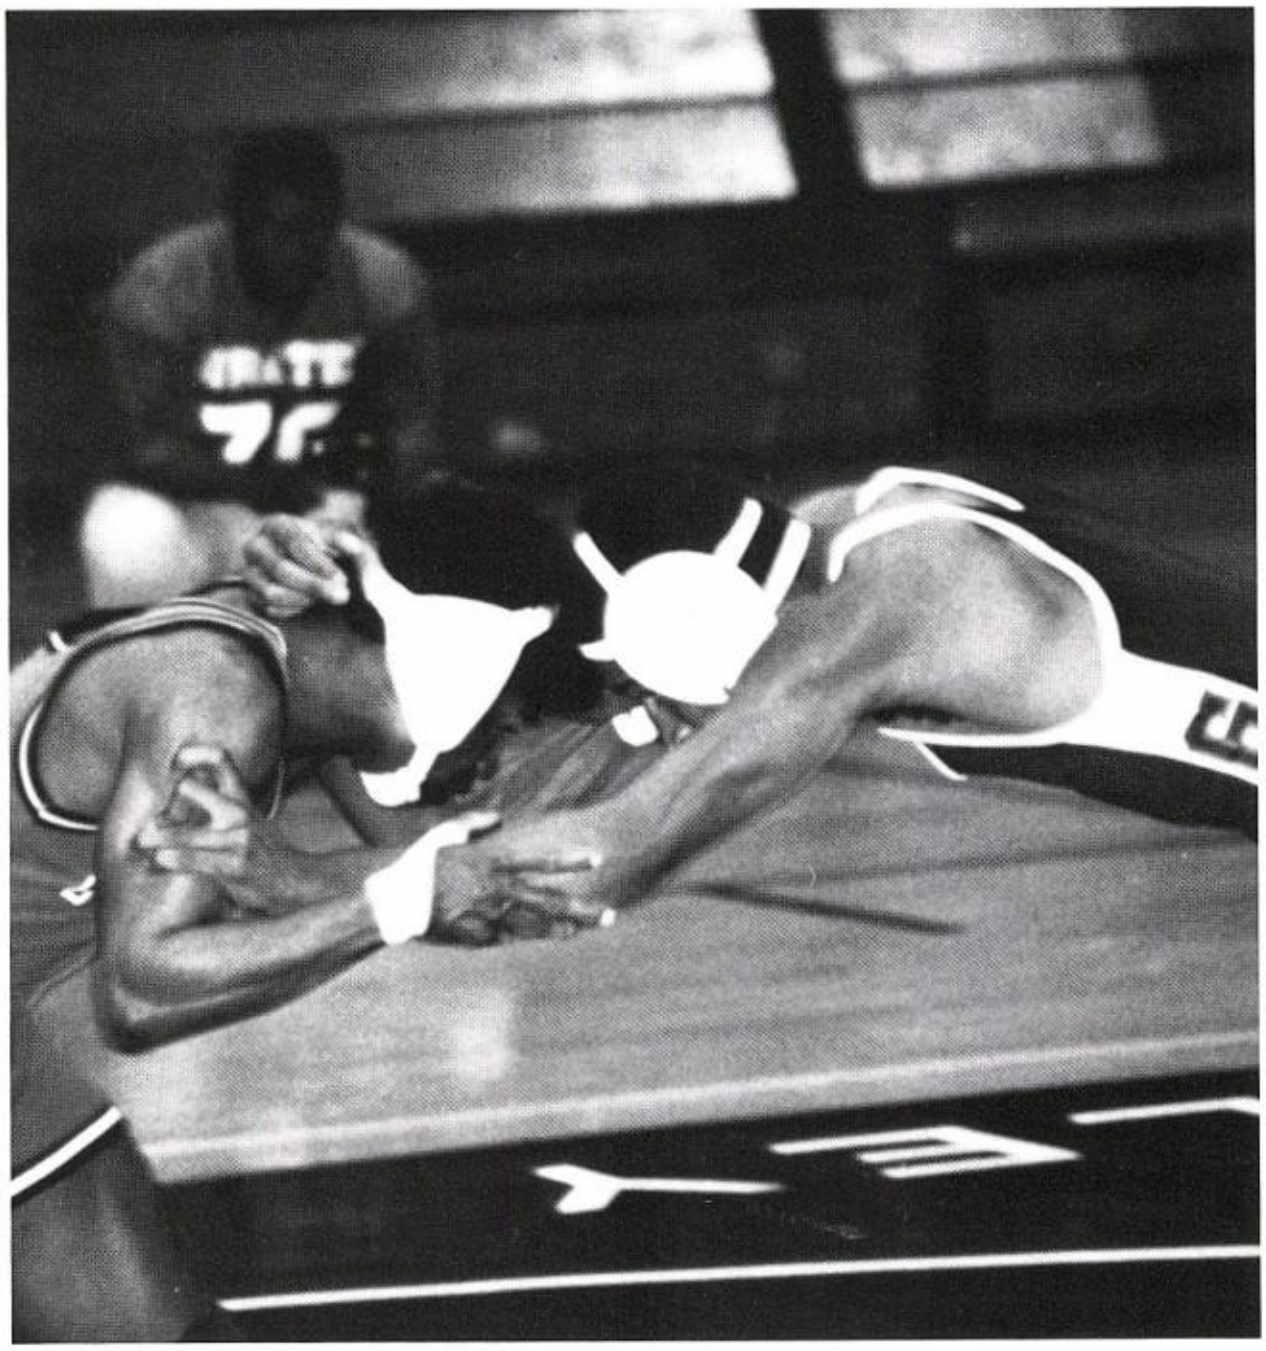
STRENGTH AND BRUTE FORCE!!!

The 1983-84 Grimsley Wrestling team enjoyed a successful dual meet and tournament season. The team finished the dual season 8-2 overall, 4-1 in the Central State 4A Conference. The Whirlies finished runner-up in the Mideast Sectional, while qualifying 6 wrestlers for the regional competition.

The team received a lot of promise and desire from the senior class wrestlers. Mike Queen, the most outstanding senior, was 15-1-0 during the regular season, with hopes of post season honors.

The junior class provided the spirit needed for leadership. Melvin Bess helped the team with 12 pins during the regular season and an 18-3-0 record.

The sophomore class was equal to the respect of the others. Lee Schneiderman gained the most mat time of all the sophomore wrestlers.



Head-on! A Page wrestler gets into direct conflict with a GHS "mat man."

"Good shot!" A phrase often used by the Grimsley boys varsity basketball team.

The Whirlies, coached by Coach Phil Weaver, had another fine basketball season for Grimsley. At first the season started off at a slow pace, but the team realized they had to get it together, and they did.

Although the loss of George Caesar hurt the team at first, the Whirlies showed the school spirit and pulled things together. With the return of Greg Burzell and the leadership of such players as Tony Watkins and Mike Elkins, the Whirlies kept the scoreboards busy. Each member of the team added his own efforts so the Whirlies could have a good team for the school.

All in all, our school and the team can be proud of its fine performance.

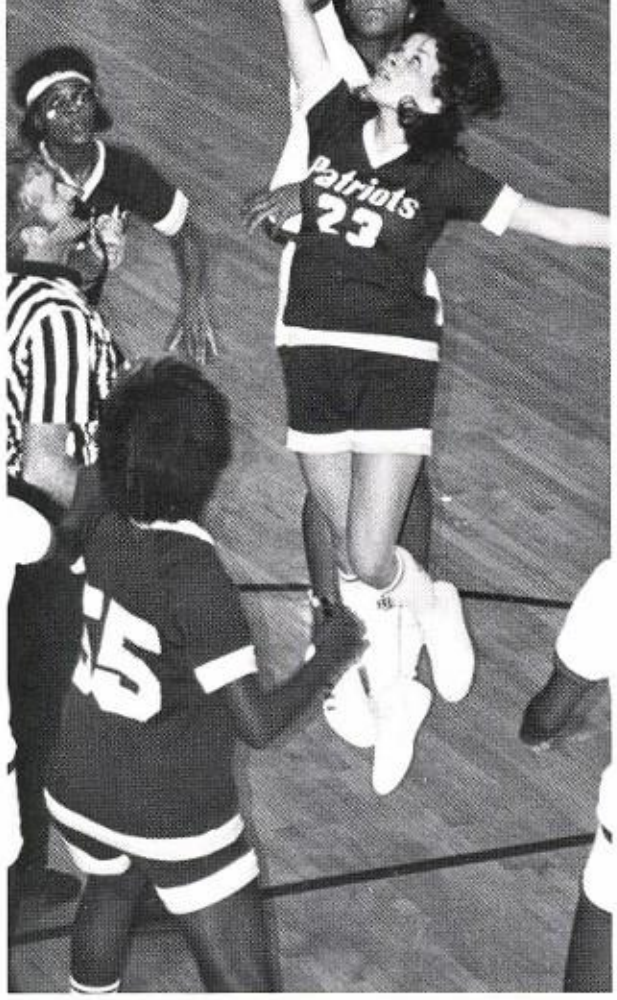
GIRLS BASKETBALL HAS WINNING SEASON

The Girls Varsity Basketball team, under the direction of Coach Ron Hartsook, once again put together a winning season with fine play and excellent hustle. The positive attitude the team had also played a large part in the season, as the team went through a rough stretch, losing three conference games by a total of 8 points. But the winning attitude and hard work of the Lady Whirlies allowed them to learn and bounce back. Finishing the regular season at 13-8 overall and 7-3 in the conference, the team was a strong contender for conference champions. The team has been led by Denise Ford (avg. 10 pts.; 7 rebounds per game), Angie Polk (9 pts. and 6 rebounds), Angie McEachirn (8 pts. and 5 rebounds), Helen Watkins and Amy Lee. Smokey Bryant contributed significantly on the boards.

"The Girls have worked hard and have put forth a good effort," Coach Hartsook said as he prepared the team for the Conference tournament and from there, the State playoffs. "And from there— you never know!" Coach Hartsook said with a smile.



Up for Grabs, Angie McEachirn fights to get the jump ball and put the Lady Whirlies on the offensive.

GIRLS AND BOYS

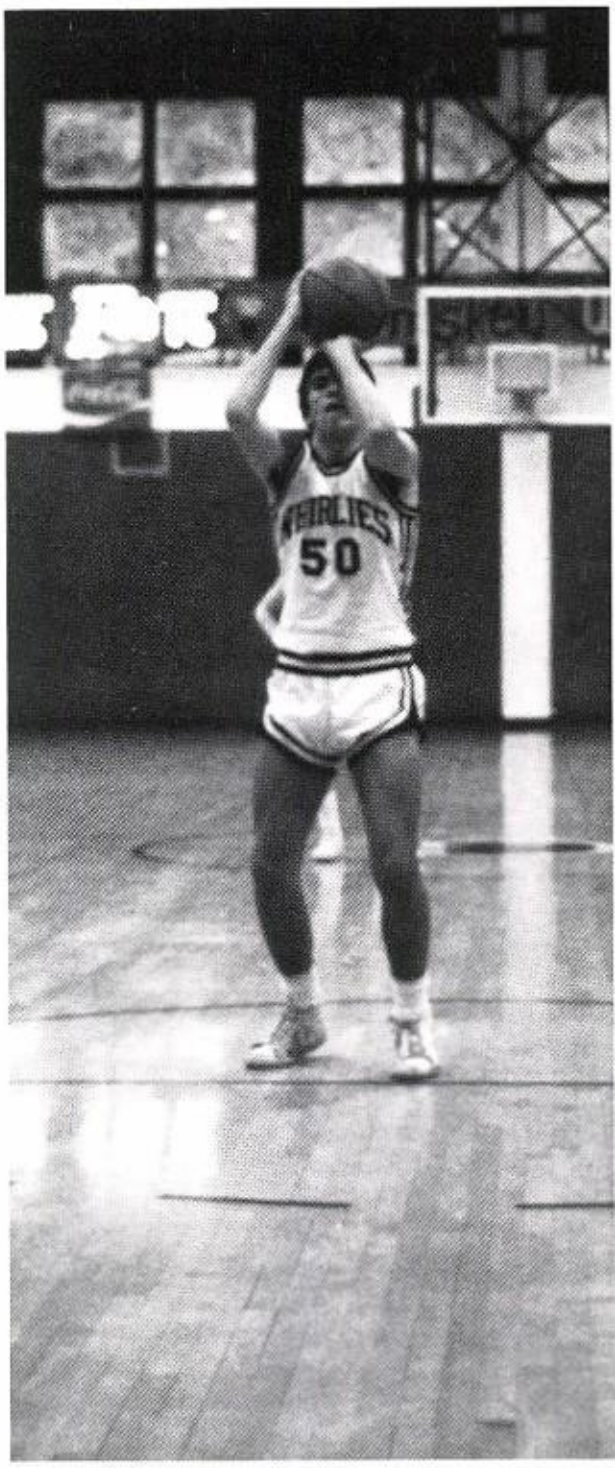
SWOOSH TO GOOD SEASON

The Junior Varsity Basketball teams play an instrumental role in the success of the school's total basketball program. With the cutbacks in athletic teams in many schools, Grimsley was fortunate to have junior varsity teams for both girls and boys.

Led by its sophomores, the Girls JV Basketball Team had a very successful season, finishing with a good record of 10-5. Coach Richard Smith's team showed poise, discipline, and hustle in its games against other JV teams.

This year's Boys JV Basketball Team had an outstanding season also. The team, coached by Bob Kennerly and George Warner, finished the season with a near-perfect 18-1 record. The only blemish was a two point loss to Dudley's Junior Varsity, a team the Whirlies defeated in their other meetings this season.

The success of both Junior Varsity Basketball Teams indicates great promise for Grimsley basketball for the next two years. Both teams were composed chiefly of sophomores, and the coaches feel that continued hard work and development by the players could lead to more championships in the future.



CONCENTRATION. Mike Dunn sets up to shoot a foul shot in a tight game against Smith.

That's My Ball. Joe Kauder and Mike Dunn fight for a rebound while the opponent can only watch.

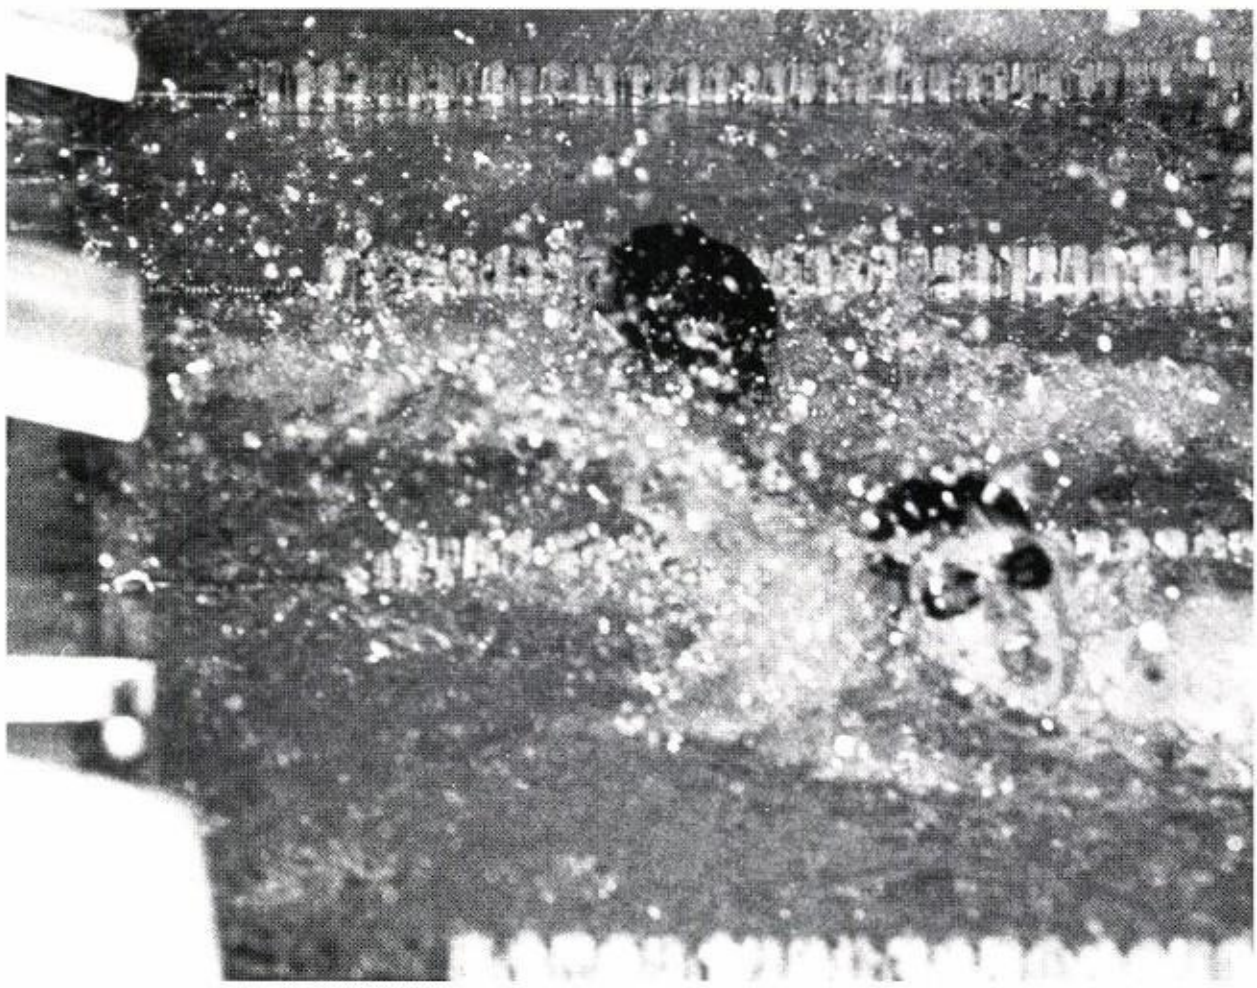
IN THE SWIM OF THINGS

The Grimsley Swimming and Diving Teams gave one hundred percent during their practices as well as in their meets this year. Their hard work paid dividends, however, as the girls' team had a perfect 13-0 regular season record and captured both the Conference and Sectional team championships. The boys' team finished 10-3 in dual meets and second in both the Conference and Sectionals.

The Whirlie divers were led by Leigh Ann Fleshman and Eric Hinshaw. Leigh Ann placed first in the Conference Meet, the Sectional Meet, and the Atlantic Seaboard Invitational at ECU. Eric won the diving championship for the conference, and placed second in the Sectional. Leading the swimmers were Elizabeth Brumback, Maureen Musgrove, Stacey Watkins, Nancy Andresen, and Anna Thompson for the girls' team, while Jeff Abrams, John Elkis, Todd Blackmon, Bill Curlee, and Gary Andresen led the boys' team.



Coach Durante Griffin once again provided outstanding leadership for both teams, and this year he was happy to have Coach Bob Jamieson, former GHS coach and athletic director, volunteer to assist in working with the large number of swimmers. Coach Griffin commented that he was pleased with the seasons of both teams. The leadership of the veteran seniors blended well with the large number of underclassmen to give the Whirlies another outstanding season in the school's rich swimming tradition.

For three years these students put out their all and were always striving to keep Grimsley #1. Through their enthusiasm and positive attitudes, they have set the standards for great athletes to follow.

FULLY ELATED — Gina Russo bursts with emotion while holding her honorable trophy of Best All-Around Cheerleader.

THE FORGOTTEN SPORT

In supporting the athletic teams, the cheerleaders have to project a winning spirit, whether our teams win or lose. Cheerleading is a sport; they have games, competitions, and hour and forty minute practices everyday, except for most game days.

Not only do the cheerleaders generate crowd support for both the varsity and J.V. football and basketball teams, but they also attend the games, meets, and matches of other school sports. They supported all teams by attending and leading school spirit at soccer games, cross country and track meets, wrestling matches, swim meets, baseball and softball games, volleyball contests, and tennis matches.

Providing leadership for this valuable team were six seniors — Beth McCracken (Head Cheerleader), Lisa Elmore (Co-Head Cheerleader), Linda Brady, Jill Kolodziey, Gina Russo, and Michele Tirella. Completing the twelve member team were five juniors and one sophomore.

The cheerleaders began preparation for the 1983-84 school year last summer by attending the Eastern Cheerleading Association's Camp at Randolph-Macon College, and the team brought home many awards. The team was named the Eastern Clinic Team Champions, and Best All-Around Squad. Gina Russo was selected the Best All-Around Cheerleader. The Squad also came home with the Spirit

Award and first place in the Dance Routine. The squad participated in a local competition held in September at Four Seasons Mall and brought Grimsley another championship.

The cheerleaders regretted losing their veteran coach, Mrs. Judy Desper, who accepted a new position in Chapel Hill last summer. However, they worked hard during the off-season and welcomed their new enthusiastic coach, Miss Ginny Phillips, by continuing the Whirlie tradition of leading GHS support and school spirit.

TEARS OF EXCITEMENT — For the second time in a row, the Whirlie cheerleaders took first place above the Page and Dudley cheerleaders who were tied for second in the city-county competition.

A BIRD'S EYE VIEW OF CLUBS AND ORGANIZATIONS

The people involved in Grimsley's clubs were usually busy working at fund raising and having fun. They were also involved in Homecoming projects.

High Life and **Whirligig** were worried about making their dead lines. Playmasters were busy with rehearsals. High I.Q. studied for upcoming competitions. Assistants did various odds and ends. The Quill and Scroll and the Honor Society inductions were held, as always. JROTC marched, while the Pep Board made signs for upcoming games. Student Council and Student Affairs worked to improve the entire school. Grimsley's music department worked on fund raisers and rehearsals.

Fund raisers and rehearsals were only a part of the clubs and organizations. There were activities outside of school as well. Many of the clubs and organizations helped with City Stage and Christmas projects.

Whatever the clubs did; whatever the organization participated in; they were both an integral part of Grimsley. Each particular group enjoying the company of friends while striving to better our school and our community.

Keeping in Touch. The club board is a means of communication between the clubs and the student body.

CIVITANS FIND SATISFACTION IN SERVICE

This year president Tim Wood led an exciting group of Whirlies called the Civitans. The Civitans, a fun-loving group of students, got many important jobs done. Along with their sister club, the Civinettes, they helped decorate for the Christmas dance for the 1983-1984 school year. The proceeds for the Christmas Dance were generously sent to McIver School to assist the administration in attending to the needs of the students there.

Along with performing many other helpful services this year, they contributed to the Homecoming game and dance by donating a well-crafted project that represented their club as well as their school spirit. The Civitans look forward to many more service-filled and enjoyable years at Grimsley.

CIVINETTES, ENDLESS SERVICE

The forty girls that made up this year's Civinettes were more than just a group of girls bonded together by a club name; they developed a strong friendship that lasted through good times and bad times. Although they were a big group, each of the girls had her own unique and individual qualities that when put together made for a very interesting and productive group.

The club did a lot of work for the Association for Retarded Children. In addition to working at various activities with retarded children, including the Special Olympics, The Civinettes also gave the annual Holiday Dance, with benefits this year going to McIver School.

The Civinettes also worked at City Stage and cleaned up the school's campus. One of their biggest successes of the year was their winning the Homecoming project after many hours and late nights of work.

It wasn't all work and no play for the Civinettes, however. They had a costume party for Halloween, turning up in some very interesting costumes, and later celebrated the Holidays with their annual Secret Sister dinner. Under the leadership of Michele Martorano, president; and Mrs. Keefer, advisor; the Civinettes made this year a special one not soon to be forgotten.

EXCHANGETTES DESERVE A+

Average. Most people would think of this word about the time report cards came out as they saw all those "C's"; however, on a grading scale, the Exchangette club surely deserved an "A".

Tradition is always an integral part of every club, and the Exchangettes calendar was marked with tradition like no other year. It was the 40th anniversary of the Greensboro Exchangettes, and the club members attended the tea in honor of the event. Closer to home, the Exchangettes have many of their own traditions, one of which is the Senior Tea wherein the senior officers are installed.

During the Christmas Season, those traditions became even more special with the adoption of a secret sister, and a needy family as well. They gathered toys, clothes, and food which they shared with this family. The month of December was filled with surprises; these festivities culminated in a Christmas Progressive Dinner.

As far as community activities go, and there is quite a list, the Exchangettes can be remembered as the club who won 2nd place in the Homecoming Project Contest. The girls hosted a Halloween and Valentine's party at McIver School — bringing love to the students in addition to treats. In January, the Children's ward at the hospital was treated to food and company from the Exchangettes. Towards the spring, the Exchangettes helped place flowers in their classifications at the Camellia Show at Four Seasons Mall.

Another year has passed and with it each memorable activity becomes more special as the Exchangettes grew together — developing friendships and serving Grimsley and the community.

ENTERPRISING EXCHANGE

The headline reads "Enterprising Exchange" — which was representative of the Exchange club and its members. The Exchange club was an individualized organization composed of sophomores, juniors, and the all-important seniors. Most probably their most popular activity of the year was the selling of the "Beat Page" t-shirts and the ever popular saying "P.H.S.B.F.D." found therein. Although the proceeds did not go to the Exchange treasury, it did enhance the school rivalry and served to unite the student body in an effort to propagate that Grimsley spirit. The Exchange club and the "Beat Page" t's brought the students to the game, and the Exchange club was also responsible for cleaning the stadium after the big game. President Jay Floyd agreed that the club and its members were outgoing and individualized and most accurately enterprising.

The Jr. Jaycees, under the leadership of Patrick Enright, had a very productive year. They began by participating in the annual Homecoming Project Contest. The group also volunteered their services in aiding the American Cancer Society with the American Smokeout held last fall. They also helped the Civinettes in decorating for the holiday dance held for charity. The club continued the Christmas spirit by fixing broken toys to give to under-privileged children for Christmas. Even though the club had only ten members this year, the Jaycees were considerably stronger and more devoted to service activities than their clubs of past years.

THE JUNIOR JAYCEES WERE LOOKING UP

THE JUNIOR JAYCETTES WERE GETTING DOWN

In the bag. Jaycette janitorial skills come in handy at Saturday morning School Beautifuls; as members here demonstrate.

Take that down, Pam Utter, president of the Junior Jaycettes, asks Nancy Cashion to take that down — after all you never know what might be important.

Soups on! Nancy Cashion, hostess at the Jaycette Thanksgiving Progressive Dinner stops for a picture before announcing the start of dinner.

The Jaycettes have been an extremely active service club for both the community and the school. Since the beginning of the school year, they have spread their services from the school to the city, from "school beautifuls," held every Saturday morning after a home football game; to working in the Greater Greensboro Open late in the spring. They rendered their services to the Greensboro Jaycees at City Stage, "Bag Night," and the Jaycees Haunted House. As in the past, the Jaycettes helped in repairing toys for the poor in the annual Christmas Toys project. The International Foods Festival also received the help of the Jaycettes in the form of baked goods. In honor of their appreciation of the faculty, the club baked cupcakes for our teachers every holiday.

As far as fun is concerned, the girls were great at that too! Over the Thanksgiving holidays the girls had a dinner for themselves and their dates. During the Christmas festivities, they held a progressive dinner with Secret Sisters, and a mother-daughter tea.

To raise money, the club sold "current" products to schoolmates, relatives, and neighbors. The money raised will be used for the Jaycette scholarship awarded to a worthy senior.

By their participation in many civic and school projects, the Jaycettes worked hard to continue their great reputation this year, as an active service organization at Grimsley and in the community.

KEY CLUB HAS FOUND BEST COMBINATION TO LOCK

Sometimes finding the correct key to the lock is difficult; however, the oldest service club at Grimsley, the Key Club, has in its many years found the perfect combination to the lock.

The Key Club and her members are a unique collaboration of young men and good times. Although most of their activities were school related, the boys did find time for numerous football games in the fall, as well as, other extracurricular activities.

The Key Club enlisted more members this past year than they have in many years. A total of 38 members colored the roster and roll call was a lengthy subject.

With the force of these 38 members, the Key Club was able to complete several service projects this past year. The club reenacted the Sandy Nininger Athletic Award, they sold Whirlie Country bumper stickers, and they also cleaned the stadium twice. Two members regularly attended the Kiwanis luncheon and in March members attended a convention in Winston-Salem. And of course their homecoming project could never be forgotten.

The tradition of the Key Club Directory, which has been distributed gratis for over 25 years, was once again miraculously produced, with much celebration, before Christmas holidays.

What could these Key Club members possibly be looking for? The Key Club helped clear the stadium after the rowdy Friday night football game.

As a fund raiser, the Keywanettes sold the "World's Finest Chocolate" candy bars. These funds were used to help send two children to Camp Willow Run, a camp for less-fortunate children.

This seventeen-membered club did a great service and had lots of fun in the process. Keywanettes proved themselves an active club in the Grimsley family.

SERTEENS: TO EACH HIS OWN

Although the Serteens were disbanded at the beginning of the year, they managed to get their charter renewed. Sean Naley was chosen to be the president of the Serteens. The Serteens showed their school spirit by purchasing club sweatshirts that identified them as Serteens of Grimsley Senior High School. Having been reorganized the Serteens were hoping to become active in helping in school and community happenings.

THE OHJ's: A NECESSARY TRADITION

The OHJ's had a highly productive year. They performed many helpful acts for the unfortunate, as well as providing much-needed services. Under the leadership of president Noelle Busch, and vice-president Kelly Burroughs, the OHJ's provided services to the Alshimer's group by giving seminars about this newly discovered disease. They also ushered at the production of "The Messiah" earlier this year. The OHJ's provided food, clothing, and gifts at Christmas time, for a needy woman whom they had adopted, but mostly they gave their greatly appreciated gift of love. The OHJ's — a necessary tradition.

THE LINK OF LIAISON

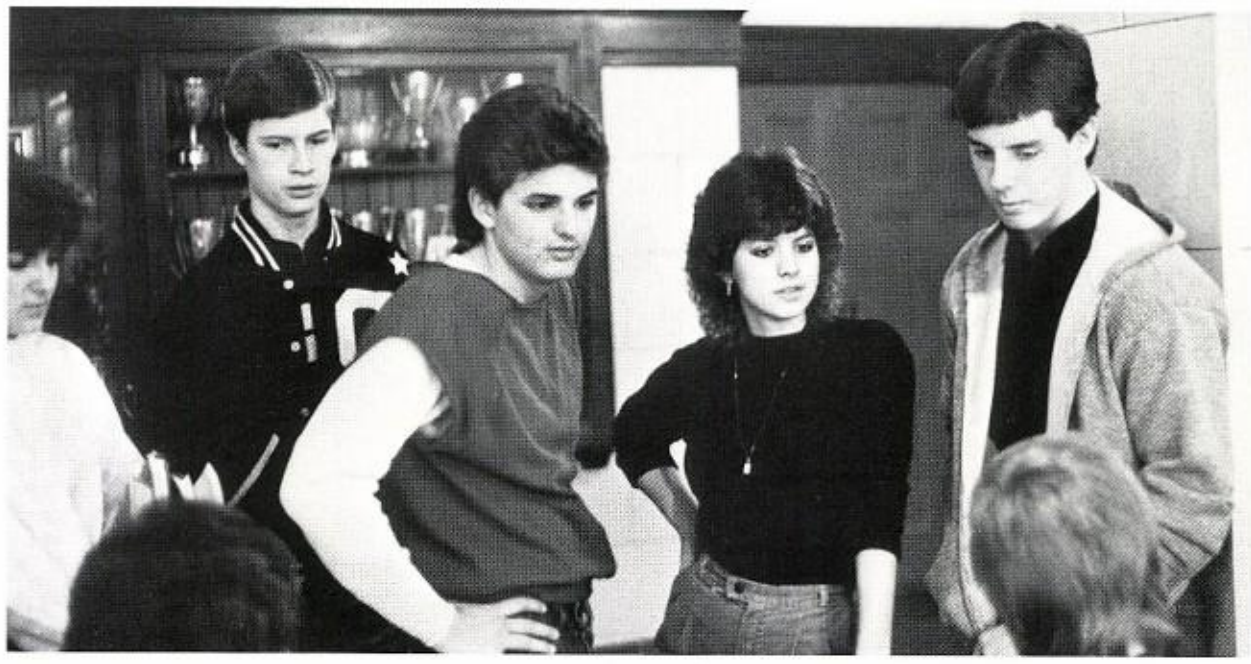
Listening carefully, Scottie Seaver and Arlene Brown were involved in the discussion at a Liaison meeting.

Not Bad, judged Melody Holder of Janet Linnane's funny face.

Break Time! Melanie Beard took time off to smile for the camera.

The Liaisons provided the mean for the understanding, appreciation, and respect between this group of Grimsley students and the Greensboro police. The Grimsley Liaisons, consisting of 15 members, were the most active Liaison club in the city. With meetings held every Wednesday at the Greensboro Police Department, members had the opportunity to learn about the police communications center and a patrol car's equipment. They also viewed safety films, and at least once each month, members rode with officers.

Mrs. Tynes, the advisor, guided the group through their many community and school projects. They adopted a needy family, took presents and gave parties for students at the Central Carolina School for the Deaf, helped the Greensboro Youth Council repair toys for distribution to the needy at Christmas, and participated in the annual trash cleanup day and other service projects at Grimsley. Club members also manned booths at City Stage and the GYC Carolina Carnival. The Liaisons had a very active and successful year.



With a critical glance, Alan Atwell, Sean Naley, Michele Martorano, and Patrick Enright disagree with Tim Wood's suggestion.

Dr. Fuller, assistant principal, was the advisor. The group met at least once a month to discuss ideas about improving the school and contributing to the community.

BLEEP, BLEEP COMPUTER CLUB: NO MALFUNCTIONS

The Grimsley Computer Club was founded and subsequently led by Kathleen Stewart, who's the president. This club was created so that students could learn more about computers and have fun in the process. Mrs. Marjorie Warren was the club's advisor.

Many fun and interesting activities took place. Besides seeing a demonstration of the new McIntosh Apple computer and visiting Western Electric Data Processing center, the computer club began building a robot, worked in a community project on the Apple computer, and visited a computer manufacturing company. They also ran special sessions for computer beginners using an outline of the Duke University Computer Kamp.

The History Club, started in 1982 by Carl Henry Geschwind and Philip Block, continued to be an informative club for students interested in history. They had many speakers and presentations, including Dr. Peter Meyers and his discussion of cathedrals, and gothic architecture in medieval times and Carl Henry Geschwind's lecture about Oxford University and its background.

Other activities of the club included programs of movies, pictures, and Billy Geschwind's slide show of Europe. Other activities were somewhat inhibited due to a majority of the members participating in the various High IQ bowls. In spite of this, good times and lots of history were prevalent during the meetings.

How do you say? Charley Cassell knows when to ham it up, even though the French translation for cheese comes a little hard for him.

What was that! Tim Wood enters the French Club meeting all smiles; however, his attention is soon captured by some interesting French business.

THERE'S A LITTLE BIT OF FRENCH IN EVERYONE

The French Club was involved in many activities during the school year. They participated in service projects, polished their "acting skills" and kept with tradition at the annual French Club dinner.

Participation in The National Fund Drive for the restoration of the Statue of Liberty was a service project for the club. They helped raise money for replacing stairs and refinishing the outside of the statue. The club decided to participate in this national project since the statue had been a gift to the United States from France. Assisting in the restoration while helping their own country made the members of the club feel that their service was truly worthwhile.

Christmas was celebrated with a party and the acting debut of many of the club members. Needless to say, the acting reflected the endless talent of the cast. The cast was not the only talent present at the party. The great Christmas drama was written by the highly admired and respected club advisor, Mrs. Ann Oakley.

The annual French club dinner took place in the spring. That was the time when everyone pitched in to prepare their finest recipes. Some even attempted French dishes of which all were a great success.

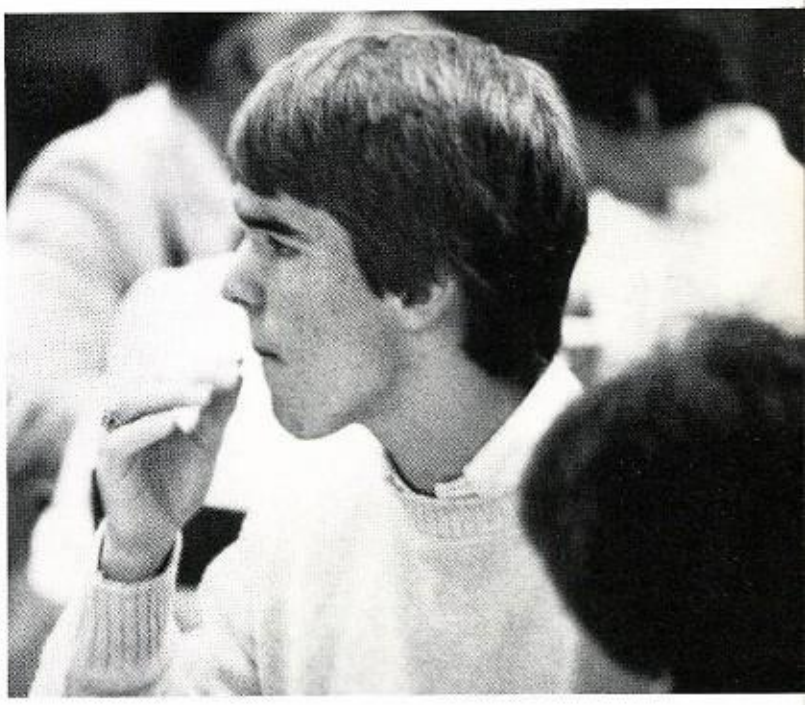
In past years there has been somewhat of a "generation gap" between high school students and the administration therein. Student School Board Action Group was created for the express purpose of bridging this cavity. Occasionally, the administration needs a helping hand; and at Grimsley they could depend upon the student council representatives for that guiding force. It was a city-wide system composed of student leaders from each of the four high schools. Its purpose was to provide a forum for student interaction with other students and the decision makers of our school system. The monthly meetings were designed for discussion of schoolboard proposals or plans of systemwide concern. This assemblage was regarded as an important "inlet" for student involvement and ideas.

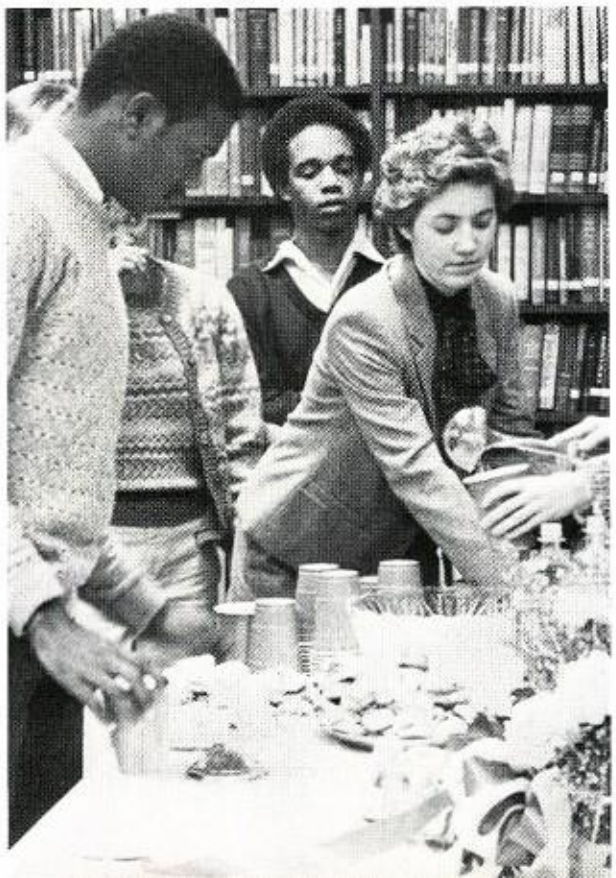
Hmm, Let's see now; David Sawyer contemplates a schoolboard proposal at a SSBAG meeting in the library as he enjoys the refreshments.

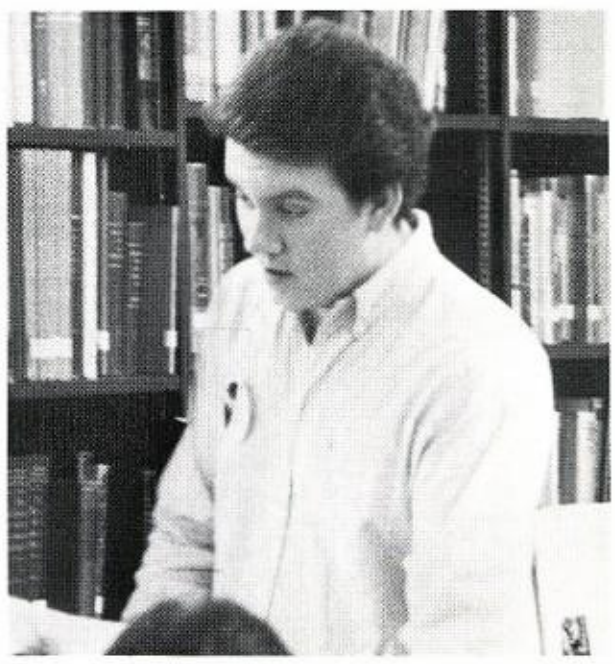
Look at it my way. Jay Floyd is at it again as he persuades members of SSBAG to see it his way.



Making a point, Dr. Fuller emphasizes a major point before the assemblage of officials and students at a SSBAG meeting.

Who said food? SSBAG participants enjoy a bit of refreshment before they get down to business.





AFS: A MEANS OF EXCHANGING IDEAS

The AFS Club provided the opportunity for Grimsley students and the exchange students to become better acquainted socially as well as learning about each other's culture and customs. Many of the Grimsley students involved in AFS were once exchange students or were exploring the possibility of becoming an exchange student in the future.

The meeting's programs included watching films and slides of the exchange students' countries and discussions of how life differs in each culture. The club also sponsored a pot luck dinner — not just an ordinary pot luck dinner, but the fare consisted of many exotic dishes native to other countries.

AFS was the link between Grimsley and many foreign countries and their cultures. In addition to learning of other lands, reflections and memories of trips abroad were shared.

Tomorrow's Happy Homemakers

The F.H.A./H.E.R.O. club had a bright 1983-1984 school year. The H.E.R.O. club, which is a branch of the F.H.A. organization, held fund raisers and bake sales. Annually, both groups adopt a needy family and provide for them Christmas gifts, food, and clothing. Individual club members donated their own special gifts to their selected family members. Each family member was given clothing and a new gift from the club as well as home made food. Those involved in helping the needy family enjoyed the experience, and all benefit from it. This year, before delivering their gifts, the group held a brunch at the house of their supervisor, Mrs. Patricia "Trick" Beamer. Voila! Kindergarten children look at their finished masterpieces.

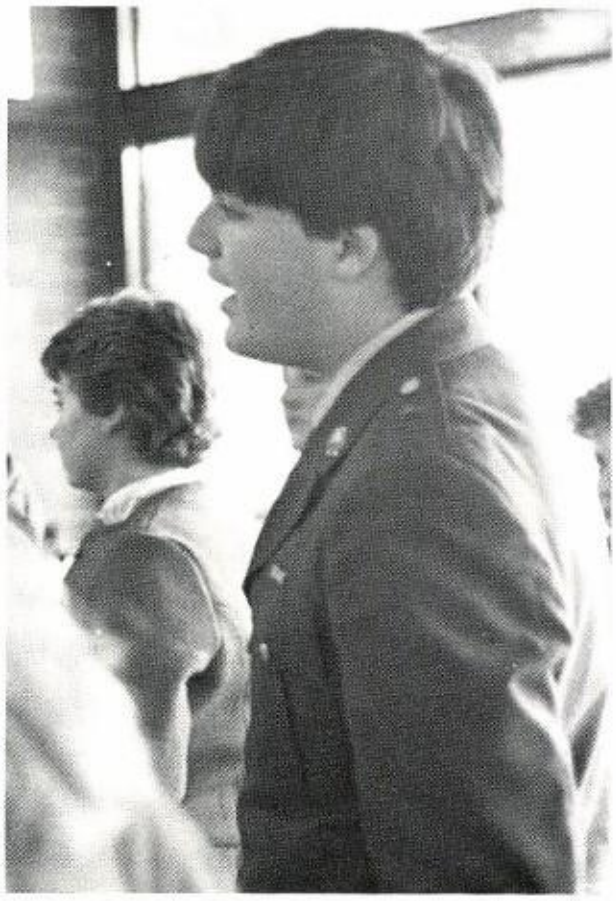
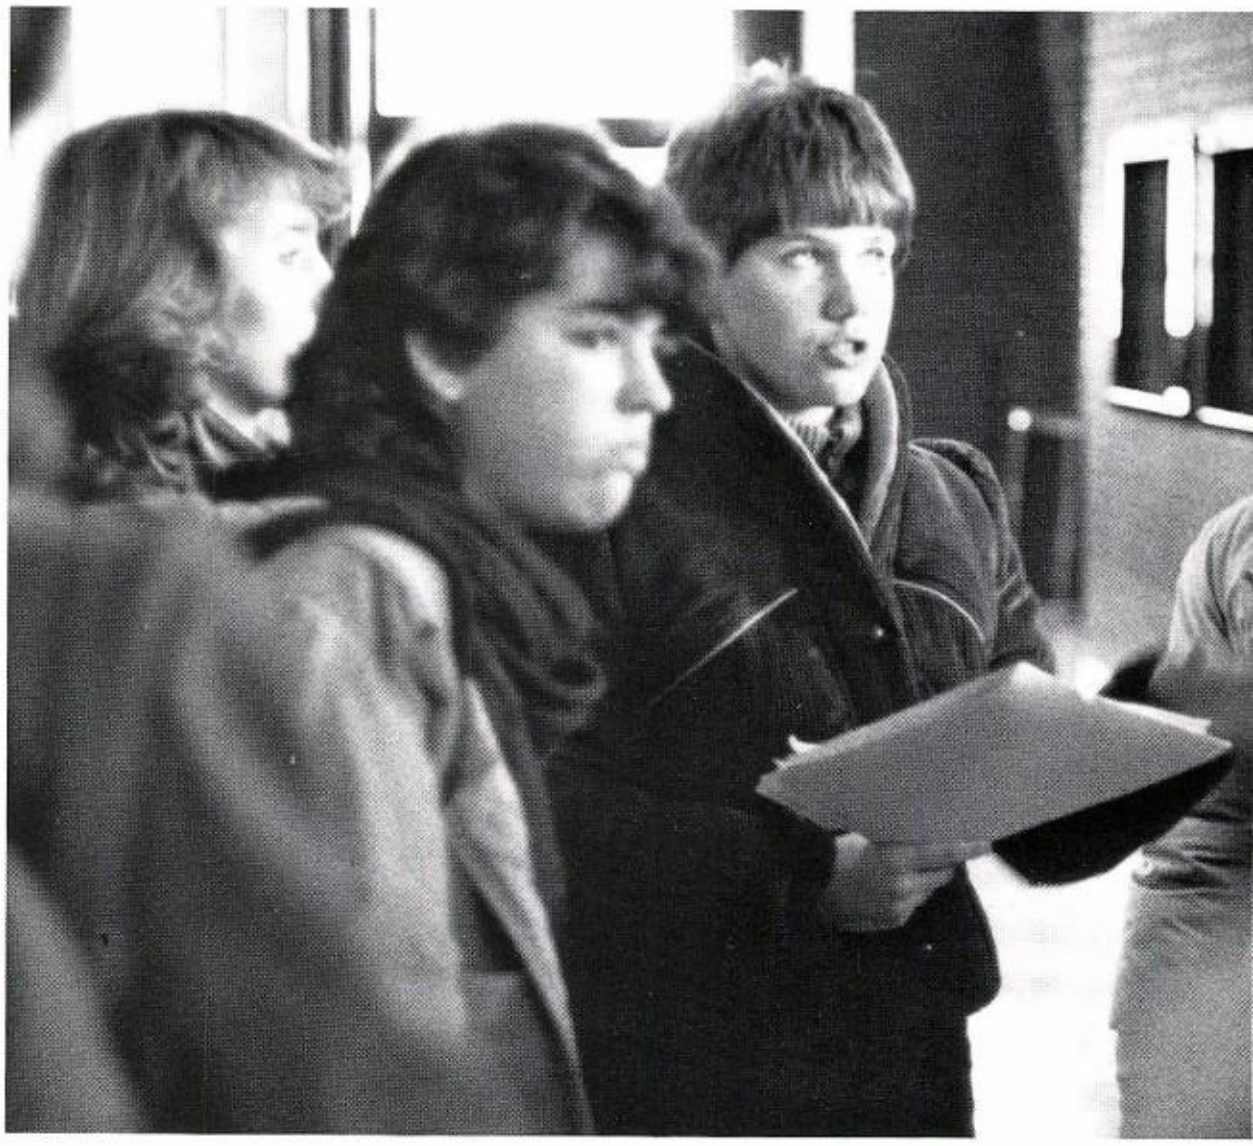
Experience is the best teacher, Stephanie Culbertson remembers what it was like to be a struggling kindergarten student.

And then we'll . . . Tamera Majors discusses the big plans for the Page-Grimsley game at a Pep Board meeting.

Hey, let's move it along! Chris Allard impatiently waits to get into the basketball game.





PEP BOARD LEADS SCHOOL SPIRIT

Pep Board — the name needs no explaining. Everyone has heard of it, and it means, for the most part, exactly what it states.

Headed up this year by Tamera Majors, the Pep Board helped make the Whirlies spirit days original. From the Hawaiian Luau, during the week of homecoming, to Punk Rock Day, the most popular spirit day before the Page-Grimsley game, GHS showed that we were proud of our school, and that we were the most spirited and loyal school in town.

Pep Board did so much more than just organizing pep rallies and being at every game. They thought of spirit days, painted banners, and gave treats to the team players. Pep Board members helped maintain school spirit, even when the rain caused a change in plans, or when things became a little confusing. Like the balloons the Pep Board sold, this active organization kept the Whirlie spirits soaring.

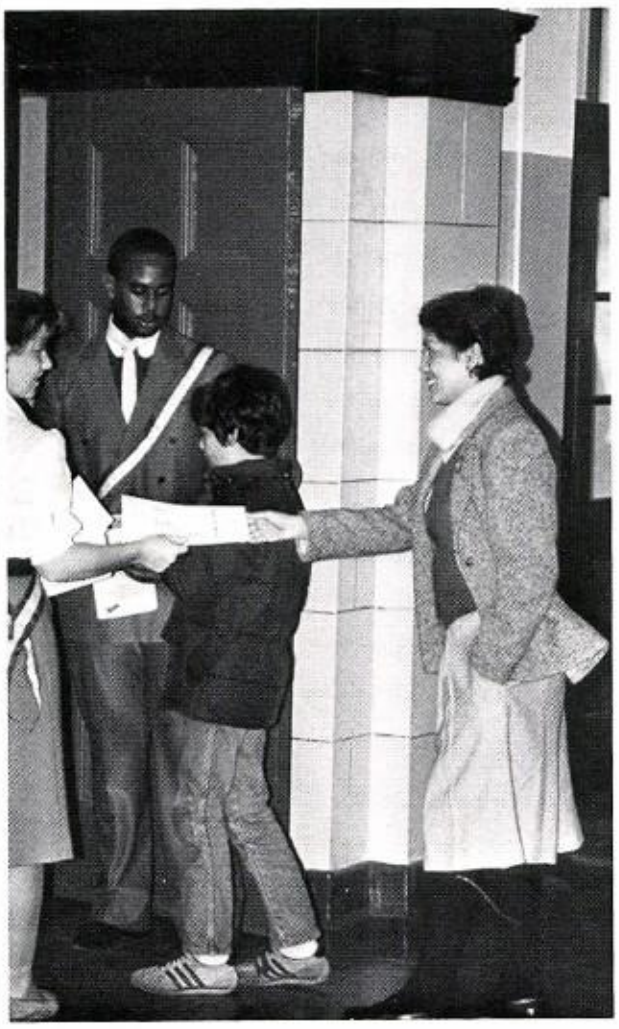
PERFORMING A VALUABLE SERVICE AT GHS

Enjoy the show! Junior Marshals Debbie Southern and Darin Alston passed out programs at the American Education concert.



Taking a break Willabel Tong, Deborah Siler, and Diane Lambert relax before acting as escorts on Class Day.

A service-oriented group, the Junior Marshals were called upon many times this year to be hosts and hostesses at many of the formal programs at Grimsley.

Chosen by their homeroom teachers, these juniors passed out programs at special events, such as the American Education week concert, and also helped to serve refreshments at several receptions.

Mrs. Siler, this year's advisor of the Junior Marshals, commented that this was a very dedicated and service-oriented group. They worked at many programs held at Grimsley and concluded their year of service by serving as Marshals for the GHS graduation program held in the Greensboro Coliseum.

TORCHLIGHT: OLDEST CHAPTER IN STATE

Grimsley's chapter of the National Honor Society, Torchlight, was a very special and functional organization at Grimsley this year.

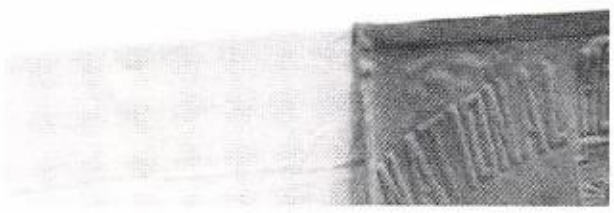
Students who met such criteria as a 3.0 or better grade-point average, participation in extra-curricular activites, and leadership in both the school and the community were eligible for consideration by members of the faculty. Those students who were chosen were then inducted into the Honor Society during an evening ceremony in either the spring of their junior year or the fall or spring of their senior year.

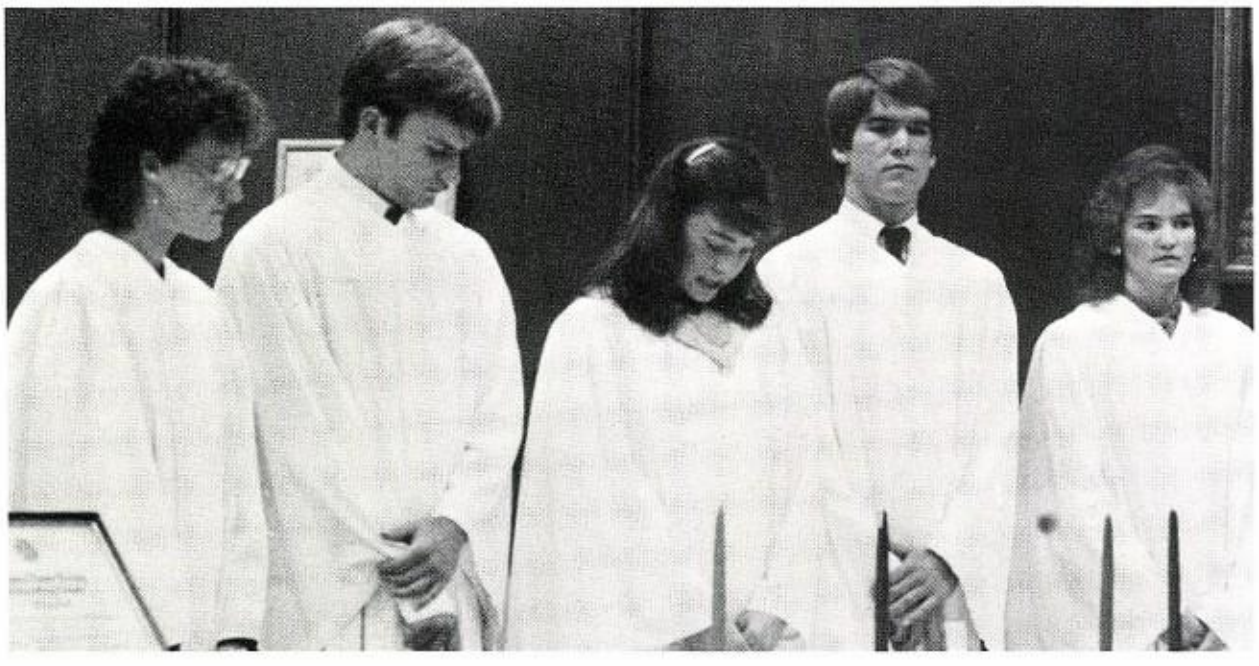
Under the guidance of their advisors, Mrs. Manahan and Mrs. Oakley, the members of Torchlight usually met before school for meetings which were conducted by this year's president, Michelle Andrews, who was supported by vice-president, Michelle Wulfhorst; secretary, Karen Poulos; and treasurer, Lezlie Fort. The purpose of these meetings was to discuss ideas for the year or to conduct other matters of business. One of the major activities sponsored by Torchlight this year was a fund raiser in the spring, while several members of the society tutored other students in certain academic subjects.

As leaders in their school and community, the members of the National Honor Society were very proud to be selected to participate in such an organization, and they are also proud of the heritage of the Torchlight chapter. Grimsley's Honor Society is not only the oldest chapter in the state of North Carolina, but it is also numbered 73rd out of more than 20,000 chapters in the United States.

It was this pride in their school, Torchlight, and one another, therefore, which made this year such a successful and productive one for the National Honor Society.

Honor and Tradition Michelle Andrews, National Honor Society president, reflects upon the honor and pride as she presides over the Torchlight inductions.





It's That Time Amy Davis and Jim Tedder prepare for the honor of induction into Torchlight.

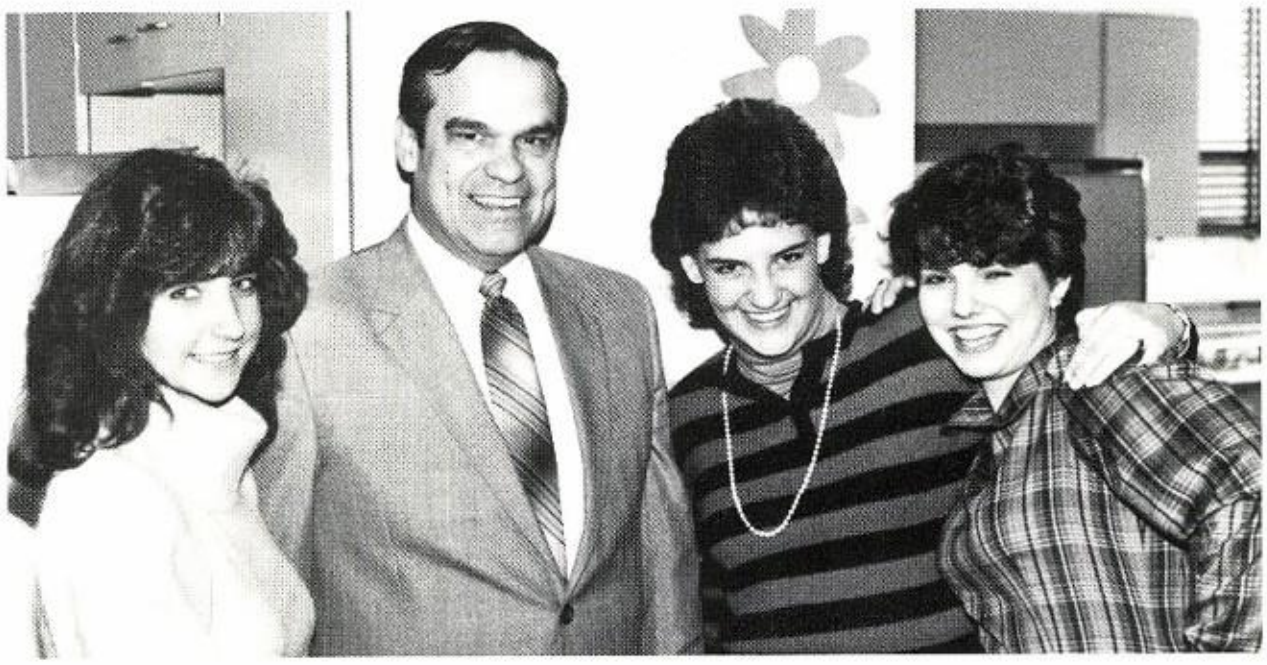
Quill and Scroll is the International Honorary Society for High School Journalists. The Grimsley Chapter, which was granted its charter in 1974, consists of members of the **High Life** and **Whirligig** staffs who have met the qualifications for membership in the Society.

To become a member of Quill and Scroll, a student must be a junior or senior who has done superior work as a member of the newspaper or yearbook staff. The student must also rank in the upper third of his or her class in general scholastic standing.

Nine outstanding seniors and juniors where inducted into Quill and Scroll on February 22 in ceremonies held after school in the Media Center, as the Grimsley Chapter was re-activated after a three year lapse.



This cookie is good! Tamera Majors and Pam Ramsbotham enjoy munchies after the ceremony.

Don't worry! Bonnie Mullen, Mr. Ballance, Amy Russell and Tahma Randleman smile even when they're facing a yearbook deadline.

WHIRLIES USE BRAIN POWER

Grimsley had four academic teams this year, consisting of the sophomore and Junior Academic Challenge Teams, The High I. Q. Team, and the N.C. Library Quiz Bowl Team. All of our teams proved Grimsley to be the best around in yet another area—academics.

This was the first year of competition for challenge teams. There were six players on each team, with an emphasis in original intent of schools—academics. Both squads pulled through and walked away as champions in a city-wide tournament in late January.

Our High I.Q. Team placed fourth out of forty area schools on Super Saturday, February 4th. This honor gave our team the opportunity to defend its championship in a single elimination tournament that was televised.

This was the first year Grimsley selected a team for organized competition in the North Carolina Library Quiz Bowl. This team, consisting of seniors, entered regional competition against Greensboro and Guilford County Schools on February 11th.

LENDING A HELPING HAND

The smooth running of GHS was due greatly to the helping hand that the student assistants gave. Although they helped for one class period everyday, they received no grades for their volunteered time and effort. The assistants for the Media Center, Attendance and Main offices, Guidance, and for the School Store are much appreciated for their dedication to their work.

Many duties of the attendance assistants included writing admit slips, running errands, taking messages to students, and filing. The main office assistants sorted and distributed mail and other notices to the teacher's boxes, answered phones, ran errands, and made duplicates of materials.

Shelving books, checking out books, and locating materials in the Media Center was a great help to the Media specialists by their assistants. The School Store assistants were very dedicated, arriving early every morning to sell pencils, paper, rulers, and other school supplies to the students of Grimsley before the school day started. Another group of assistants was the teacher assistants. A teacher assistant had the job of grading papers and running errands for a particular teacher.

All these students deserve a hand for doing such a great job and for helping the faculty and students of our school.

LEAVE THE DRIVING TO US

The Grimsley High School Bus Drivers were very proud of their record of transporting elementary, junior high, and senior high students safety to and from schools. Over sixty drivers operated the fleet of 57 buses assigned to Grimsley.

In order to become a bus driver, one must have had his driver's license six months. Then he must pass both a written test and a driving test.

The bus drivers' day began each morning at 7:00, when the drivers checked their buses and started their routes. Coping with all types of weather and transporting loads of noisy students were challenges met successfully by Grimsley's drivers.

A big smile! Pamela Dent takes a break to smile for the camera while waiting for students to board her bus.

MORE WITH MARKETING

The Distributive Education Clubs of America, better known as DECA, was an organization for students who wished to become better acquainted with the fields of marketing and fashion merchandising.

The DECA members started the year by meeting one morning before school to become acquainted with the candidates for offices. The installation of the officers took place at a breakfast meeting in the fall.

DECA met the other DECA chapters at the District Marketing competition at Four Seasons Mall. It was a competition of successful marketing techniques.

DECA also did their part in the community by helping with the inventory at Thalhimers. They sold carnations during the holiday season in order to raise money for the annual Employers-Employee banquet at the end of the school year.

Between teachers and employers, the people involved in DECA were well informed on the matters of marketing and fashion merchandising.

JROTC SHOWS OFF THEIR PRIDE

Good Citizenship, self-reliance and leadership were qualities which were found in the JROTC cadets. The Army JROTC Program, in its second year at Grimsley, was under the leadership of Lt. Col. Free, the Senior Army Instructor, and Command Sgt. Major Million, Who was the Senior Enlisted Instructor.

The JROTC pride showed when they presented the colors at home basketball and football games, school assemblies, and a very special occasion, graduation.

JROTC had a well-trained rifle team and drill team. The cadets took trips to Fort Bragg for orientation, as well as visiting college campuses and various army installations.

JROTC was an organization which provided a good experience, self-discipline, and a feeling of pride for the 130 students in the program.

YRC DOES IT ALL

If you attended any of the school-sponsored dances this year—Homecoming, Twirp, or Prom; you were probably impressed by the attractive decorations, but you may not have been aware of the hours of hard work and planning involved to make these dances a reality. The Youth Recreation Council of Grimsley was the dedicated group that made all the plans and preparations for these dances.

Led by YRC Chairman Michele Martorano, and class YRC leaders Catherine Musgrove, Lori Singer, and Lisa Warner, the Youth Recreation Council devoted many hours of planning, making decorations, hiring the DJ or band, setting up for the dances, decorating, and making arrangements for chaperones and for refreshments. All of the hard work was rewarded, however, by the success of the dances this year. At times, the activity of the hours before the dance became hectic, but the hard work by the YRC paid off.

YAC — THE MISSING LINK

Those Yacking YACs. Jenny Macon and Sidney Heilig go from a student affairs meeting to a YAC meeting in a flash.

YAC, the Youth Advisory Group, served as a link between students, the cafeteria management, and the central office. This organization helped to promote the importance of nutrition and to relay that importance to the student body. YAC also helped fill the cafeteria with spirit; as they decorated for the Homecoming celebration and the Christmas holidays. As a fund raiser the organization, which numbered twenty members, conducted a food drive and also collected tin cans. The co-chairman, Bryant Griffin and Kevin Gilchrist, led successfully a group of nutritionally concerned students—students who provided a missing link.

STRAINS OF SINGING STRINGS

The Grimsley Orchestra was the largest orchestra in Greensboro with 43 members. Mrs. Artley was assisted by Mrs. Ruth Metheny, Mrs. Martha Rierson, Mr. Vern Lewis, and Mr. Collin Scott, and thus the orchestra demonstrated the results of talent and hard work in three major concerts: the "Song of Democracy" directed by Dr. Ronald Shirey, performed in November; the Winter Concert in February; and the annual Spring Awards Concert in May. The sophomore and junior members of the orchestra provided music for the annual Senior Tea in May.

Four members brought recognition to the Orchestra by being selected for the 1984 Western Regional Honors Orchestra—Mary Cahoon, Amy Coltrane, and Spencer Lin (First Violins) and Stephanie Vaughn (cello).

QUALITY IS JOB "1" OF GHS CHOIR

Only numbering 40 voices, the GHS Mixed Choir was able to perform at a high level of excellence. The group as a whole worked well together with all the voices mixing well. Their outstanding musical talent earned them the position of one of two choirs from North Carolina invited to sing in Mexico as part of the American Heritage Festival.

The choir was involved in many activities throughout the year such as hosting the State Honors Chorus Auditions in October. But the most interesting event of all was the concert presented in November honoring American Education Week. The students held numerous fund-raisers, everything from selling 7,920 lollipops to a bowl-a-thon to raise money to pay the guest conductor, Dr. Ronald Shirey, professor at Texas Christian University and conductor of the Dallas Symphony Orchestra. The choir also raised money for corsages for the faculty and a catered reception also for the faculty and guests after the performance, with entertainment by the Jazz Ensemble. Not only was the concert, a performance of **Song of Democracy,** a pleasure for the audience, but most of all, it was a major learning experience for the students. Even though the choir was accompanied by the orchestra and select numbers from the symphony band, the entire "behind the scenes" work was done by the choir.

In addition to the concert observing American Education Week, the choir held a holiday concert with the choir president, Steve Howard making his conducting debut. The group was accompanied by Jordan Culver, talent show winner, and choir member. The group's student teacher, Laura Justus, also served as conductor and accompanist.

The choir went on to prepare for competition in which they finished with a superior rating. They ended the year following the 55 year tradition of performing "The Battle Hymn of the Republic" at graduation.

The Latin "ooo's" Do Madrigal singers really prefer classical Latin as long as there's some room for the popular "ooo's" of the 80's?

THE MADRIGAL WORLD OF MUSIC

A tradition of excellence was continued with this year's versatile Madrigals. They performed traditional Renaissance, Madrigal, vocal jazz, as well as showchoir music. This group was in demand for performances before civic groups and on television throughout the year and received superior ratings in contests on the state and national level. The Madrigals travelled to Washington and Busch Gardens for competitions, entertaining people of all ages.

Five members of the Madrigals were chosen to participate in the State Honors Chorus — Steve Howard, Karen Covington, Pamela Dent, Karla Scott, and Jennifer Williams. Out of 800 statewide auditionees, they were chosen among the top 150.

A spirit of togetherness and teamwork was crucial for this group as they spent many hours in afternoon and evening rehearsals as well as the "forced" confinement in school vans and "cheap" motels while traveling to contests.

GIRLS SHOW IMPROVEMENT

Composed of girls who ranged in age and musical talent, the girls chorus made drastic improvements during the past school year. Most of these young ladies began the year with little or no experience in music. Ms. Force remarked how very proud she was of the musicianship these girls developed and the music skills they learned. A sense of unity and team spirit was the key to the success of this group.

The 30 girls had to display their ability early in the year by participating in a concert held during American Education Week. They held their own with the Mixed Choir and Madrigals and proved that even though they were beginners they could be excellent musicians. The Girls Chorus performed in the annual holiday concert, mastering difficult vocal literature. Also, for the first time in years, this group competed in the state contest and did exceptionally well.

Keeping Busy Student Teacher Laura Justus realizes that keeping attendance is just as important as teaching music.

WHIRLIES ROCK THE HOUSE

The Grimsley Jazz Band filled its listeners with joy of the tempo of jazz. Mr. Munden, as the director, led the band to awards and profit-gaining performances. They gave concerts here at school and various civic functions. The Band also fired-up the fans at home basketball games by playing between games and during halftime.

For a fund-raiser they sold M & M's. The profit went to the buying of an amplifier, music, and a tuner. A piano was also given to them by the Booster Club and the administration. The Band, along with practices at school, had evening practices to prepare for the competition at Chapel Hill in February. The Jazz Band played astoundingly for the Junior Miss Pageant and showed that again Grimsley was number one.

NOBODY DOES IT BETTER

The Grimsley Symphony Band distinguished itself again in 1983-84. Under the direction of Mr. Ed Rooker, with the assistance of Mr. James Decker and Mr. Forrest Munden, the 120 member band gave outstanding performances in its concerts. The year was highlighted by a special February concert in which band members and their parents honored Mr. Rooker's twenty-fifth anniversary in the band program at Grimsley with a reception held after the concert.

The band also reaped many honors during the year. Six members were selected for All State Band, and the band was chosen to perform at Disney World in April. The band's annual cheese and sausage sale was very successful this year, with total sales exceeding $15,000!

When Whirlies think back to last fall's football season, football is certainly not all that is remembered. The Grimsley Marching Band supported the team at all home games and the in-city away games.

COUNCIL: A FORUM FOR LEADERSHIP

Composed of the best leaders and students who were involved in many school activities, the Student Council had a very productive year.

The purpose of the council was to provide an opportunity for representatives from each class and special organizations to share ideas and to discuss problems that concerned the student body and their well-being. The president, Jay Floyd, referred to the group as the "Heartbeat" of the students' rights and the voice of the students to the administration. There was a great deal of unity among these students, and this added to the success of the group.

Without this influential group the student body would have been without representation this past year. The members of the Student Council were an invaluable asset — serving as a means of communication between the administration and the always spirited student body.

STUDENT AFFAIRS FEELIN' FASCINATIONS

The Student Affairs Committee was composed of sophomores, juniors, and seniors who were appointed to participate in this school organization by the advisor, Dr. James Fuller. Led by Chairperson, Kay Miller, the committee tried to continue the tradition of service to the school.

Their major fund-raiser of the year was a fashion show held in January. Entitled "Fashion Fascinations," the show was a success in raising money to benefit Grimsley. The stage was managed by members of Playmasters, and Kay Miller was the announcer. Members of the committee were the models, and they used their own wardrobe in the show. Many hours of hard work and dedication were spent in making the program a success. Thanks to tremendous group effort, the Student Affairs Committee enjoyed a productive year filled with many new fascinations.

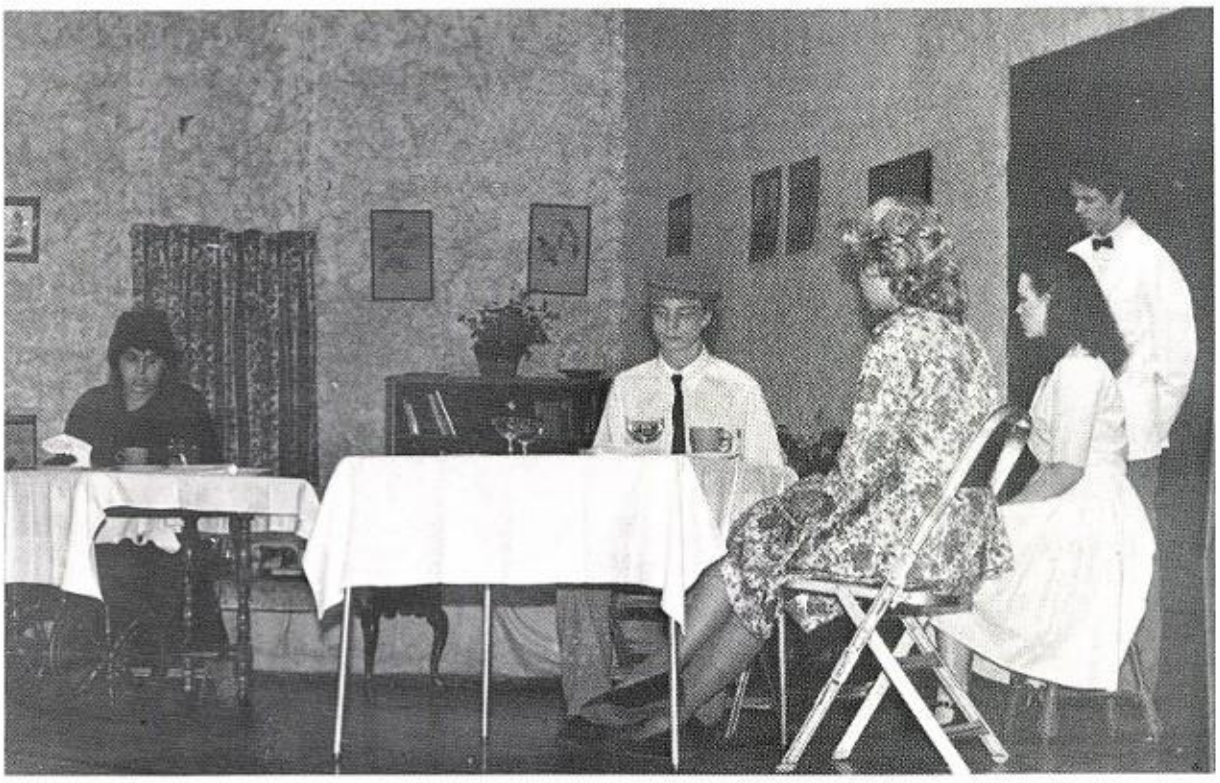
PLAYMASTERS: A HIT ON STAGE



Playmasters gave "rising Whirlie stars" a chance to strut their stuff on the auditorium stage. This organization provided a means in which those interested in acting could perform for the enjoyment of others. The acting club gave several memorable performances including the Halloween treat, **Blithe Spirit**. Later the members performed **The Chalk Garden,** which also was a success.

The determined students of Playmasters put up with rigorous hours of practice both at home and at Grimsley, meeting the expectations of their excellent director, Mr. Zaruba.

In addition to work on the stage, there was much effort "behind the scenes" which is not always evident to the ill-informed student. To set the record straight, the Playmasters were also skilled at building sets for plays, and the setting up for activities. This is yet another manifestation of these actors'/actresses' skills.

Whether acting of just helping out others, Playmasters had an excellent year filled with successful productions, hard work, hours of practice and a lot of fun.

What's the verdict? Playmasters concentrated on doing this scene perfectly in **The Chalk Garden.**

EXTRA! EXTRA!

GHS HIGH LIFE MAKES A HIT!

High Life, the Grimsley High School monthly newspaper, was headed up this year by advisor Mrs. Jane Crisp and senior editor Tamera Majors. The staff consisted of 24 students, many of whom were returning from last year's journalism class.

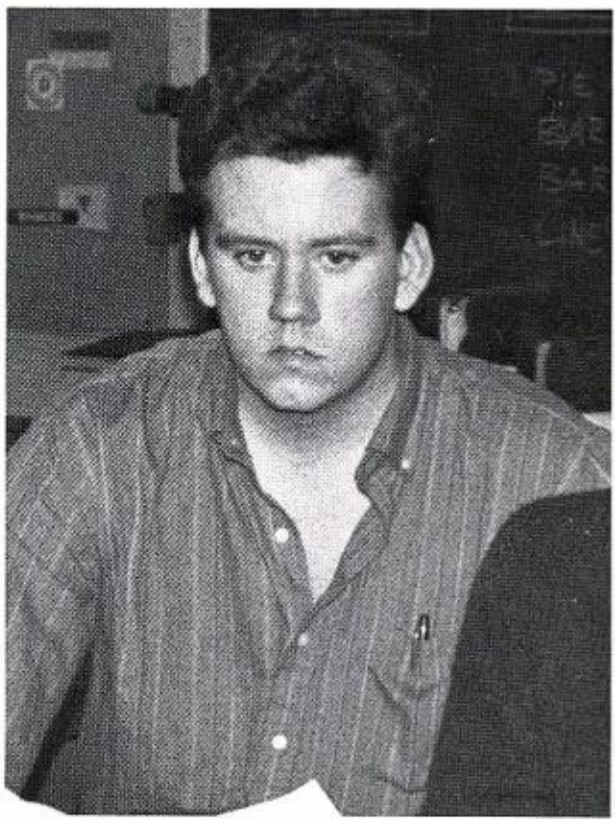
"I feel that there have been a lot of additions this year, not only in staff, but also in our own style, individuality and student involvement", commented editor Majors. "The style of the paper was also changed. It now has more articles that are of interest to GHS students."

There was so much more that went into making the newspaper than everyone thought. There were special processes and layouts as well as a great deal of writing involved. Articles had to be written and rewritten again before they were finally ready for publishing. The Grimsley staff did its own "paste-ups", a complicated process of centering and organizing articles and pictures, often a tedious job.

Every January, as a tradition, the junior and sophomore members of the staff put out the issue of **High Life.** This year it was a total success. They tried to recognize as many students as possible and produced good reading material.

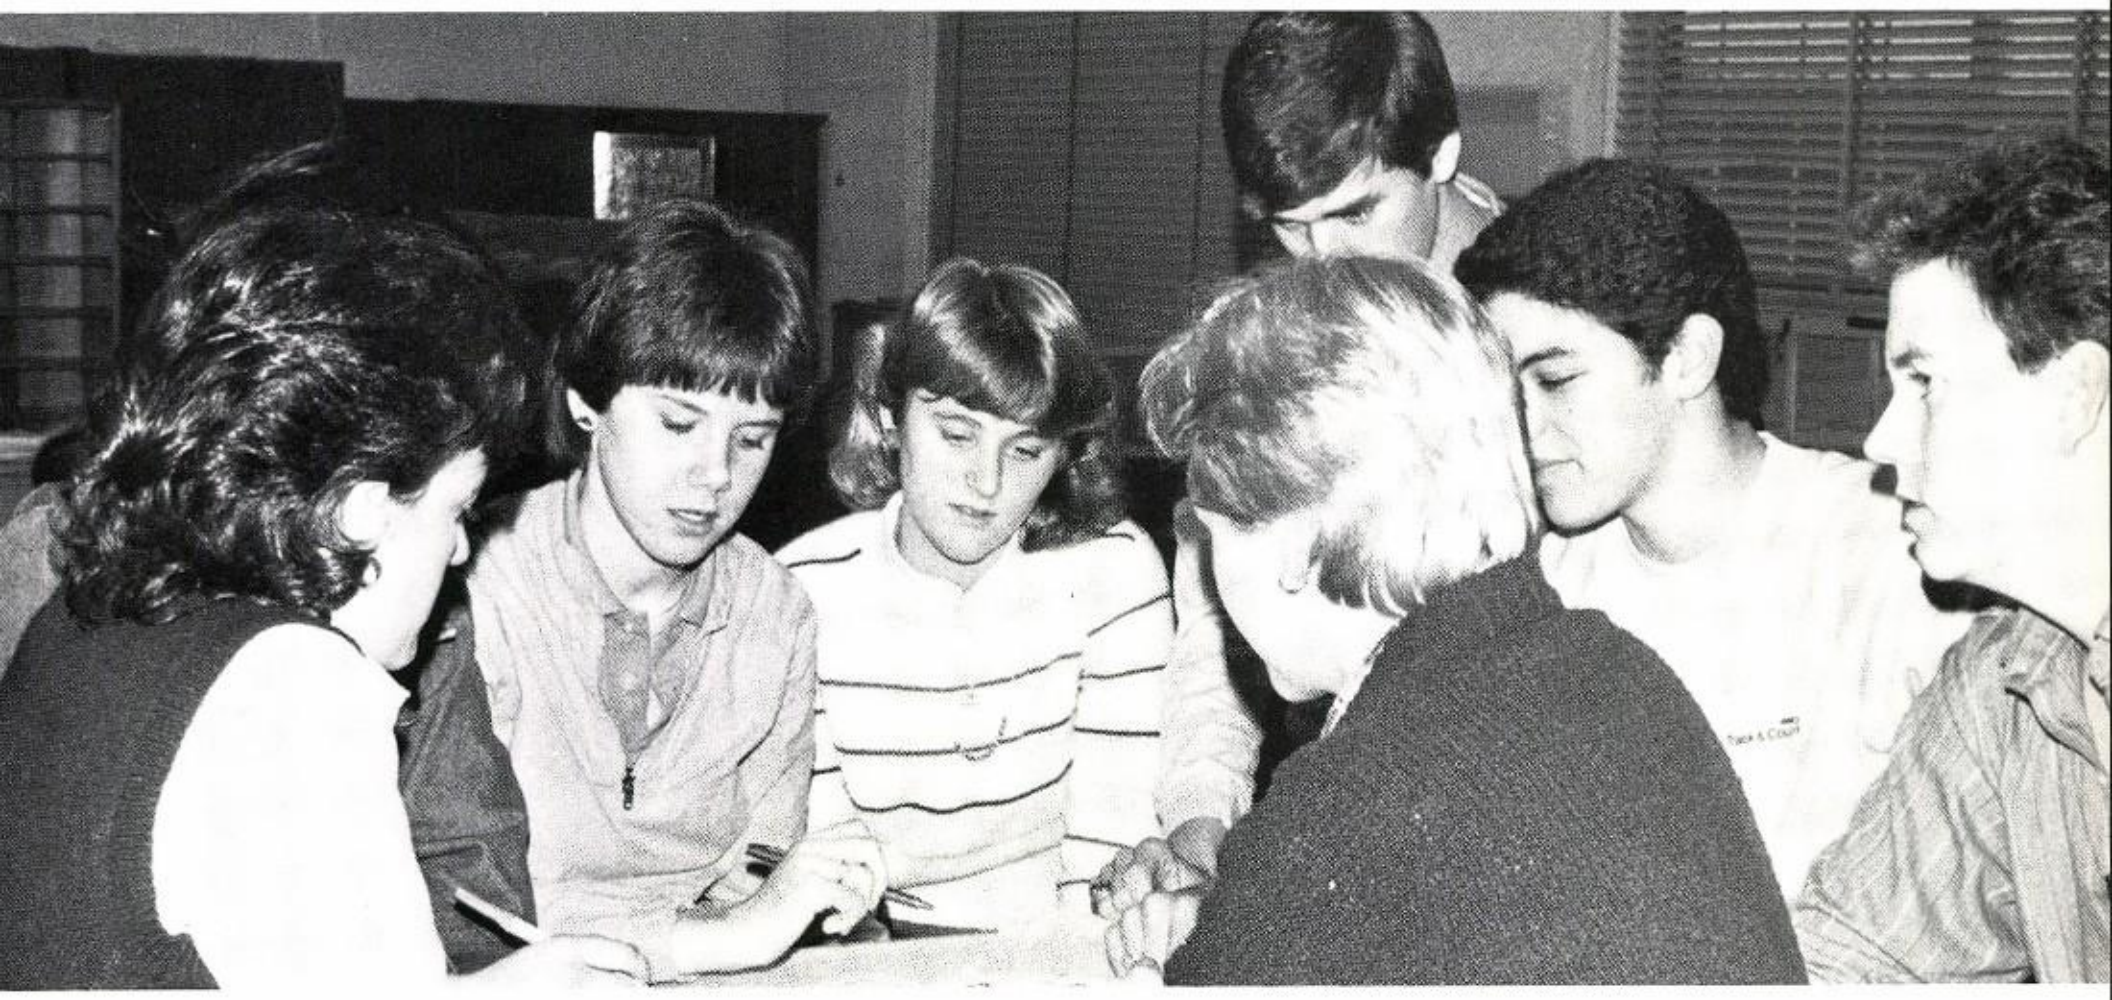
"I feel next year will be even better than this one was," Tamera Majors commented. "Our subscription rate is up, and we have proved that we are a good paper".

High Life (l-r): Row 1 — Alise Weinstein, Larry Reece, Tamera Majors, Katherine Musgrove, **row 2** — Rachael Barger, Carrie Milgrim, Pam Ramsbotham, Julie Workman, Yvette Cook, **row 3** — Eddie Drew, Jay Floyd, Chris Pickeral, Lisa Freiberg, Susan Thaxton, Marsha Sink, Kevin Moran, **row 4** — Pat Chilton, Alan Patterson, Jeff Sural, Alan Biller, Anna Rodriquez, Greg Hoover.



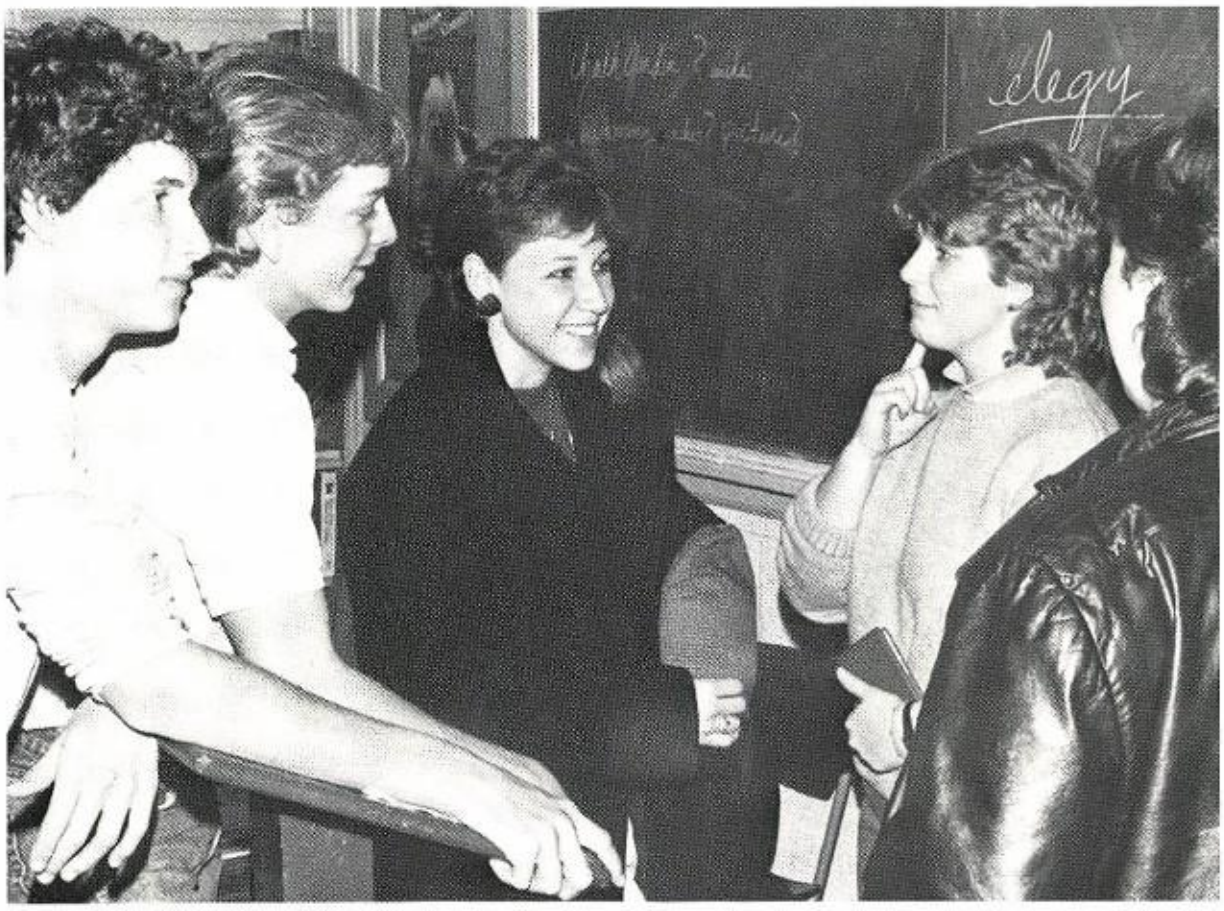
What am I doing here! Jay Floyd doesn't seem too interested in his sixth period class.

This is High Life? Susan Thaxton shows what really goes on behind the scene in High Life.



What about this? Tamera Majors and Marsha Sink put their heads together on an idea.

What was that? Alise Weinstein doesn't seem to have caught that last remark.



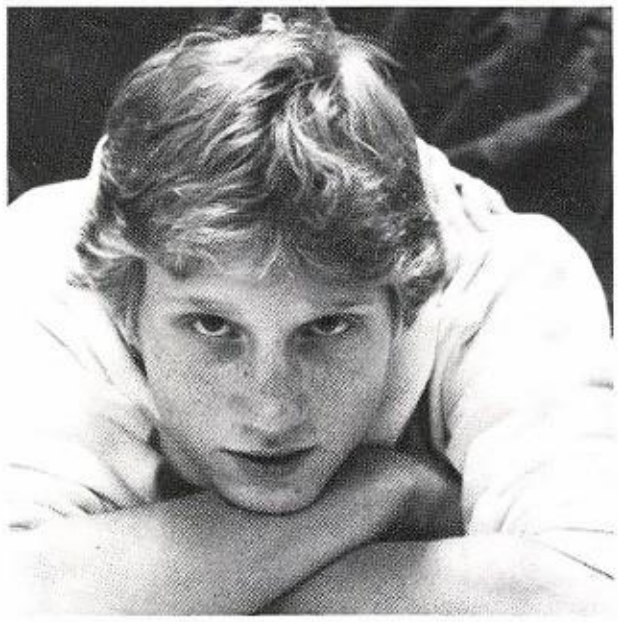
Whatcha doing tonight? Jeff Sural and Carrie Milgrim wait for Susan Thaxton's reply.

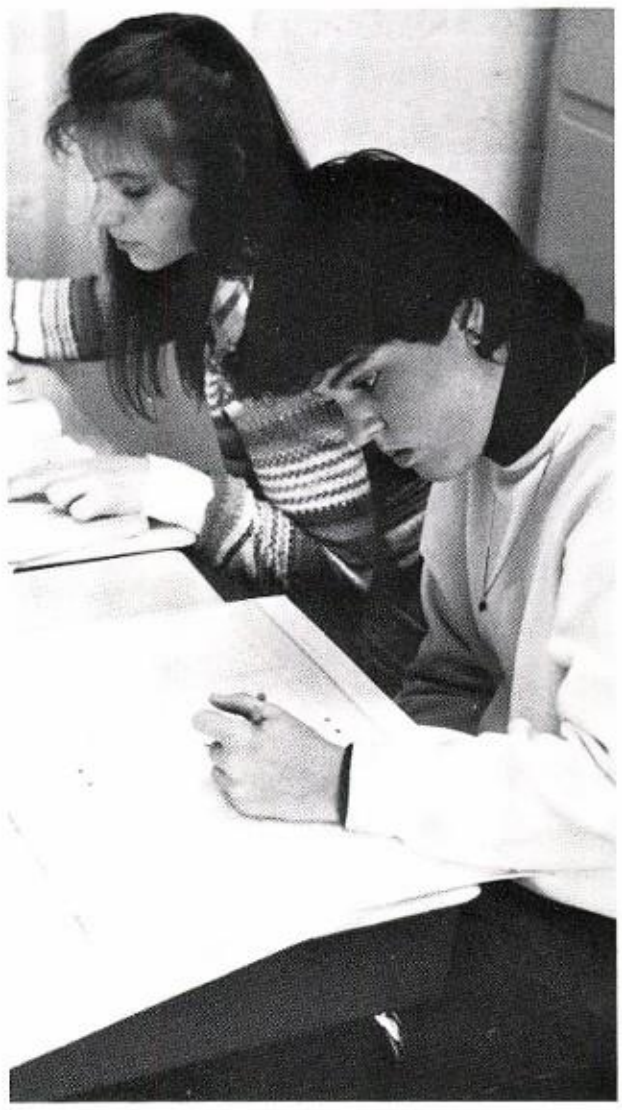
Hard at work — Michele Martorano makes an important decision about the Faculty section.

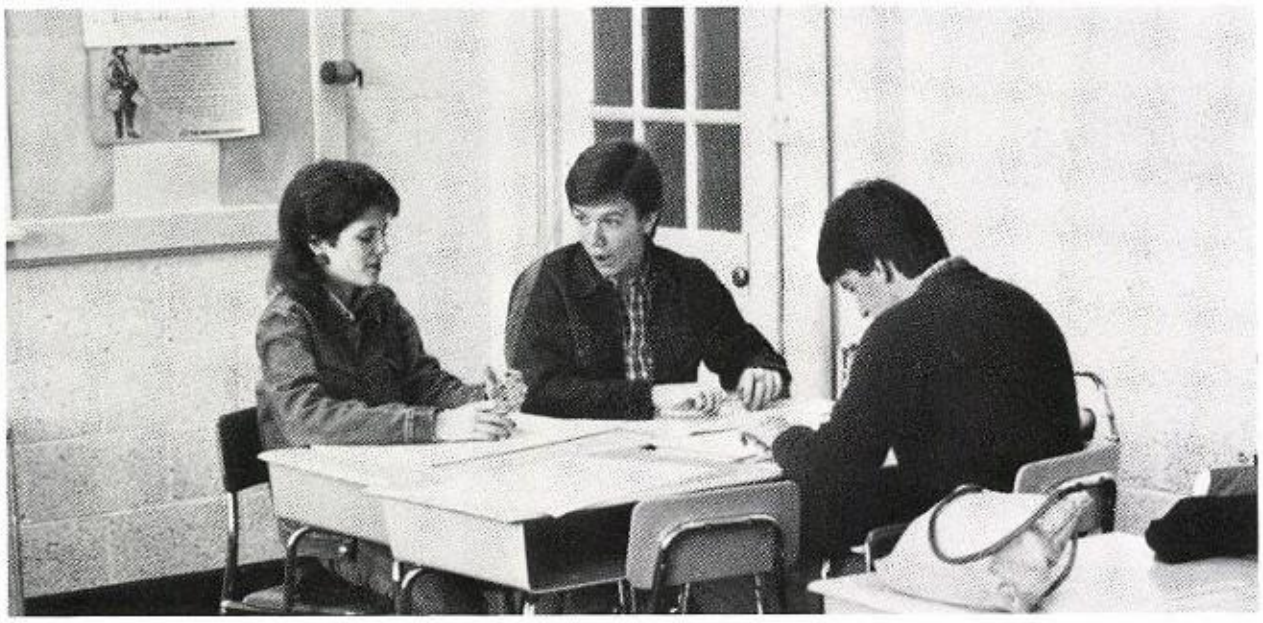
Deadline? Tomorrow? David Sillmon is astonished at all the sports work left to be done.

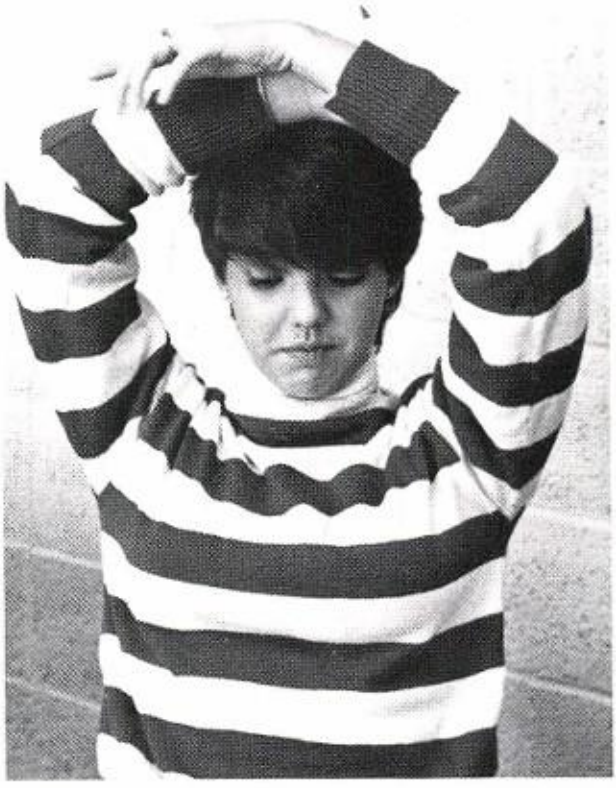
I Love Layouts; Debbie Southern and Carrie Stout are oblivious to everything but their layout.

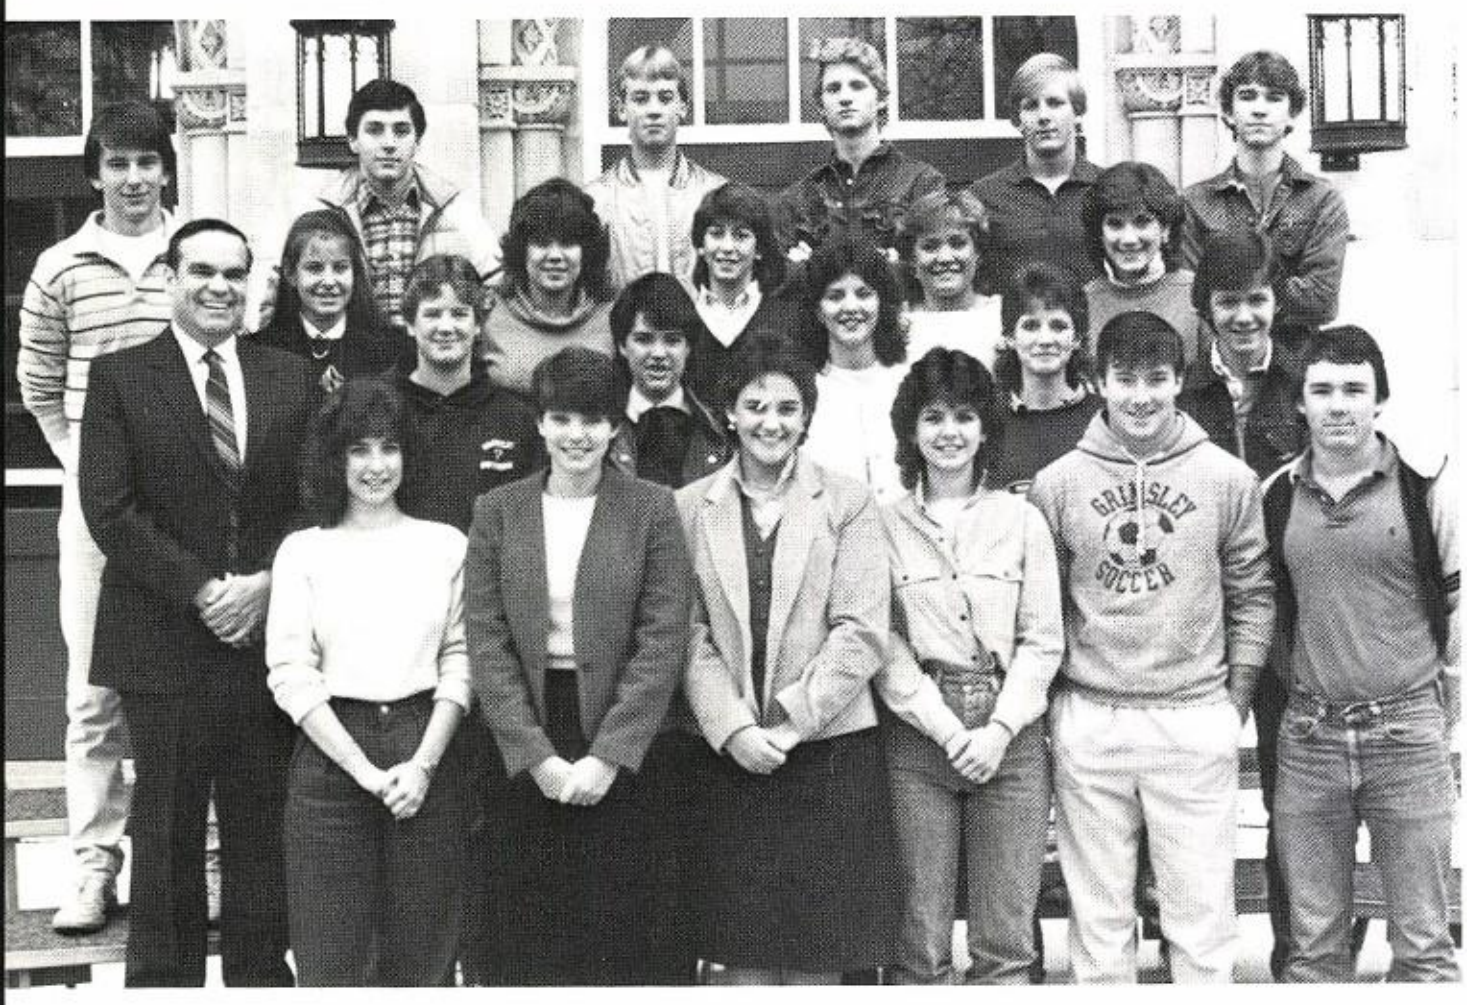
Wait, Focus it, Bill Deuterman directs another photographer on the fine art of photography, but focusing is the number one step.











I Love Yearbook! Tahma Randleman gives a tired sigh, but her first love is always Yearbook.

1st row Bonnie Mullen, Tahma Randleman, Amy Russell, Michele Martorano, Mark Johnston, Scott Rivenbark. **2nd row** Mr. Ballance, Betsy Ellis, Carrie Stout, Candy Dew, Michelle Godard, David Sillmon. **3rd row** Debbie Southern, Drinda Keaton, Jennifer Brunnemer, Gina Russo, Robin Sheldon.**4th row** Jeff Huffman, Mike Joseph, Tom Speaker, Bill Deuterman, Ryan Craig, Ben Burks.

THE WHIRLIGIG'S SERIOUS BUSINESS

How about this? Mr. James Ballance makes a worthy contribution to Bonnie Mullen, club editor; although it was only his first year as Yearbook advisor.

This Yearbook started in the dazzling metropolis of Farmville, Virginia, in a small room in Curry Dormitory on the Longwood campus. It began there with a tube of toothpaste and two ingrates (one who fell asleep at the most opportune times). It began there with the formulation of A BIRD'S EYE VIEW (no thanks to Fitz), and from there the idea took off. But not until the beginning of school year '83-'84 did the idea soar; and more importantly it didn't catch the Whirlie wind until twenty-three staff members dedicated themselves to the completion of this book. Without the cooperation of every staffer, this annual would not have become a reality. We suffered through deadlines and the wrath of Amy, and the loss of pictures, and the good times — with little mention of the bad.

BUT ON THE OTHER HAND

Here's the problem . . . Editor, Amy Russell, receives some extra help from Pam Leadbetter, Delmar representative.

To be structured, as much of THE WHIRLIGIG is, the annual and its propogation is due solely to many hours of hard labor (during which time Editors could not be held responsible for any action undertaken). It is not an organization based only upon the attainment of pictures (good, bad, or non-existent), nor is it designed to be a proverbial "slack" course. Due to twenty-three highly adroit people, you can now hold in your hands A BIRD'S EYE VIEW of Grimsley (and you don't know how very lucky you are). There is a lot of technologically auspicious properties which constitute the ingredients of a yearbook (much too scientifically oriented for the common layman); but it must be stated that if you understood that sentence then you are qualified to be on staff, although a medical examination is a prerequisite. O.K., we admit it; we are all incapable of social function without our daily fix of yearbook layouts, copy, kickers, captions, headlines, identifications of group pictures, and a steady dose of pep talks from Mr. B (as he was affectionately coined). Yet, we have survived; the deadlines were met (one way or the other), and here it is for all to enjoy.

A BIRD'S EYE VIEW OF FACULTY

Teachers, administrators, custodians and cafeteria workers — each provides a vital link in the high-school chain. Although we did not realize their true value at the time, as we shaped our lives after the models they provided for us, it became apparent.

The teachers were the most important links in this chain. They were the ones who transferred to us the energy and knowledge that would motivate us for the rest of our lives. Many also served as special friends, ones we could turn to when the going got rough. They served us not only as educators but also as conselors in every aspect of our lives. And what would we have done without the administrators, who kept us in line when we occasionally slipped, not to mention the cafeteria workers who provided us with that delicious food, and the custodians who kept our school clean? The faculty as a whole provided us with a very vital part of our lives, and we definitely appreciated it.

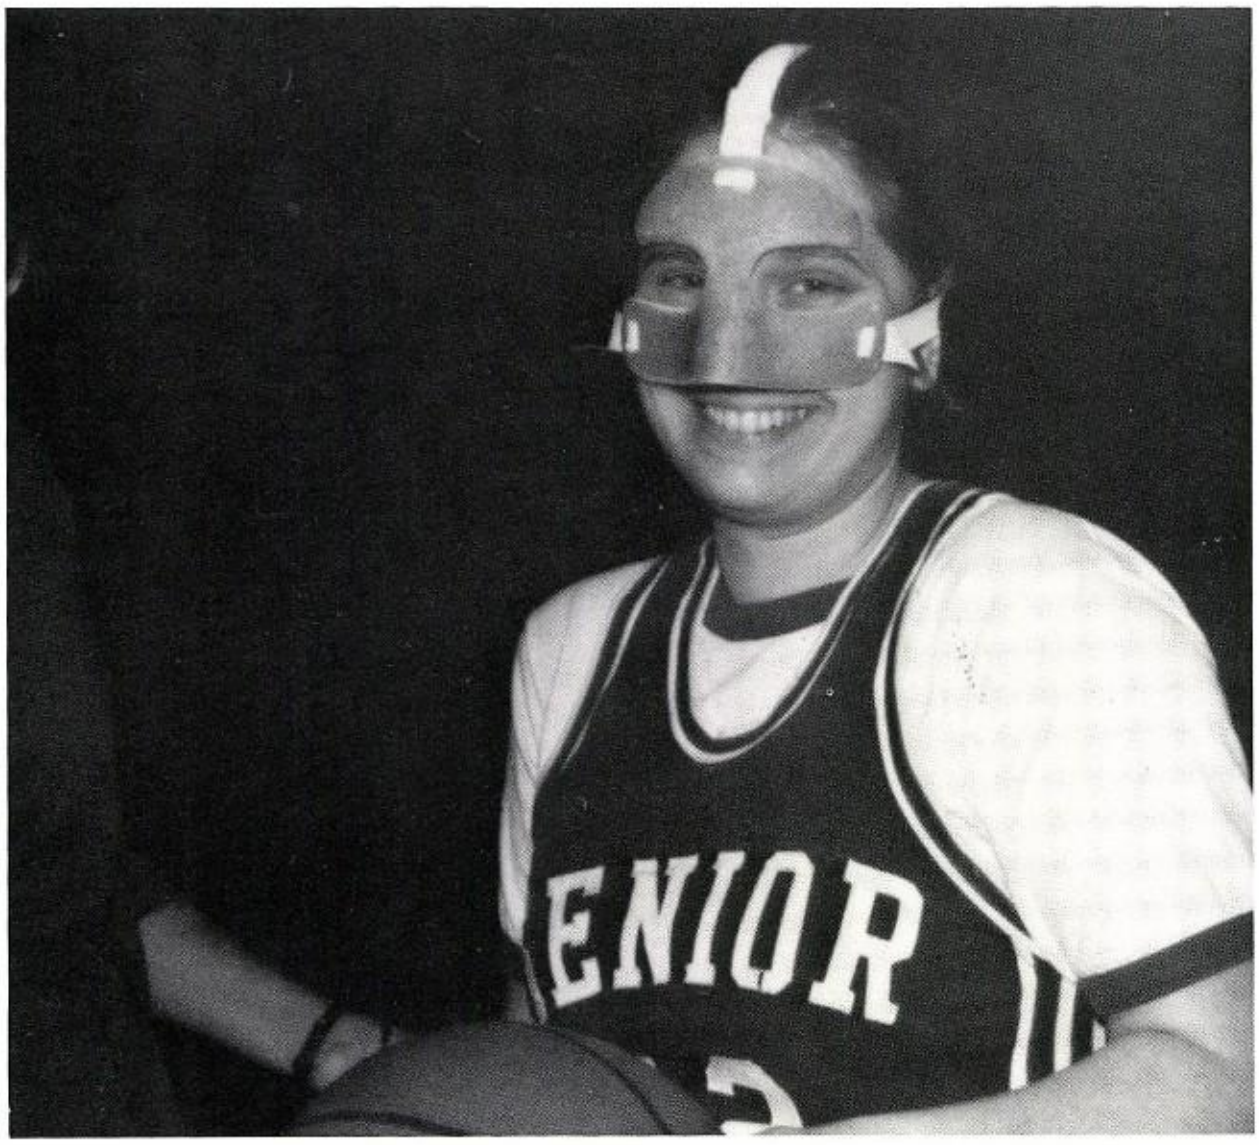
Thanks for a nice semester - I hope you'll be in the band next year

Taking a rest — several of our faculty members break from all the excitement of their chili dinner.

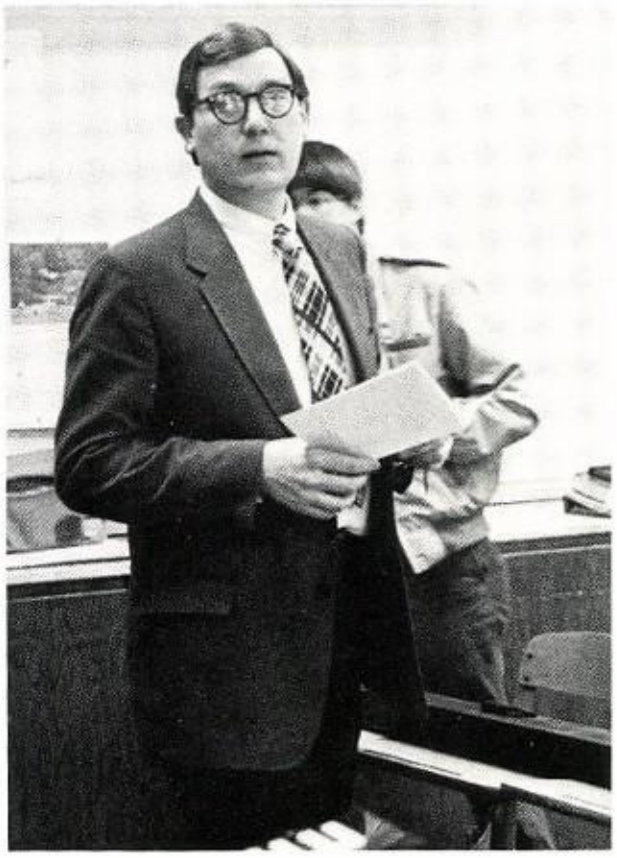
What do you think? Miss Force asks her chorus what they think of her visual aid for tone quality.

Busy as Usual — Mrs. Matthews is fulfilling her duty by organizing paperwork.



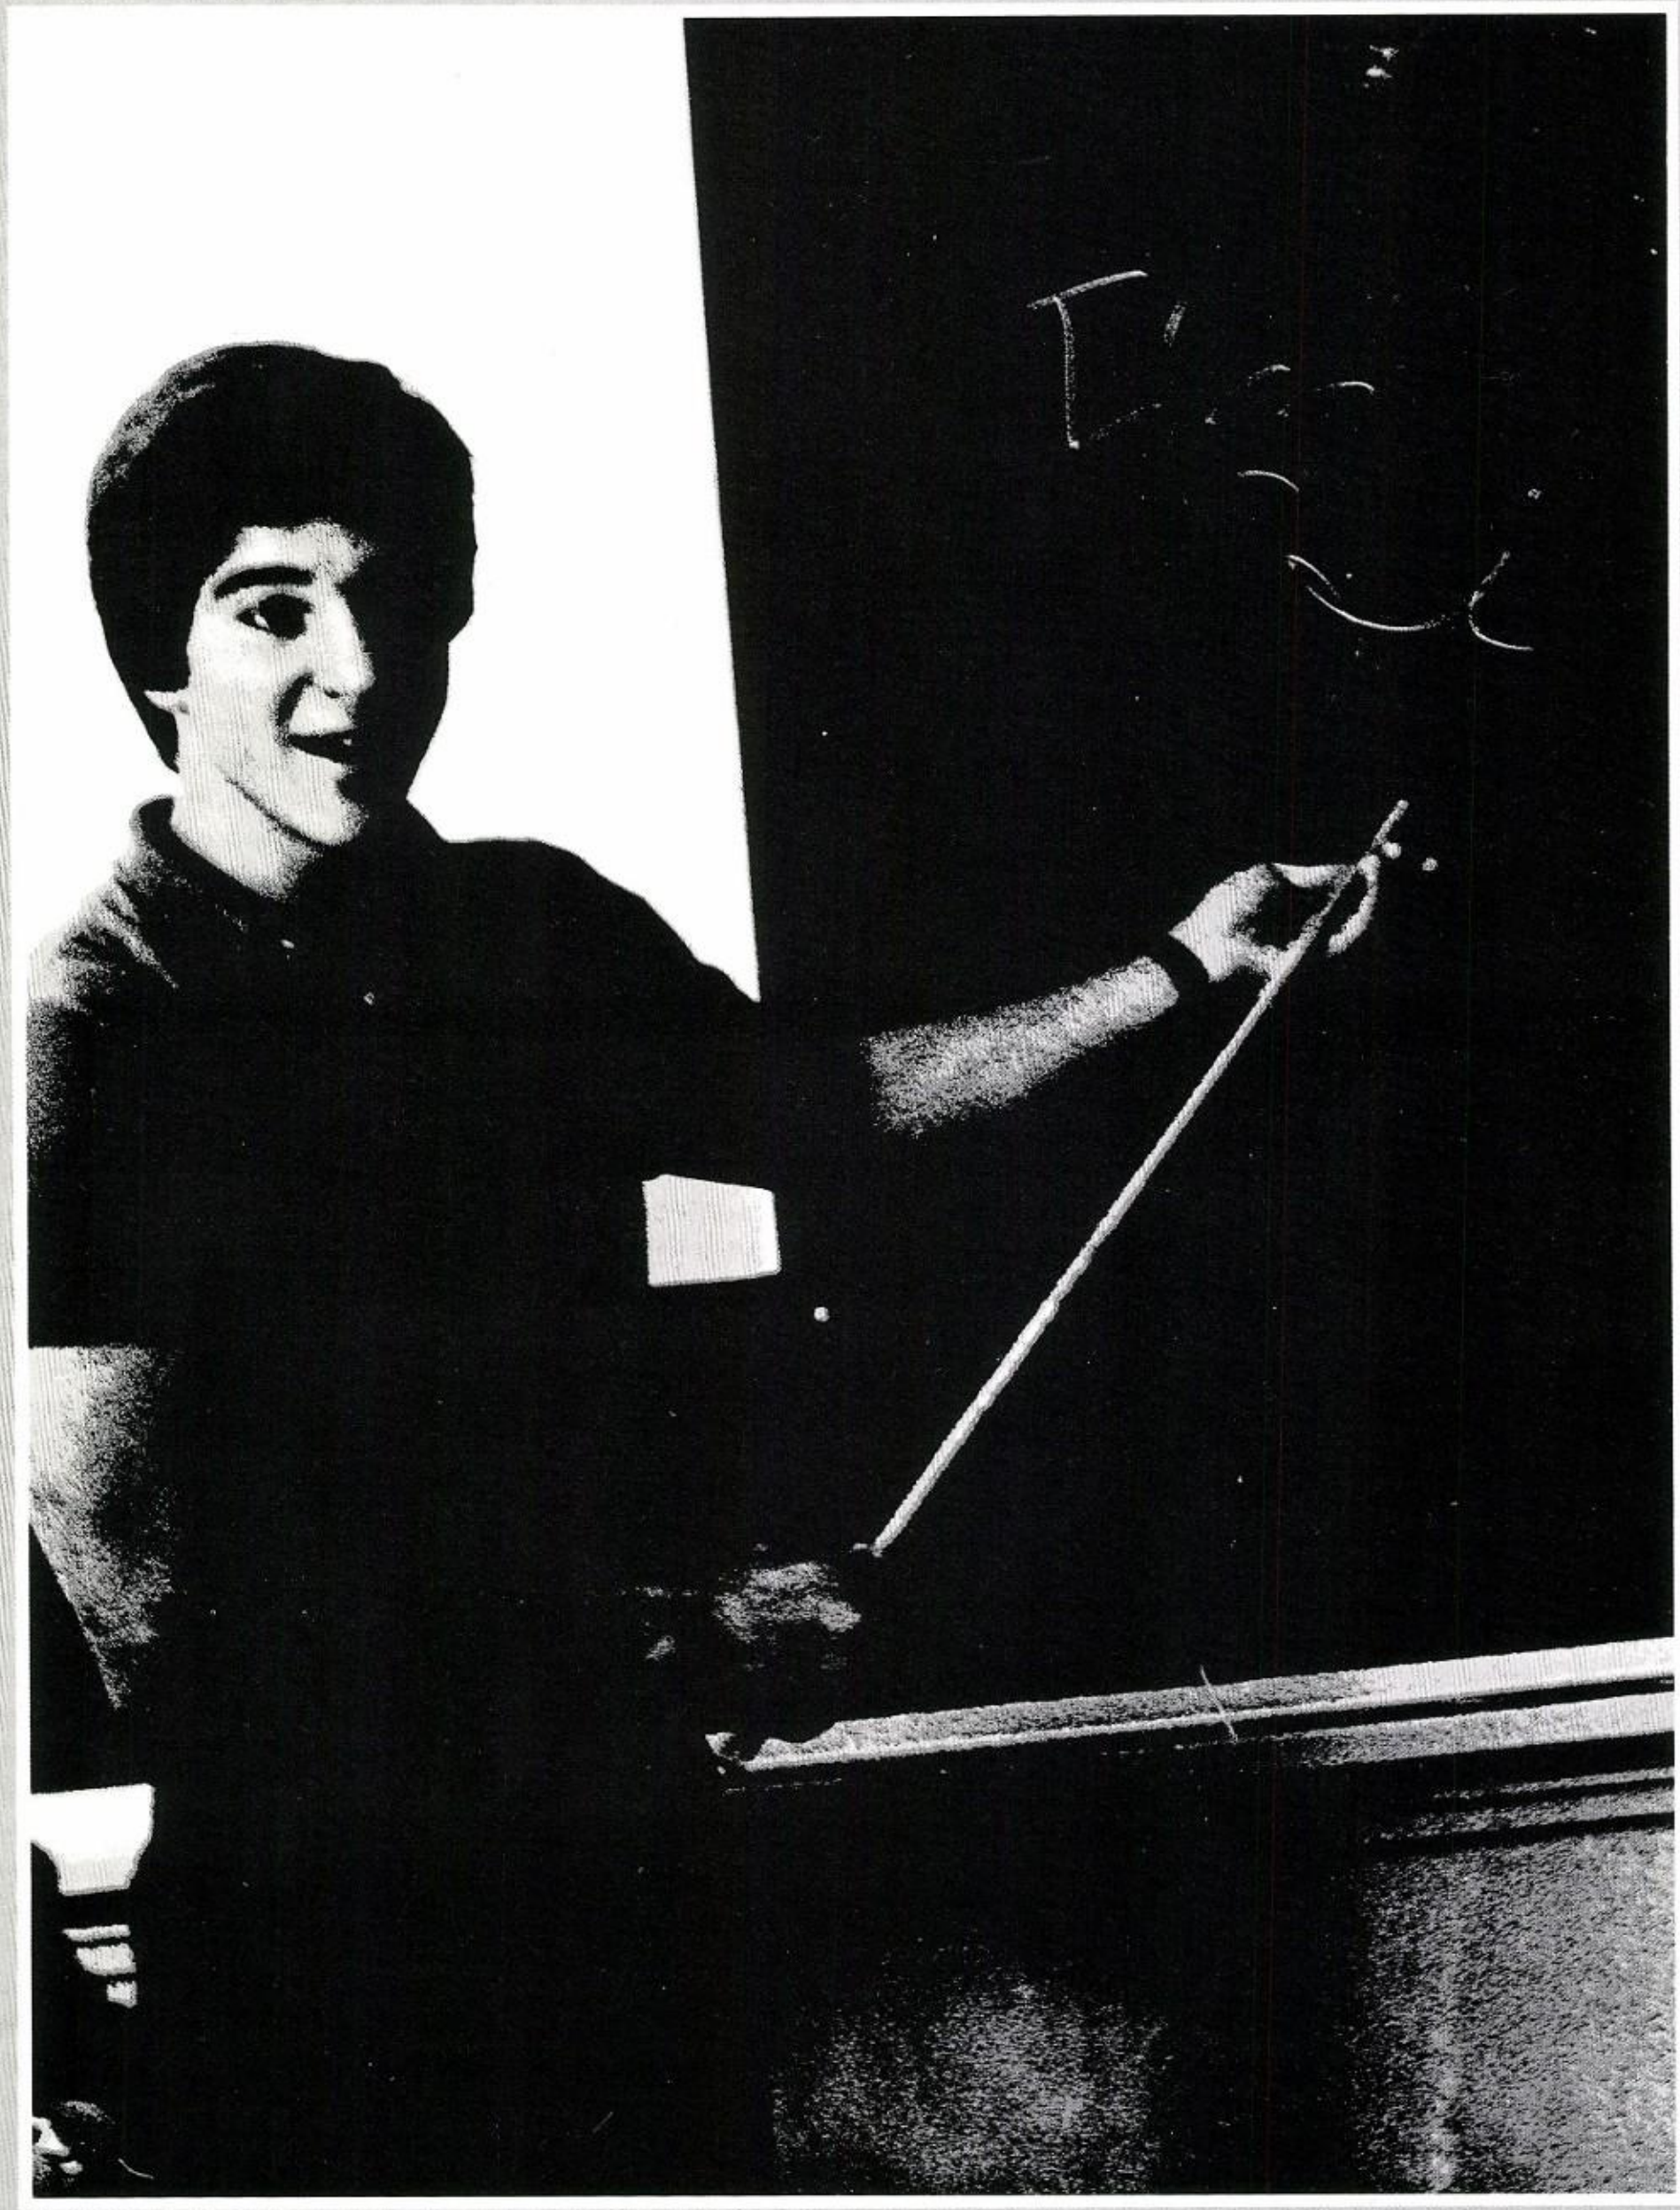
Taking charge. Mrs. Huestis plays fiercely for the faculty; even with a broken nose.

Preparing for Hi IQ. Mr. Whisenant gathers his questions in preparation for practice.



Checking it out, Mr. Crowell makes sure that there is order at this faculty function.

Excited by her children's work, Mrs. Beamer praises her class for their terrific work.



A BIRD'S-EYE VIEW OF CLASSES

As we look back upon our time at Grimsley, the faces of our many classmates conjure up the memories that make up our high-school years. We realize how easy it was to go from being just a group of strangers to being the big happy family that we ended up. We started out as three separate groups that blended together to make a whole, each contributing its own special qualities. The sophomores contributed the energy and vitality that started the year off with enthusiasm, as they strove to become part of our tradition. The juniors kept us on the right track as they struggled through the infamous "hardest year of all." Lastly, the seniors, realizing that the end of their long journey was in sight, banded together for the last time to give us that exceptional feeling of pride and spirit, no matter what the circumstances. As each class was a vital part of our whole, we ended up with the feeling of belonging to our family here at Grimsley and an extreme love and loyalty to each other.

THE LOWEST RUNG ON THE GHS LADDER PROVES TO BE A SPIRITED CLASS

We arrived at Grimsley this year with mixed emotions. First, we were finally official Whirlies, and we were proud! Second, and probably the strongest of the two emotions, was the fear we felt as sophomores, new to the school. The huge campus, the complicated schedules and the many new faces were a lot to handle in the first few days. The upperclassmen seemed so sure of themselves and we seemed to stick out as if the word "sophomore" was printed across our faces. Gradually, however, we learned the ropes and were as much a part of Grimsley as anyone else. We quickly learned the Alma Mater, which we sang with feeling, and our verse to "Right on, Right on," which we vowed to shout out as loud as the seniors. Equally important, we learned to make friends with the upperclassmen in order to secure a ride out to lunch.

As we followed the examples set by the juniors and seniors we learned to enjoy our good times, accept the bad times, and the wisdom that accompanied them; and most importantly, we looked forward to all the challenges of being a sophomore and being a Whirlie.

Practice Makes Perfect

What is one of the traditions experienced by all students that pass through the hallowed halls of Grimsley? Yes, driving the Drivers Education car is one part of high school life that is special to all new drivers.

Whether the course was taken during the summer or during the school year, the time spent driving was something we could not do without. As a matter of fact, those three precious hours spent on the road behind the wheel was mandatory in order to get our long-awaited driver's license.

Most drove with ease, probably because they had had illegal practice with their own autos, but others had a great difficulty maneuvering the car in traffic, through intersections, and around telephone poles. After riding with these new drivers, it is a wonder the instructors have not been institutionalized yet!

Locker Talk

"I wish he would take those stinky shoes out of here! How does anybody expect me to breathe? I am not a poster board, nor a place to practice for home designing class. I am not the X-rated theatre advertising board or the managing editor of **GQ Magazine.**

Why can't I have a quiet little house with neatly stacked books and a couple of cute pictures of family and friends?

I know students love me. They had me painted last year. (Not to complain, but my favorite color is not brown!) Anyway, students stop to talk — not to me, but to their friends — and some do creatively decorate me. Nevertheless, I love being here in Whirlie Country. We're strong, we're proud, we're the lockers!"

JUNIORS CAUGHT IN THE MIDDLE

We were the middle child — the one that was always overlooked. Not the baby sophomores nor the worldly seniors; we were instead the studious juniors. Mainly our year consisted of study — study before homeroom, study during lunch, and study after school. Hours upon hours were devoted to the juniors' habitual state of osmosis.

The junior year was perhaps the most important of all the years at Grimsley because we had to tow the line and most importantly make the grade. It was the year of PSATs, and SATs in the spring, junior class rings, our second year in the Jamieson Stadium, we stood up and shouted and as juniors we let it out. It was the year of increased involvement in school activities such as sports and clubs, and most memorably, our first year as Whirlie upperclassmen.

Characteristically, the junior year is one of decisions. It was time to plan seriously for college and for a future career. Career Day at the Coliseum provided an opportunity for exposure to different opportunities. A program for juniors, Career Day did offer some "helpful hints" for our future.

The juniors were growing up in this their eleventh year of schooling and also accepting the responsibilities of age. To the pressure-laden junior, the coming reward of senior was a well-deserved victory.

A Flash Of Blue And Gold

A class ring at last! What a great feeling!

After a year admiring the class rings of upperclassmen, juniors finally got the chance to buy their own. Whether buying a traditional "G" ring or one with a blue stone, the significance of the event was well-worth waiting for. Symbolically, the rings stood for the attainment of "junior" and the true belonging to Whirlie Country.

Following the ring's arrival, the traditional turning took place. "85" was the magic number this past year and juniors eagerly asked friends to turn their rings for luck.

Of course, there are emotional ties to a class ring, but these ties are easily broken when it comes to the mutual exchange of rings. Guys will agree that the look on a girl's face when she accepts a ring is truly touching. It is remembrances like that which make our senior high years special.

Many people don't buy class rings from the advertising company, but opt for a jeweler-made ring. Either way, when the ring finally does arrive, it is a joyous occasion, and that extra flash of blue on one's hand is but another symbol of Whirlie Spirit and pride in the G!

Dreaming

Sometimes when you're dreaming
You have really stopped to think
Minute after minute,
You are dreaming link-to-link.
You wake to only find yourself
In a far-off kind of thought;
You suddenly wake to find it out,
That you have gotten caught.

Though sometimes when you're dreaming
You have really gone to sleep;
The teacher's going to flunk you
'Cause the lessons gotten deep.
You know you are in trouble
When your nightmares have come true;
And you are signing papers—
Dr. Baur's suspending you.

Junior Leaders

Class officers were elected at the end of the 1982-83 school year, but not until the following year did they become the "real" class officials. Elected were: Billy Fuller, President; Graham Lashley, President Pro-Tem; Mary MacLean Doolan, Secretary-Treasurer; Lori Singer, Youth Recreation Chairperson; and Nancy Cashion, Pep Board Chairperson. These people were elected to represent the junior class of 1985, and they did so with style.

They kicked off the year with a Touchdown Throwdown dance after our first football game. After encountering initial difficulties, namely the sound system failing, the dance was postponed until the following week. In reality, the disaster turned out to be profitable for the junior class. The following week there was an increased turn-out and profits escalated to $900. This and another fund-raiser enabled the junior class to effect a class project worthy of the class of 1985.

"Fire!!!"
"Call the fireman!"
"YEEEEK!!"
"Put the fire out."
"Look, there is a burning car!"
"Oh well!"
"What am I gonna do now?!"
"Looks like someone caught a wheel."
"No, they must have burst their radiator."
"No, there is too much smoke for that."
"A car must have caught on fire."
"My car is parked beside it."

Balloons For Sale

A new spirit booster this year was the blue and white helium balloons sponsored by the Pep Board. The board came Friday afternoons before the games to blow them up, then returned approximately one hour before the game to sell them for 25¢. All the true Whirlies bought a balloon (or two) to support the Pep Board, but more importantly, to support the Whirlie football players. At the first kickoff, the Whirlie side of the stadium let go all the blue and white balloons to show off our true blue spirit.

American Sorrow

According to the national flag code, the stars and stripes may only fly at half-mast when the entire country is mourning. The symbol of the flag flown at half-mast is one of universal caliber, and unfortunately the significance became all too clear for Whirlies this past year.

The Korean Jetliner 007 was destroyed by the Soviet Union and for this all the countries of the world condemned the U.S.S.R. The fact remained Americans were killed, and Grimsley exhibited her feeling and the flag flew solemnly at half-mast.

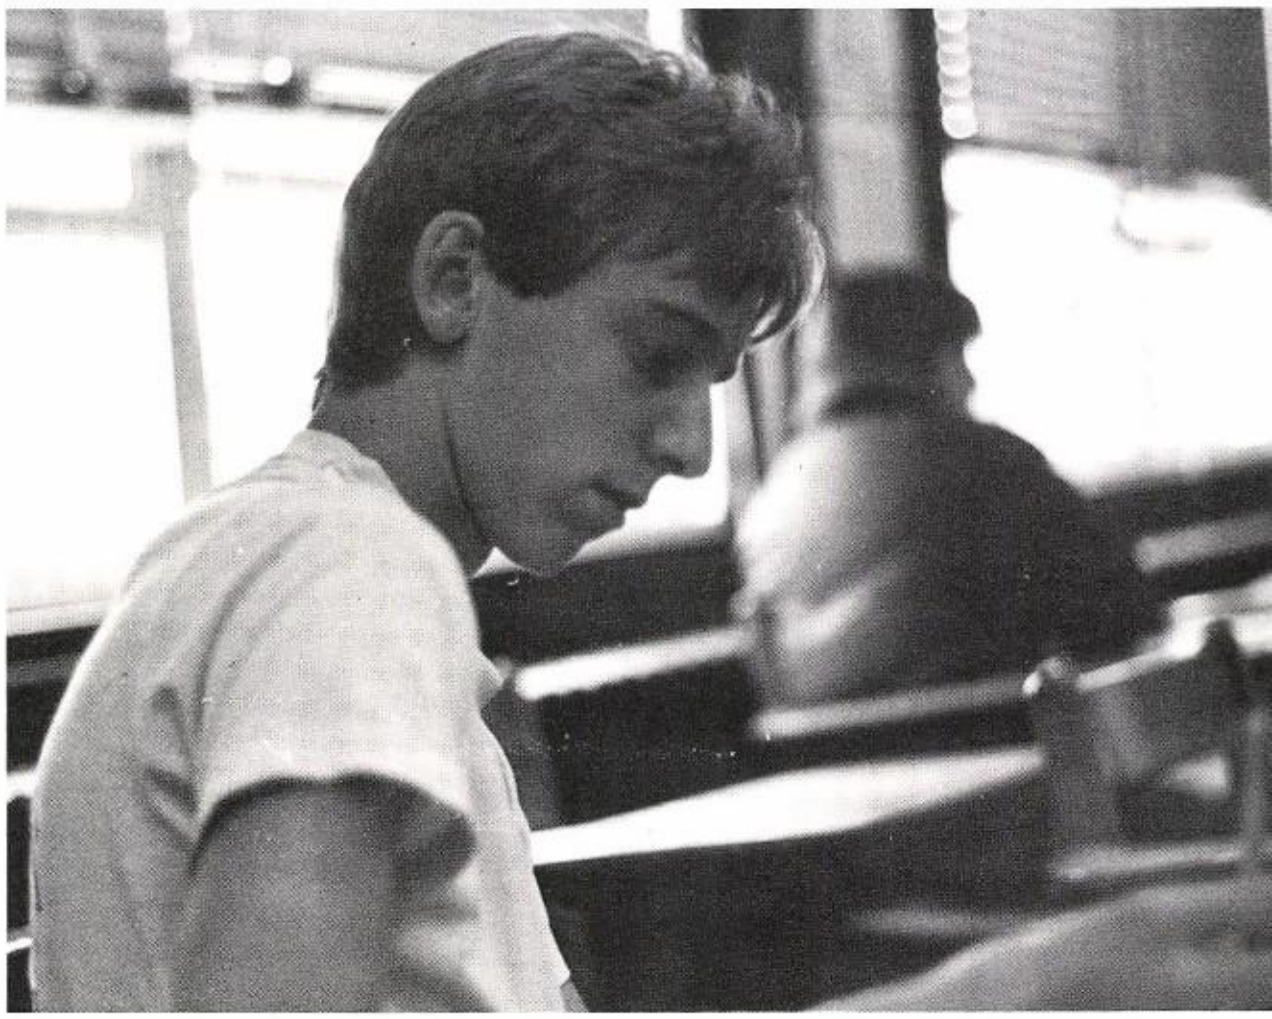
This was not, to our sorrow, the only deaths of Americans in the year 1983-84. U.S. peace-keeping forces in Beirut were killed after a suicide bombing, much like the Kamikaze pilots of WWII. The dead had to be dug from the rubble and the citizens of the U.S. held their breath as the dead count mounted daily; the final toll was 232 dead. Again, our flag flew at half-mast as the nation mourned.

As the Lebanon crisis became a horrendous nightmare come true, U.S. forces invaded the small island of Granada with the intent of protecting the American citizens and students living there. Although the mission was a success, American casualties did occur; 8 marines were killed and 13 were wounded. The flag stood as a symbol of America's sacrifice.

The year of 1983 was marred by the first American Armed Forces' casualties since the 1970's and the Vietnam War. Much like our own alma mater, the United States flag represented to the Whirlie pride in the country — even in death and tragedy.

Finishing up Homework — Ken Jones works on some uncompleted work in his study hall.

Punking Out — Ronnie Majors takes time from the Page-Grimsley pep-rally to give us a smile.



Let's Make a Deal — Jonathan Edwards asks unseen driver to finish his German homework for him.

Somebody's got to do it! — Libby Boles and Jenny Macon prepare for Homecoming Dance by making decorations.

SENIORS ROCK THE HOUSE

Realizing that this was the last year we would all be together, we as the Senior Class united to form a close-knit family. This closeness characterized us in everything we did, from cheering at a football game to applying for college.

Probably the best word to describe this year's senior class was exceptional. We revived a school spirit that Grimsley has been lacking for many years. After two long years of waiting, we were finally able to stand up and scream, "We are Seniors and we know we are mean!" Each time we boasted these words with stronger emotion than before, knowing that the time was drawing near when this meaningful phrase would no longer have the same significance. The exceptional pride we felt for ourselves was expressed through the enthusiastic chant, "Seniors rock the house!"

This year was the one that we will look back on and remember as our best high school year. In our struggle to reach the top, we encountered both good times and bad times. Most important, though, was the fact that we stood by each other not only in the good times but also when we needed it most, in the bad times.

Upon graduating, this year's senior class leaves our example of exceptional love, dedication, loyalty, and tradition for all future Whirlies to follow.

Homecoming Queen. Overwhelmed by the decision, Tamera Majors cries tears of happiness.

"Can You Believe It?" Even the Whirliebird gets in on the action as cheerleaders congratulate Maid of Honor Pam Utter.

Anxious Moments. Looking to her escort, Alvin Blount for support, Pam Dingle waits nervously for the announcements.

"Was that my Name?" As the band plays "Nobody Does It Better," Kay Miller and Philip Ritchy listen for their names over the PA system.

Pouring Rain. Cold and wet weather did not dampen spirits as loyal Whirlie fans huddled under giant umbrellas.

Hugs and Kisses — Excited for her friend, Nancy Cashion congratulates Tamera Majors on her honor.

NOBODY DOES IT BETTER

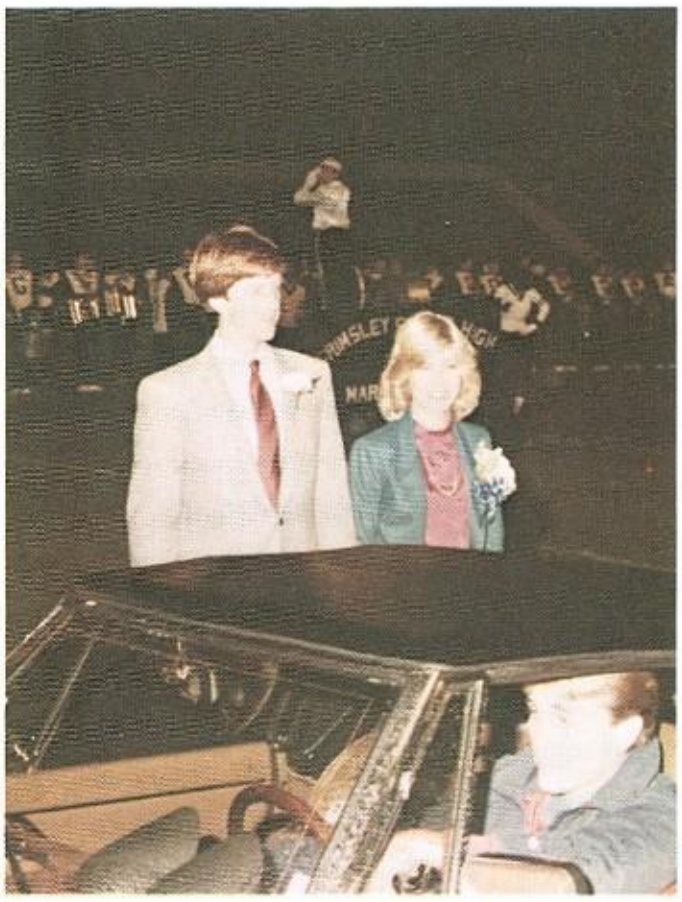
The first thought that ran through our minds early Homecoming morning was, "Please let this rain stop!" Homecoming 1983 began and ended a cold and rainy October 21st.

After attempting to display the service club projects on the front lawn, the clubs were forced to move their projects inside because of the intense rain.

Throughout the day, disappointment registered on many faces as rumor spread of cancellation of the night's big game. The pep rally and the student body's overwhelming desire to continue with the planned game put an end to the rumors.

The service club project trophy was awarded to the Civinettes, while Exchangettes received second. Tamera Majors was crowned queen, with Kay Miller and Pam Utter the Maids of Honor. The final score was 14-9 in Parkland's favor. Although we lost the game, it was a most exciting time; and despite the weather, Whirlie spirit prevailed.

On the Sideline. Dr. Baur, Mrs. Shockley, and 1982 Maids of Honor watch for the Court to come out on the field.



Center Stage. Having circled the field in an Alfa Romeo, Lisa Elmore and Jim Albright smile bravely for the crowd, despite the rain.

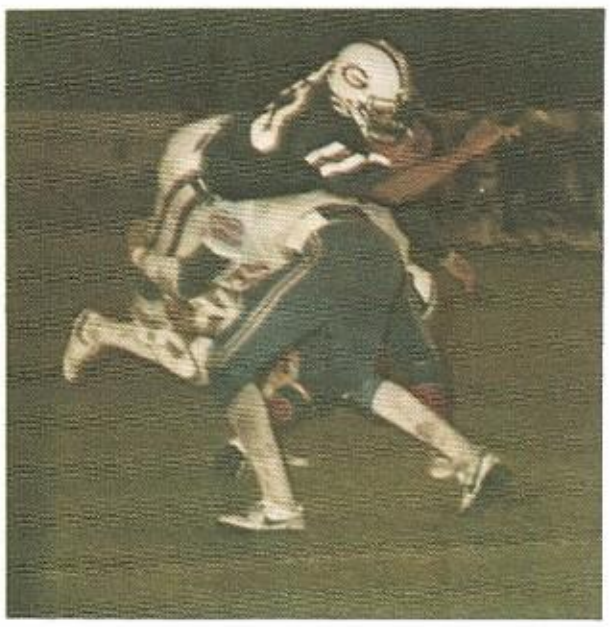
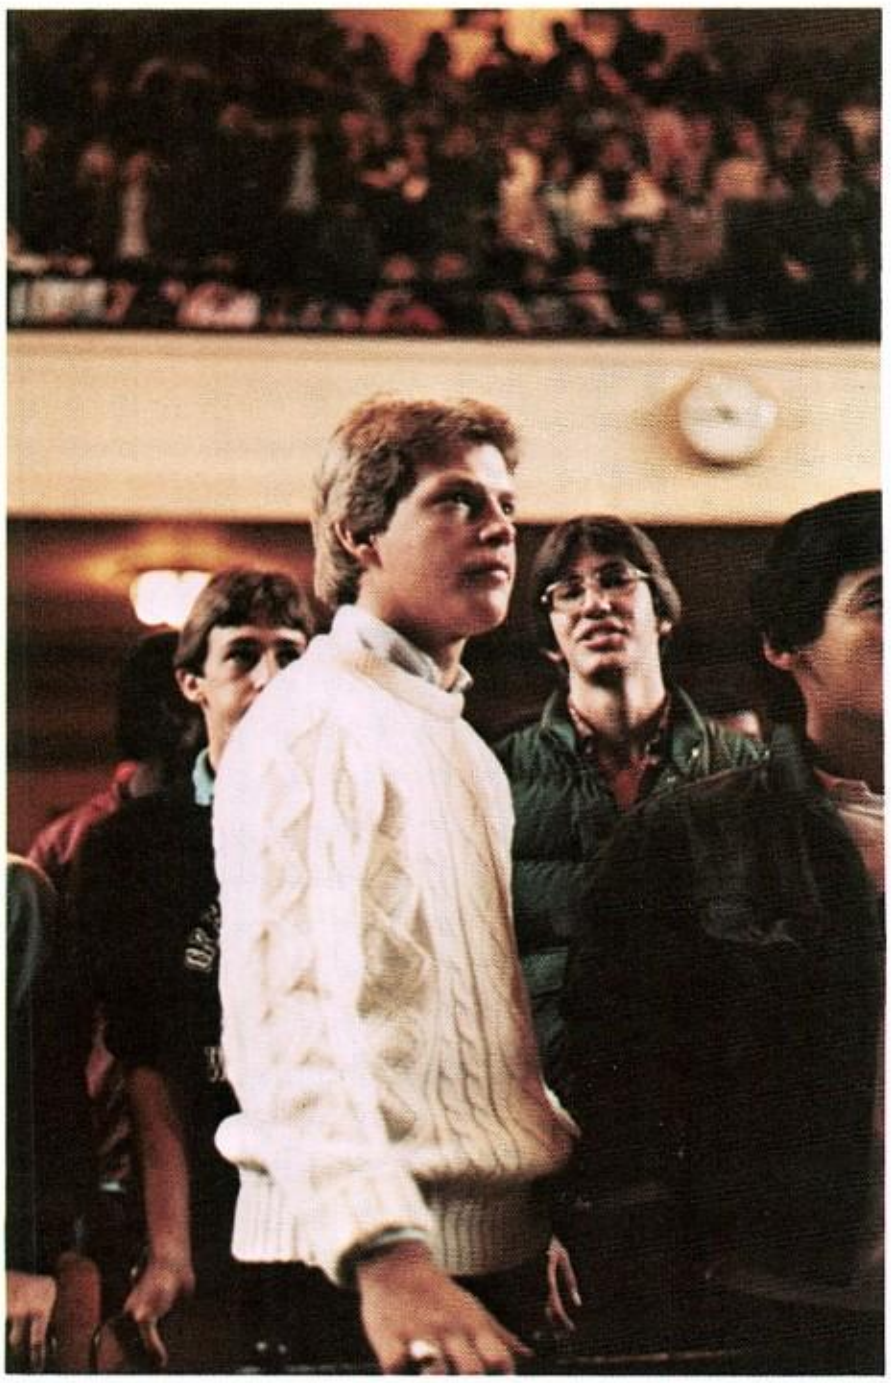
Whirlie Fans. Enthused by the pep rally, Seniors George Caesar, Chris Brandenburg, and Karen Celmer ham it up for the yearbook photographer.



Diving Through the Air. Runningback Rex Tonkins leaps over Parkland defender to score a touchdown at the Homecoming game.

Warming Up for the Luau. Band members Bill Curlee, Richard Lomax, and Jane Abernathy, decked out for Hawaiian Day, take a break from rehearsal.



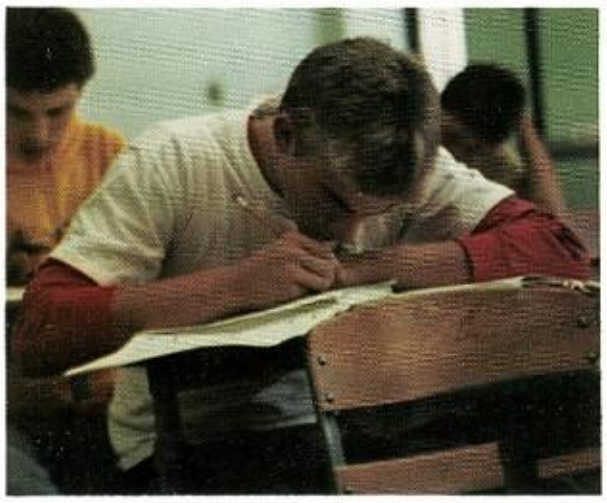
In a Trance. Gazing at the stage, Charlie Allen is impressed with the activities of the pep rally.

What a Stud! Amid cheering Seniors, Jeff Baum poses for the camera, seeming more interested in getting his picture taken.

Class of 1984

Packed in Ice. Injured during the Parkland game, Schuyler Culver receives medical attention at the sideline from Coach Franks.

Taking Notes. Bent over his desk, Vince Savage struggles with a math assignment.



Strike Up the Band. Drum Major Jim Tedder directs Whirlie band during "on the field" rehearsal for a game show.

"All Hail." With hands and voices raised, Senior girls lead the student body as they sing the Alma Mater to close a pep rally.

Practice Makes Perfect. Waiting for the signal to march onto the field, flutist Alicia Bergman stands ready.

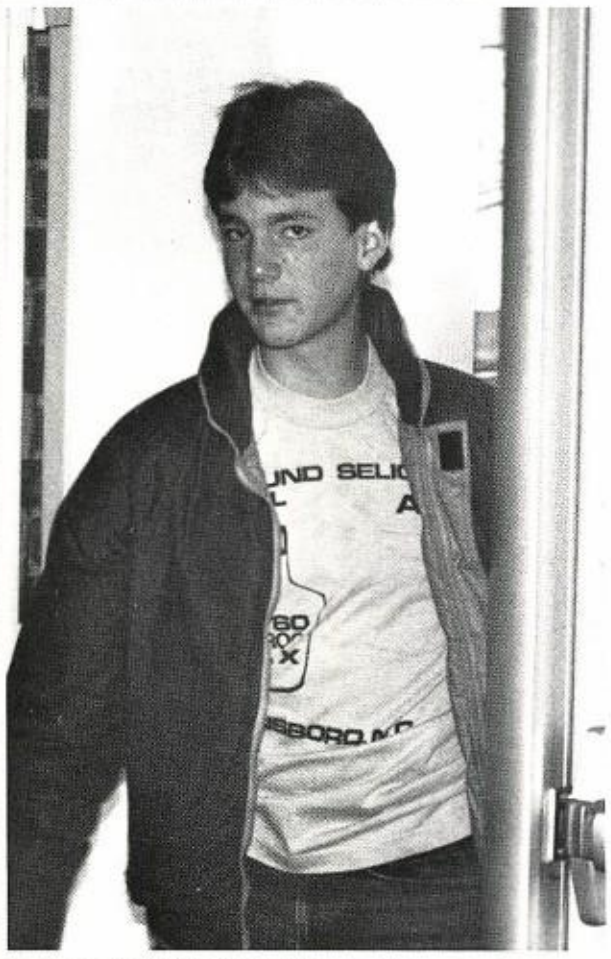
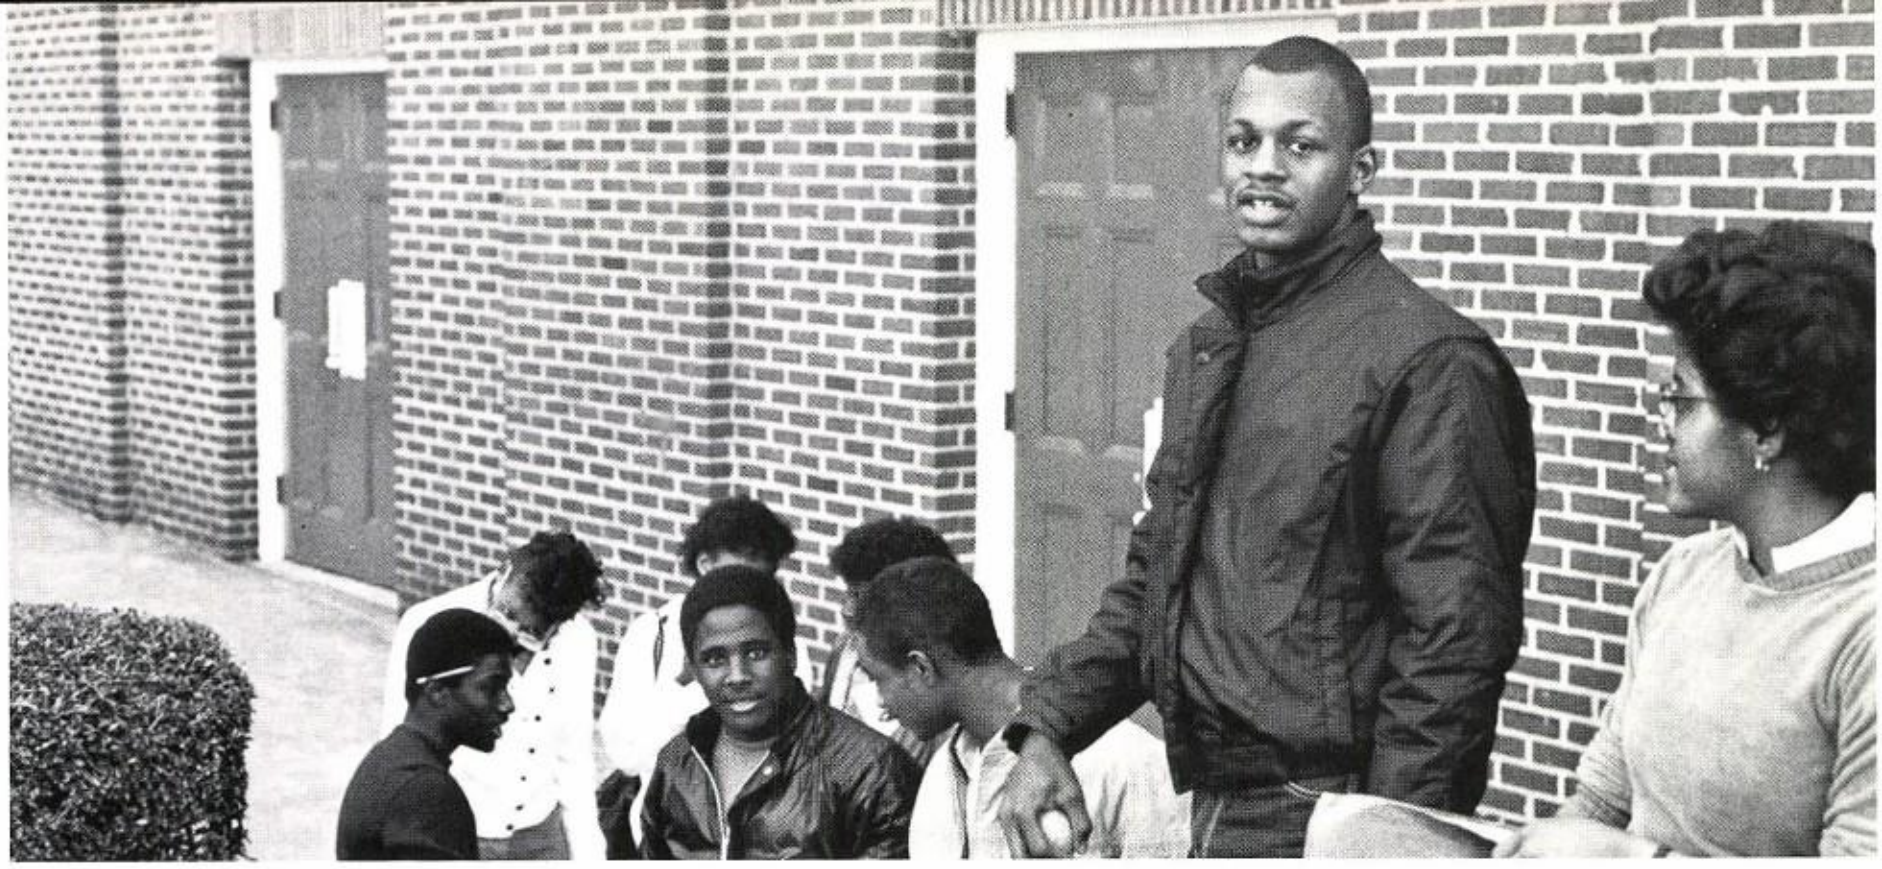
Check Us Out! Sophomore girls want to show off their carnations to their senior buddy, Mike Fitzgerald.

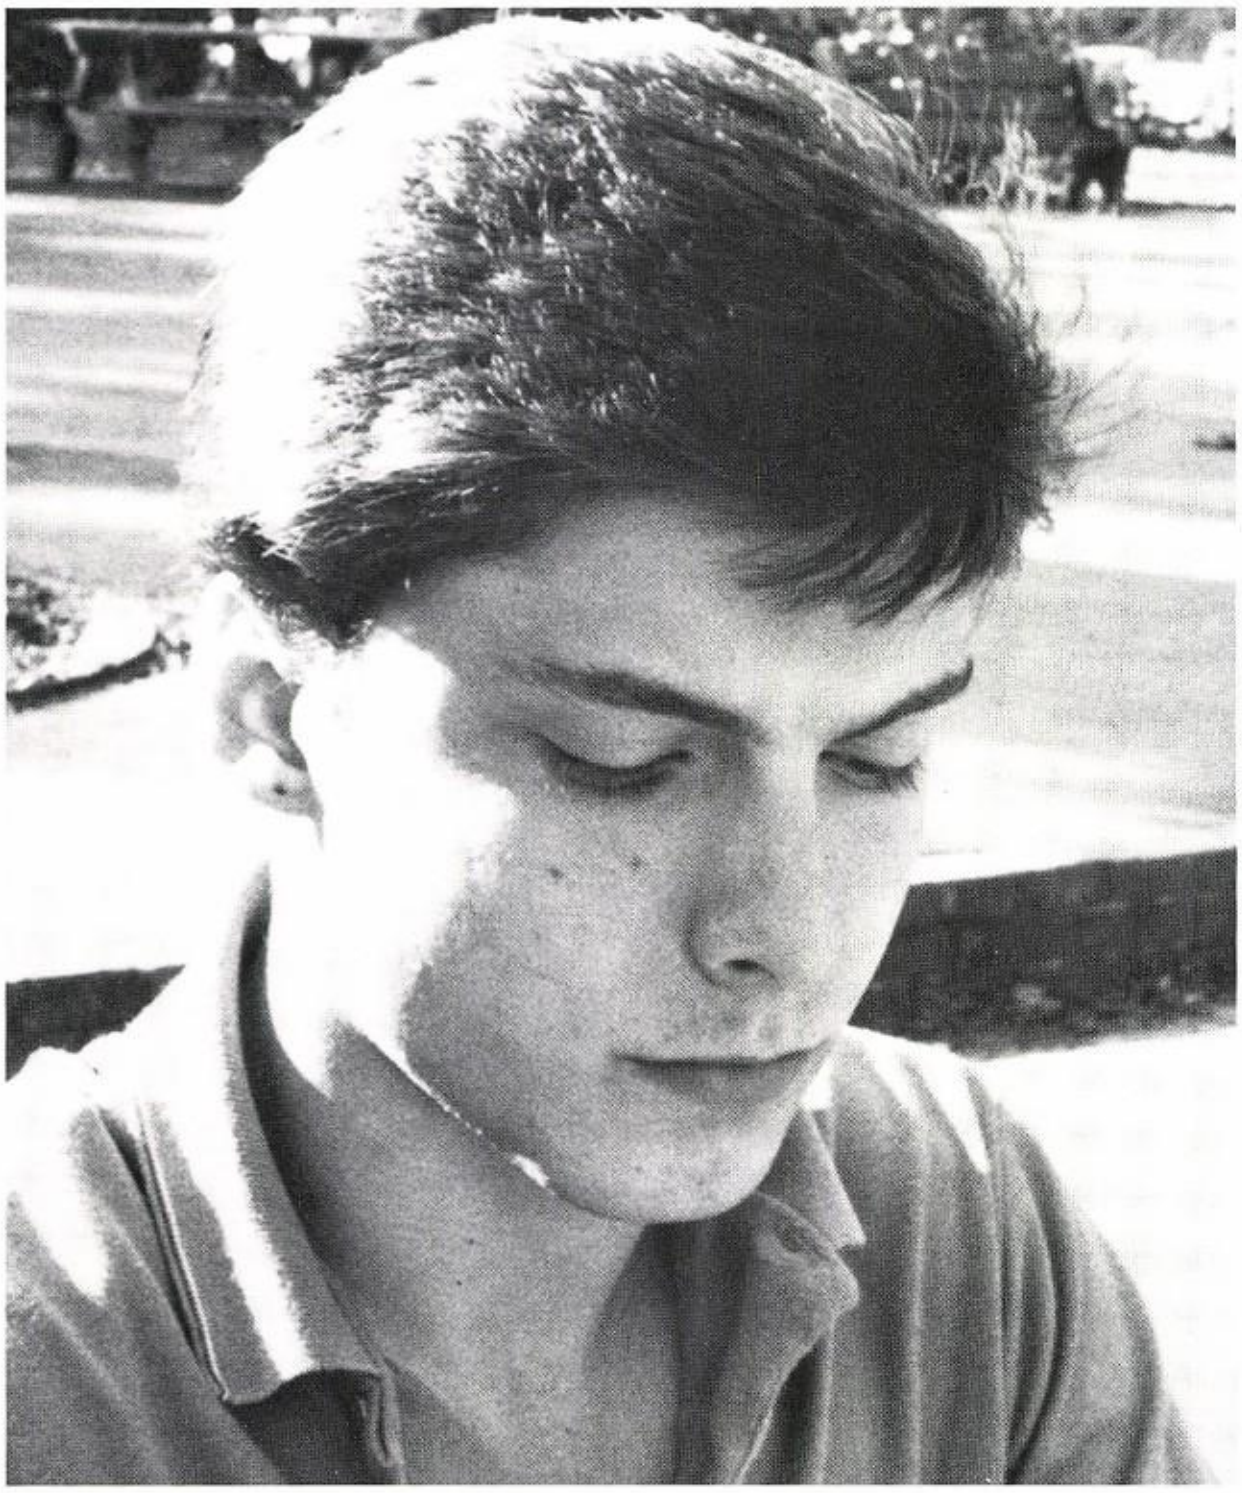


Don't take my picture Junior Rob Kistenberg is caught with the morning blues as he makes his way to first period.

Ho Ho Ho! Mark Johnston and Beth Witherspoon get into the Christmas spirit while waiting in the Grove after lunch.



AN END LIKE NO OTHER . . .



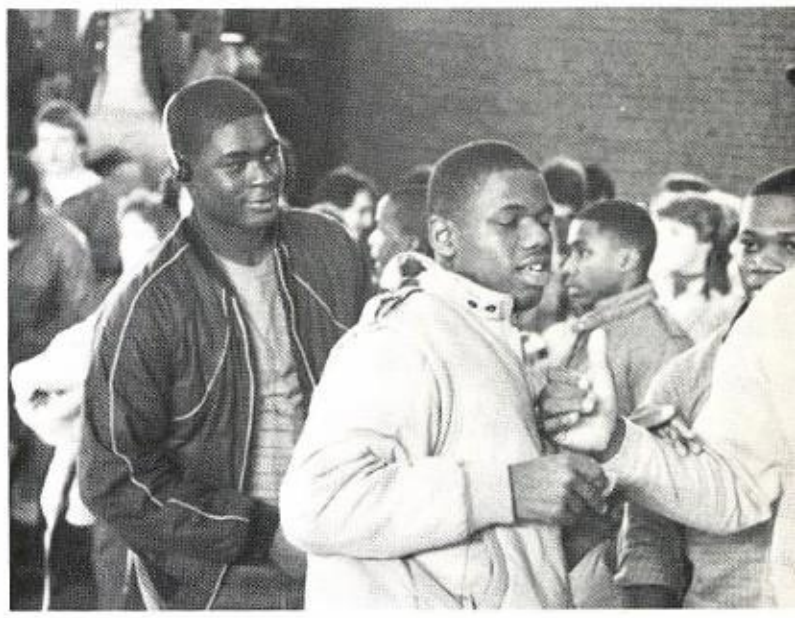
Studying Hard? Calvin Alston gives some help to friends who are preparing for a test after lunch.

Takin' a break Philip Ritchy decides to take a break from the rat race of going out to lunch and spends the time relaxing in the Grove.

And eventually the end came when it was over, and it was an end like so many others; and yet it was so completely different.

It all dwindled down after spring break. Senioritis took hold and things moved very rapidly; eventually the days were hot again and the fans and the bees were back.

Once there were three weeks left and the Junior-Senior prom was right around the corner, and with it Senior Awards Day, when they all marched in and sang the Alma Mater as they always had, and yet with a new sadness. Then, we of the underclass, stood and dreamed of their futures and of ours and we all were saddened. Spring is the time of new life and at Grimsley the ending of an old; and graduating seniors were the epitome of both.

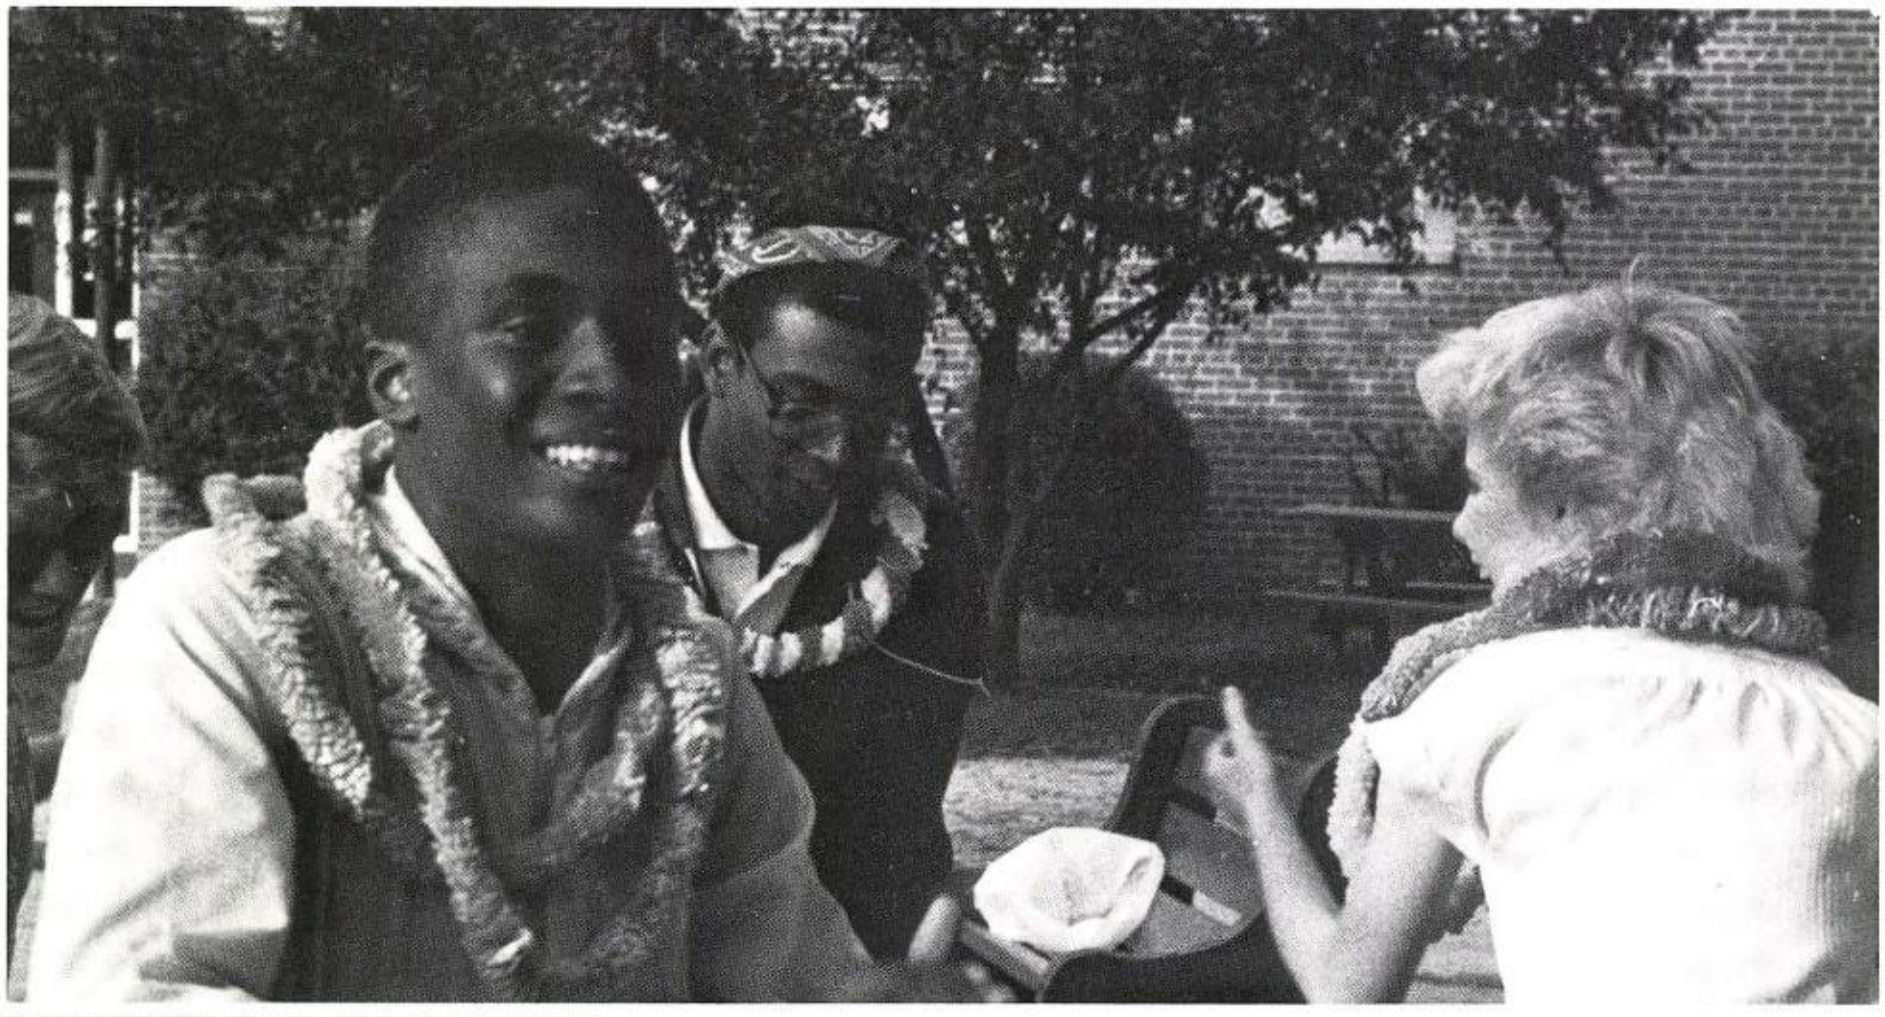


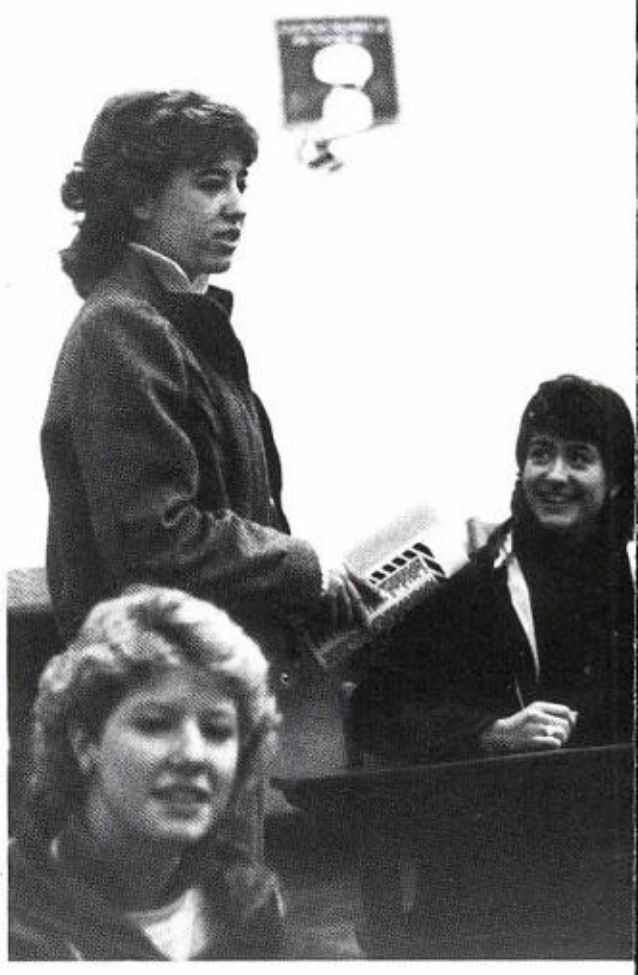
WHAT IT IS? Keith Wall and Scotty Arant jam to the sound of the pep rally.

Closing cont.

Daydreaming Junior Graham Lashley has his mind on everything except Physics.

Aloha! During the luau promoting school spirit. Stewart Harper, Steve McDonald and Karen Covington dance to music provided by Jay Floyd's stereo.

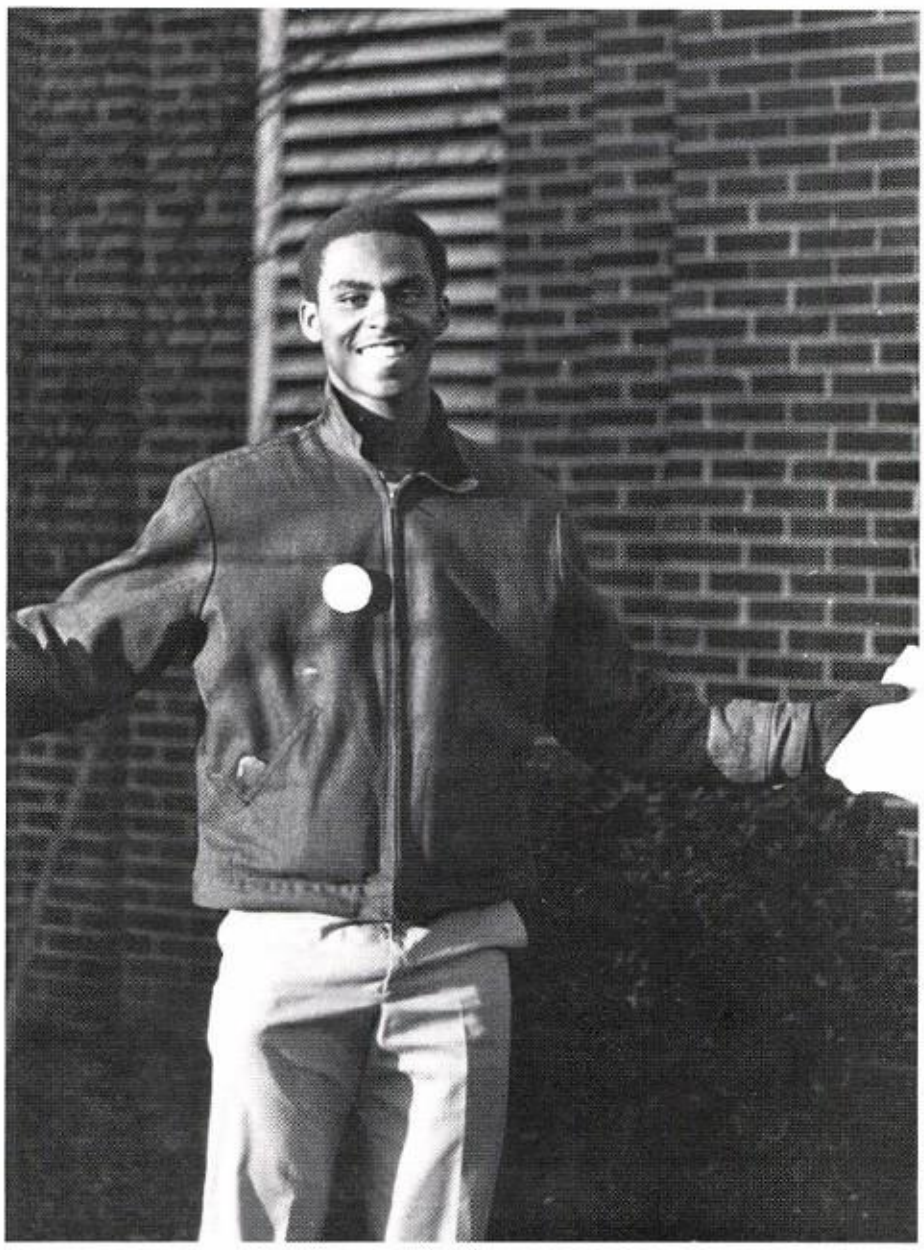




I think . . . Deidre Thomas defends her idea and Jenny Macon agrees with her at a Junior Homeroom president's meeting.

Scratch 2,3,4 Not even an itch can keep Clark Oates from singing with fellow Madrigal, Rob McDaniel.

Here I am! George Caesar demonstrates one of his famous "Joe Cool" poses for the camera.



Fire on up! Spirited GHS Student body members are ready for another exciting pep rally.

Waiting Patiently Alan Biller and Rick Binder watch the band prepare to play for the pep rally in the auditorium.

Just as this yearbook must close, so must the school year of '83-'84. But before it does, let us take one more look as a student body — one last review as Whirlies.

And so here it truly ends amid tears and congratulations and exams and the warmth of the coming summer days. An entire new frontier is opened for each student as the year closes; for seniors, the end of high school life and the beginning of a new experience; for juniors, the start of an 11 week waiting program before — "We are Seniors and we know we are mean"; and for sophomores, the anticipation of their first year as upperclassmen.

Then there are those to come; and forever the promise of the future.

SPECIAL THANKS

A yearbook is made possible only by the cooperation of many people — a sincere thanks to the following:

Dr. Bonny Baur, Dr. James Fuller, Mr. William Whites, Mr. Jules Crowell, and the faculty and staff of Grimsley, who worked and abided with us in our time of need and put up with our numerous inconveniences.

Mr. Dwight Leadbetter, for the countless times he came to our rescue as photographer from Delmar, and his wife Pam, our representative, without whose help this book and our dreams could not have been realized.

The greatest thanks goes to the staff who were a pleasure to work with; every minute was enjoyable because they were always full of enthusiasm and new ideas. Thanks for making the work so much easier even in the hardest of times. Thanks again.

Gretchen,

It has been great knowing you these past two years. I hope next year you advance high in rank because I personally think you deserve more than alot of other people. Hope to see you next year when I come home from the Army. Stay sweet and have a terrific summer.

Love.

Jak. Jewette

Gretchen,

It has been really nice knowing you this year. I hope to see you next year coming out for the drill team. I really think you are nice and stay that way. See you later Miss Dependable.

Darren Fuller

Have a Great Summer.

Gretchen,

Yea, we're out for the summer, but back again next year. I plan on having one hell of a summer and I hope you do too. But - do stay out of trouble, I hope I do. Give me a call & maybe we can do alittle hell raising & foot stompin' together. Scottie S. 8542161

Gretchen,

Ever since I've been here at Grimsley, I've met many new people. You happen to be one of the nicest of them all. Its been my pleasure to become one of your friends and I consider it a privilege to have you as a friend of mine. I hope we can see more of each other after this school year. By talking to you I would say that you are a person of great character, with a nice personality, very considerate, mature, good looks, well, I'll just say a well rounded person who has a lot going for yourself. In life I hope you will make the right decisions and stay on top. In health I hope you will keep that nice body of yours in great shape as it is now. In strength, I would like for you to let noone get you down, mistreat you, or hurt you because you deserve better things including happiness. So stay sweet and remember me, Tony B, I'm not a bird in a tree.

HAVE A NICE SUMMER and KEEP IN TOUCH 273-4500 Love ya -

Tony B '85

Gretchen,
We made it through another year at this "prison"! And next year we will be "SENIORS"! finally! I'm glad we have stayed friends for so long because you are really a trip to talk to. We will have to get together this summer and do some partying! So give me a call sometime: 852-3134

Love ya
Arlene

Gretchen,
All I can say is Thanks! you're a great gal! 299-7578

Love ya,
Cindy Shepherd

Gretchen,

It's ABOUT time we BECAME seniors. It better be worth the WAIT to or else I'm gonna get REALLY teed off. seriously though this has been a good year & I'm looking FORWARD to next YEAR. Maybe we'll have a class or two next YEAR - but then again why should we- I don't think we've ever had a class together. well have a GREAT SUMMER.
